## Enrollment of Students (Policy 200)

The district shall enroll eligible school age students in accordance with Board policy and applicable laws and regulations. The entitlement and requirements to secure enrollment shall apply equally to resident students residing with their parents/legal guardians; emancipated minors; nonresident students living with district residents who are supporting children gratis, including students residing in the district as the result of the military deployment of parents/guardians; children living with preadoptive parents who reside in the district; nonresident students living in facilities or institutions within the district; and nonresident students living in foster homes.

### Definitions

**School age** shall be defined as the period from the earliest admission age for the district's kindergarten program until graduation from high school or the end of the school term in which the student reaches the age of twenty-one (21) years, whichever occurs first.

**District of residence** shall be defined as the school district in which a student's parent/legal guardian resides.

An **emancipated minor** shall be defined as a student under the age of twenty-one (21) who has established a domicile apart from the continued control and support of a parent/guardian. Emancipation of a minor is a question of fact, which is not presumed, and is not solely dependent upon the employment status of the minor. The burden of establishing emancipation is on the student seeking emancipated status.

**Homeless students** may reside in shelters, hotels, motels, cars, tents or be temporarily doubled-up with a resident family because of a lack of housing. Homeless students lack a fixed, regular, and adequate nighttime residence. Included within the definition of **homeless students** are unaccompanied homeless youth.

**Unaccompanied homeless youth** shall be defined as any child who is not in the physical custody of a parent/guardian, including a student who has run away from home, been thrown out of a home, abandoned, or separated from a parent/guardian.

### Guidelines

#### School Age Requirements

**Kindergarten** –Children are eligible for admission to kindergarten if they have attained the age of five (5) years on or before September 1.

**First Grade** –Children are eligible for admission to the first grade if they have attained the age of six (6) years on or before September 1.

They shall be admitted to school during the first two (2) weeks of the annual school term, and thereafter at the district’s discretion, except (a) children who are six (6) years of age may begin school at any time during the school year; and (b) children who are six (6) years of age and have entered primary school in another public or private school and have transferred to a district public school may be admitted at any time during the school year.

### **Early Admission**

The Board may admit into the first grade a child who is five (5) years old and demonstrates readiness for entry by the first day of the school term, upon the written request of the parent/guardian, recommendation of the district psychologist, and approval of the Superintendent.

The Board is not required to admit into first grade any child whose age is less than the district's established admission age for first grade.

Special exceptions may also be made for students not meeting the age requirements for admission, who transfer from programs in other school districts, in accordance with administrative guidelines.

### **Special Education**

District residents who (a) are eligible for special education in accordance with Chapter 14 of the regulations of the State Board of Education, or any successor regulations thereto; (b) are under the age of twenty-one (21) and have a Graduation Equivalency Diploma (GED) and have not graduated from an accredited public or private high school program, shall remain eligible to receive free public education from the school district through the end of the school term of their twenty-first year.

### **Enrollment Requirements of Resident Students**

School age children shall be entitled to attend the schools of their district of residence.

The district shall normally enroll eligible school age students the next business day, but no later than five (5) business days after application.

The district shall not enroll a student until the parent/guardian has supplied:

- 1. Proof of child’s age**

Acceptable documentation includes: birth certificate, notarized copy of a birth certificate, baptismal certificate, copy of the record of baptism – notarized or duly certified and showing the date of birth, statement from the parents or another relative indicating the date of birth, a

valid passport, or a prior school record indicating the date of birth.

**2. Immunizations required by law**

Acceptable documentation includes: either the child's immunization record, a written statement from the former school district, or from a medical office that the required immunizations have been administered, or that a required series is in process, or verbal assurances from the former school district, or a medical office that the required immunizations have been completed, with records to follow.

**3. Proof of residency**

Acceptable documentation includes: a deed, a lease, current utility bill, current credit card bill, property tax bill, vehicle registration, driver's license, or DOT identification card. The district may require that more than one (1) form of residency confirmation be provided. In verifying residency, the district shall require only such information as is deemed reasonable in light of a family's circumstances.

**4. Parental Registration Statement**

A sworn statement or affirmation attesting to whether the student has been or presently is suspended or expelled for offenses involving drugs, alcohol, or weapons; willful infliction of injury to another person; or any act of violence committed on school property must be provided for a student to be admitted to any school entity.

However, the district shall not deny or delay a student's enrollment based upon information contained in the student's certified disciplinary record or Parental Registration Statement, but may provide alternative education services to students who have committed weapons offenses, in accordance with applicable law.

**5. Home Language Survey**

The district shall administer a home language survey to all students enrolling in the district's schools for the first time.

Upon enrollment, the district shall contact the student's former school and request a certified copy of the student's education and, if applicable, the student's discipline records. The district shall enroll eligible students within five (5) business days of application regardless of receipt of records from previous districts.

Documentation that will be requested from former districts may include: (a) picture identification; (b) health or physical examination records; (c) academic records; (d) attendance records; (e) Individualized Education Program; and (f) other special education records.

Items that will not be requested are: (a) social security number; (b) the reason for the child's placement if not living with natural parents; (c) child's or parent's visa; (d) agency records; or (except for the limited circumstances below) (e) a court order or records relating to a dependency proceeding.

**Homeless Students**

In the case of homeless students, traditional concepts of residence and domicile do not apply. The district shall immediately enroll identified homeless students, even if the student or parent/guardian is unable to produce the required documents, in accordance with Board policy and applicable law.

**Emancipated Minor**

Emancipated minors and unaccompanied homeless students may enroll without any additional assistance from a parent/guardian.

**Immigrant Students**

The district shall not inquire as to the immigration status of a student as part of the enrollment process. A child's right to be admitted to school may not be conditioned on the child's immigration status. Students are to be enrolled following the same guidelines above.

**Custody Agreements**

A student may only have one (1) school district of residence. If the parents of a child share joint custody and the child's time is evenly divided between the residences of each parent, the parents may select one (1) of the school districts and enroll the child in that district.

When the parents of a student reside in different school districts, the student may attend the school district of residence of the parent with whom the student lives for a majority of the time, unless a court order or court approved custody agreement specifies otherwise.[3]

If the individual enrolling the child is relying on a court order or custody agreement as the basis for enrolling the child, the district may require submission of the court order or custody agreement. The district shall not require submission of a custody order or agreement as a condition of enrollment under any other circumstance.

**Enrollment and Placement of Twins and Higher Order Multiple Siblings**

Twins or higher order multiple siblings shall be enrolled in the district in the same manner as all other students. Placement of twins or higher order multiple siblings in particular classrooms within the district shall be determined in accordance with applicable law.

**Preadoptive and Adoptive Students**

Students living with preadoptive parents who are receiving adoption assistance subsidies, preadoptive foster payments, Supplemental Security Income (SSI), or Transitional Assistance for Needy Families (TANF), are entitled to attend public school within the district. Students living in

preadoptive or adoptive situations are considered residents of the district and are entitled to all free school privileges accorded to resident students.

**Students of Military Personnel**

When residents are military personnel who are deployed and their children are living with relatives within the district, the students are entitled to attend school in the district. The students should be enrolled following the same guidelines as nonresident guardianship situations. See Students Living With Resident Adult Other Than Parent below for registration procedures.

**Students and Families with Limited English Proficiency**

Students and families with limited English proficiency will be provided translation and interpretation services to the extent needed to help the family understand the enrollment process and enroll the students properly.

**Address Confidentiality Program (ACP)**

Some families may enroll a student using an ACP card which lists a post office box as their address. This is their legal address and school districts shall not require additional information regarding their residence. School records from the student's former school will be forwarded through the ACP. If there are questions about the family's eligibility for enrollment, contact the ACP at 1-800-563-6399.

**Enrollment Requirements of Nonresident Students**

The Board shall require that appropriate legal documentation showing dependency or guardianship or a sworn statement of full residential support be filed with the Superintendent's designee before an eligible nonresident student may be accepted as a student in the district. The Board may require a resident to submit additional, reasonable information to substantiate a sworn statement, in accordance with guidelines issued by the Department of Education.

The Board reserves the right to verify claims of residency, dependency and guardianship, and to remove from school attendance a nonresident student whose claim is invalid.

If information contained in the sworn statement of residential support is found to be false, the student shall be removed from school after notice is given of an opportunity to appeal the student's removal, in accordance with Board policy.

The Board shall not be responsible for the transportation to or from school of any student residing outside of school district boundaries.

Tuition rates shall be determined in accordance with statute, if applicable.

**Students Living With Resident Adult Other Than Parent**

When a student is living with a district resident, who is supporting the child without personal

compensation (gratis), the child may attend the district's public schools of that resident.

Before enrolling a new student who lives with a relative or friend of the family, the building principal or his/her designee shall refer the relative/other adult to the Assistant Superintendent. The Assistant Superintendent or his/her designee shall discuss the status of the unofficial guardianship with that person. If the Assistant Superintendent or his/her designee believes that the official/unofficial guardianship establishes the child's legal domicile in the district, s/he will ask the person to follow the requirements of this policy and complete and sign the necessary forms/affidavits. The person shall present the completed documentation to the Assistant Superintendent or his/her designee for review and approval before the student may be enrolled. Once the documentation is provided, the district will enroll the child and permit him/her to begin to attend school without delay, but in no case more than five (5) days.

A resident's receipt of Supplemental Security Income (SSI), Transitional Assistance for Needy Families (TANF), preadoptive or adoptive support, maintenance on public or private health insurance, support from the United States military or military personnel or child support payments shall not be deemed to be personal compensation or gain.

### **Students Placed in Resident's Home/Foster Care**

Any child placed in the home of a district resident by a court or government agency shall be admitted to district schools and shall receive the same benefits and be subject to the same responsibilities as resident students.

In addition, this includes students in foster care or awaiting foster care placement; although, the district will contact the Department of Children, Youth & Families for a Best Interest Determination (BID) meeting.

### **Students as Residents of Institutions**

A child who is living in or assigned to a facility or institution for the care or training of children located within this district is not a legal resident of the district by such placement; but s/he shall be admitted to district schools, and a charge shall be made for tuition in accordance with statute.

### **Students Incarcerated in Adult Facilities**

A juvenile who is eligible for educational services and is confined to an adult local correctional institution following conviction for a criminal offense shall receive educational services from the school district in the same manner and extent as an expelled student.

A juvenile who is eligible for educational services and is confined to an adult local correctional institution following a charge for a criminal offense shall receive educational services from the school district in the same manner and extent as a student placed in an alternative education program for disruptive students.

Students returning from a delinquency placement are entitled to an informal hearing prior to being placed in an alternative education program. The purpose of the hearing is to determine whether the student is currently fit to return to the regular classroom or meets the definition of a disruptive student.

**Future Residents**

All nonresident students entering school in September who will become residents by November 1 of the same school year shall be admitted tuition free for the months of September and October. In the event such students do not become residents until after November 1, the Superintendent shall waive tuition payments for the month during which the student becomes a resident of the area.

Parents of students who claim admission on the basis of future residency shall be required to demonstrate proof of the anticipated residency.

The Board reserves the right to verify such claims and to remove from school a nonresident student whose claim is invalid.

**Former Residents**

All resident students who cease to live within the boundaries of the district after April 1 shall be allowed to finish the school year at no tuition charge.

All resident students who cease to live within the boundaries of the district before April 1 may be allowed to finish the school year at no tuition charge, upon approval of the Superintendent or designee.

Any member of the senior class who ceases to be a resident before April 1 may be permitted to complete his/her senior year, tuition free, upon approval of the Superintendent or designee.

**Delegation of Responsibility**

The Superintendent or designee shall annually notify students, parents/guardians, and staff about the district's policy on student enrollment and admissions by publishing such policy in the student handbook, parent newsletters, district website, and other efficient methods.

## **Student Rights & Responsibilities**

In connection with rights are responsibilities that must be assumed by students.

### **Student Expression/Dissemination of Materials (Policy 220)**

The right of public school students to freedom of speech is guaranteed by the Constitution of the United States and the constitution of the Commonwealth. The Board respects the right of students to express themselves in word or symbol, and to disseminate nonschool materials to others as a part of that expression. The Board also recognizes that the exercise of that right is not unlimited and must be balanced with the district's responsibility to maintain a safe and orderly school environment and to protect the rights of all members of the school community.

This policy addresses student expression in general as well as of expressive materials that are not part of district-sponsored activities (nonschool materials).

This policy does not apply to materials sought to be disseminated as part of the curricular, athletic or extracurricular programs of the district, which shall be regulated separately as part of the school district's educational program. Materials sought to be disseminated by non-students are regulated by other Board policy.

## Definitions

For the purposes of this policy, **dissemination** shall mean students distributing or publicly displaying nonschool materials to others:

1. On school property, on school district provided transportation or during school-sponsored activities by placing such materials upon desks, tables, on or in lockers, walls, doors, bulletin boards, or easels; by handing out such materials to other persons; or by any other manner of delivery to others; or
2. At any time or location when creating or sending information using email, websites, online platforms, social media or other means that are owned, provided or sponsored by the school district.

**Expression** means verbal, written or symbolic representation or communication.

**Nonschool materials** means any printed, technological or written materials, regardless of form, source or authorship, that are not prepared as part of the curricular or approved, athletic, or extracurricular programs of the district. This includes, but is not limited to, fliers, invitations, announcements, pamphlets, posters, online discussion areas and digital bulletin boards, personal websites, and the like.

## Limitations on Student Expression

Students have the right to express themselves unless such expression is likely to or does materially and substantially disrupt or interfere with the educational process, including school activities, school work, discipline, safety and order on school property, district-provided transportation, or at school functions; threatens serious harm to the school or community; encourages unlawful activity; or interferes with another's rights. Student expression is prohibited to the extent that it:

1. Violates federal, state or local laws, Board policy, administrative regulations/guidelines or district rules or procedures;
2. Is defamatory, obscene, lewd, vulgar or profane;
3. Advocates the use or advertises availability of any substance or material that may reasonably be believed to constitute a direct and serious danger to the health or welfare of students, such

as tobacco/nicotine/vaping products, alcohol or illegal drugs;

4. Incites violence, advocates use of force or threatens serious harm to the school or community;
5. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property, on district-provided transportation or at school functions;
6. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs; or
7. Violates written district procedures on time, place and manner for dissemination of otherwise protected expression.

Student expression that occurs on school property, on district provided transportation or at school-sponsored events, or occurs at any time or place when created or communicated using district-provided equipment, email, websites or other technological resources, is subject to this policy. The limitations, prohibitions and requirements of this policy shall apply to expression that occurs outside the foregoing circumstances only when and to the extent that the out-of-school expression:

1. Incites violence, advocates use of force or otherwise threatens serious harm directed at students, staff or the school environment;
2. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property, on district provided transportation or at school functions; or
3. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs.

### **Dissemination of Nonschool Materials**

The Board requires that dissemination of nonschool materials shall occur only at the places and during the times set forth in written procedures. Such procedures shall be written to permit the safe and orderly operation of schools, while recognizing the rights of students to engage in protected expression.[1][3]

The Board requires that students who wish to disseminate nonschool materials on school property shall obtain approval by submitting them at least two (2) school days in advance to the building principal or designee, who shall forward a copy to the Superintendent.

If the nonschool materials include matters prohibited this policy, the building principal or designee shall promptly notify the students of the nature of the violation and that they may not disseminate the materials until the violation is corrected and the materials are resubmitted for approval. If notice of disapproval is not given during the period between submission and the time for the planned dissemination students may consider the request approved and proceed with dissemination as requested, subject to all other established procedures and requirements relating to time, place and

manner of dissemination. Students may nonetheless be directed to cease or suspend dissemination if it is later determined that the materials or the dissemination of them are in violation of this policy or implementing rules and procedures.

Students who disseminate printed non-school materials shall be responsible for clearing any litter that results from their activity and shall schedule the event so that they do not miss instructional time themselves.

Printed non-school materials displayed in a fixed location of a school building shall bear the date when placed in each location. The district may remove the materials within ten (10) days of the posting or other reasonable time as stated in applicable procedures.

Review of Student Expression Review of nonschool materials proposed for dissemination shall be conducted promptly so as to avoid unreasonable delay in dissemination.

School officials shall not censor or restrict nonschool materials or other student expression for the sole reason that it is critical of the school or its administration, or because the views espoused are unpopular or may make people uncomfortable.

Student-initiated religious expression is permissible, and apart from regarding time, place and manner, shall not be restricted unless the expression violates some other aspect of this policy, e.g., because it is independently determined to be in violation of this policy for reasons other than the religious nature of the content.

Appeal of the reviewer's decision may be made to the Superintendent and then to the Board, in accordance with Board policy and district procedures.

### **Delegation of Responsibility**

The Superintendent shall assist the building principal in determining the designation of the places and times nonschool materials may be disseminated in each school building. Such designations may take into account, maintenance of the flow of student traffic throughout the school and shall limit dissemination of nonschool materials to noninstructional times.

When student dissemination of nonschool materials or other student expression violates this policy, the building principal may determine what if any disciplinary or other consequences should be imposed. Disciplinary actions shall be in accordance with applicable Board policy and the Code of Student Conduct.

This Board policy and any procedures written to implement this policy shall be referenced in student handbooks so that students can access them for further information.

By adopting this policy, the Board does not intend to create an open public forum, as defined by law. The provisions of this policy and its administrative guidelines/regulations specifically prohibit such creation.

Permission to disseminate materials does not signify endorsement by the district. All materials shall contain a disclaimer.

### **Student Expression/Dissemination of Materials (220AG1)**

These procedures address the dissemination by students of nonschool materials that are not part of the curricular, athletic or extracurricular program of the district. Materials sought to be disseminated as part of the curricular, athletic or extracurricular program of the district will be regulated as part of the district's educational program and are not subject to the time, place and manner provisions set forth herein.

Students may disseminate nonschool materials, provided that the form of expression and/or the use of public school facilities and equipment is/are in accordance with Board Policy 220 (Student Expression/Dissemination of Materials), the Code of Student Conduct, these procedures and the school dress code, if applicable. It is the responsibility of students intending to disseminate nonschool materials to become familiar with the provisions of Board Policy 220 and pertinent provisions of the Code of Student Conduct.

The district has no responsibility to assist students in or to provide facilities for the dissemination of nonschool materials.

#### **Dissemination of Nonschool Materials**

In conjunction with the procedures set forth in Policy 220, the dissemination by students of all nonschool materials will be governed by the following procedures:

1. All nonschool materials, together with a copy of the plan of dissemination, must be submitted to the building principal by 9 AM no later than two (2) school days prior to the requested dissemination. The building principal will forward such information to the Superintendent or designee for approval. The plan will set forth in detail the desired time, place and manner of dissemination, as well as the individuals involved.
2. Identification of the individual student or at least one (1) responsible person in a student group will be required upon submission for approval. The person wishing to disseminate such material must provide in writing their name, address, telephone number and organization, if any. This information will be filed in the building principal's office.
3. The Superintendent or designee will review the material, determine if it constitutes expression

that is prohibited by Board policy, and inform the building principal or designee of the decision. The building principal or designee will notify the student(s) planning to disseminate nonschool materials of the decision to grant or deny permission. If the decision is to not permit the dissemination, the building principal or designee will specify the reasons for the decision as well as the changes in the content of the material or in the plan of dissemination which must be made, if any, in order to secure such permission. If the student(s) desiring to disseminate such material make(s) such changes in a manner satisfactory to the Superintendent or designee prior to the planned dissemination, the building principal or designee may then grant permission to disseminate.

*Time* - When permission has been granted, students may disseminate approved nonschool materials only at the following times 30 minutes before the official start of school; during regularly scheduled lunch periods; 15 minutes after the official end of school; and at school-sponsored activities.

*Place* - Dissemination of approved nonschool materials on school property will be permitted only in locations that allow for the normal flow of traffic within the school and its exterior doors, including on sidewalks located on school property paralleling school driveways. Building entrance walkways and building lobbies will not be utilized for such dissemination.

Dissemination of approved nonschool materials will be permitted in the locations designated by the building principal for the school. No school building is required to provide a designated areas for display of non-school materials.

Nonschool materials may not be disseminated during any regularly scheduled class unless specifically authorized by the Superintendent or designee.

*Manner* - Materials approved to be disseminated shall be required to display the appropriate district disclaimer, as directed by the building principal or designee.

All nonschool materials must bear the district disclaimer.

**DISCLAIMER: THE WEST CHESTER AREA SCHOOL DISTRICT IS NOT RESPONSIBLE FOR, AND DOES NOT ENDORSE, ANY STATEMENT, SENTIMENT OR OPINION PUBLISHED OR EXPRESSED IN THIS DOCUMENT. THIS DOCUMENT IS NOT PART OF, AND HAS NOT BEEN DISTRIBUTED AS PART OF, THE DISTRICT'S CURRICULAR, ATHLETIC OR EXTRACURRICULAR PROGRAMS.**

All approved nonschool materials displayed in a fixed location shall be officially dated and the district shall remove the materials within ten (10) school days.

Any student who disseminates materials will be responsible for cleaning any resulting litter including any discarded pamphlets, fliers or other documents.

No student will harass or otherwise interfere with the dissemination of approved nonschool materials by student(s), nor may a student in any way compel or coerce a student to accept any materials.

### Disciplinary Consequences

Any student who violates any provision of Board Policy 220 or these procedures will be subject to disciplinary action, in accordance with Board policy and the Code of Student Conduct, which may in appropriate cases include suspension and/or expulsion from school.

### Student Integrity (Policy 218.3)

The district supports students' learning and academic achievement by encouraging them to produce academic work that is their own best effort, done with integrity, and displaying the best academic ethical behavior. Academic dishonesty and plagiarism are unacceptable and those engaged in such acts will face disciplinary consequences.

Violations of this policy shall subject students to disciplinary action as outlined herein. This policy covers all school-related tests, quizzes, and in and out of class assignments and projects.

**Academic dishonesty** is defined as the act of cheating or participating in an act of unacceptable behavior in relation to academic expectations, class assignments, curriculum assessments or any material that contributes to a course grade. **Academic dishonesty** includes, but is not limited to, a student copying an assignment or test and submitting it as his/her own; allowing someone to copy an assignment or test and submit it as his/ her own; unauthorized use of or communicating with notes, calculators, computers, textbooks, cell or smart phones, or any other electronic device during an exam or assignment; telling other students what is on a test or quiz or providing specific questions or answers; submitting the same work in two (2) or more courses without permission from the teachers; working with others on a project that was assigned individually; or securing answers in any other dishonest manner.

**Plagiarism** is defined as intentionally or unintentionally stealing and using the idea, structure, language, context or writings of another as one's own without crediting the original author through parenthetical documentation, footnotes or bibliography.

When academic dishonesty or plagiarism takes place at the elementary school level, it shall be addressed by the classroom teacher on an individual basis.

When academic dishonesty or plagiarism takes place at the secondary levels, it shall be reported by the teacher to the building principal.

## **Secondary Action Schedule for Plagiarism and Academic Dishonesty**

**1st Offense** - Zero on the assignment/project/test, and parent/guardian notification

**2nd Offense** - Zero on the assignment/project/test, parent/guardian notification, and Saturday School. The offense shall be categorized as a Level II offense under 218AG1.

The building principal may, if s/he considers an act of plagiarism or academic dishonesty sufficiently severe or disruptive to the school environment or a threat to the health, safety or welfare of others, treat any offense as a Level III offense, resulting in a zero on the assignment/project/test and discipline for Level III offenses as set forth in the secondary administrative action schedule in Policy 218AG1.

If a student is found to have committed academic dishonesty or plagiarism, the National Honor Society advisor will be notified.

## **Student Discipline (Policy 218)**

The Board recognizes that student conduct is closely related to learning. An effective educational program requires a safe and orderly school environment.

The Board shall establish fair, reasonable and nondiscriminatory rules and regulations regarding the conduct of all students in the district.

The Board shall adopt a Code of Student Conduct/Disciplinary Action Schedule to govern student discipline, and students shall not be subject to disciplinary action because of race, age, sex, color, religion, creed, sexual orientation, gender identity, national origin, ancestry, marital status, pregnancy or handicap/disability. Each student must adhere to Board policies, administrative guidelines/regulations and the Code of Student Conduct/Disciplinary Action Schedule governing student discipline.

The Board prohibits the use of corporal punishment by district staff to discipline students for violations of Board policies, the Code of Student Conduct/Disciplinary Action Schedule and district rules and administrative guidelines/regulations.

Any student disciplined by a district employee shall have the right to be informed of the nature of the infraction and the applicable rule or rules violated.

When suspensions and expulsions are imposed, they shall be carried out in accordance with Board policy.

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement, and Board policies and administrative guidelines/regulations.

### **On and Off-Campus Activities**

This policy and the Code of Student Conduct/Disciplinary Action Schedule apply to the behavior of students at all times during the time they are under the supervision of the school, which specifically includes while under the supervision of the district as part of a cyber program or other virtual program, or at any time while on school property, while present at school-sponsored activities, and while traveling to or from school and school-sponsored activities or at other times while riding in school-provided means of transportation (“on-campus”).

This policy and the Code of Student Conduct also apply to student behavior that occurs at other times and places (“off-campus”) when:

1. The conduct involves, threatens or makes more likely violence, use of force or other serious harm directed at students, staff or the school environment;
2. The conduct materially and substantially disrupts or interferes with the school environment or the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions;
3. The conduct interferes with or threatens to interfere with the rights of students or school staff or the safe and orderly operation of the schools and their programs;
4. The conduct involves the theft or vandalism of school property; or
5. The proximity, timing or motive for the conduct in question or other factors pertaining to the conduct otherwise establish a direct connection to attendance at school, to the school community, or to a school-sponsored activity. This would include, for example, but not be limited to, conduct that would violate the Code of Student Conduct if it occurred in school that is committed in furtherance of a plan made or agreed to in school, or acts of vandalism

directed at the property of school staff because of their status as school staff.

### **Delegation of Responsibility**

The Superintendent or designee shall ensure that reasonable and necessary rules and regulations are developed to implement Board policy governing student conduct.

The Superintendent or designee shall publish and distribute to all staff, students and parents/guardians the rules and regulations for student behavior contained in the Code of Student Conduct/Disciplinary Action Schedule, the sanctions that may be imposed for violations of those rules, and a listing of students' rights and responsibilities. A copy of the Code of Student Conduct/Disciplinary Action Schedule shall be available in each school library and school office, and may be included in student handbooks and on the district website.

The building principal shall have the authority to assign discipline to students, subject to Board policies, administrative regulations/guidelines, the Code of Student Conduct/Disciplinary Action Schedule and school rules and to the student's due process right to notice, hearing, and appeal, when such due process rights exist.

Teaching staff and other district employees responsible for students shall have the authority to take reasonable actions, including the assignment of disciplinary action, necessary to control the conduct of students in all situations and in all places where students are within the jurisdiction of this Board, and when such conduct interferes with the educational program of the schools or threatens the health and safety of others, in accordance with Board policy, administrative regulations/guidelines, the Code of Student Conduct/Disciplinary Action Schedule and school rules.

Reasonable force may be used by teachers and school authorities under any of the following circumstances: to quell a disturbance, obtain possession of weapons or other dangerous objects, for the purpose of self-defense, and for the protection of persons or property.

### **Referral to Law Enforcement and Reporting Requirements**

For reporting purposes, the term incident shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco; or conduct that constitutes an offense listed under the Safe Schools Act.

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed by students on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and

regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies and administrative guidelines/regulations.

The Superintendent or designee shall notify the parent/guardian of any student directly involved in an incident as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.

In accordance with state law, the Superintendent shall annually, by July 31, report all new incidents to the Office for Safe Schools on the required form.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy and administrative guidelines/regulations.

The Superintendent shall report to the Board the methods of discipline imposed by administrators, and incidences of student misconduct, in the degree of specificity required by the Board.

## **Code of Student Conduct/Discipline Action Schedule (218AG1)**

### **Student Discipline Respecting Members of the School Community**

The fundamental premise of Board policy and guidelines related to student discipline is that students will show tolerance to all members of the school community. The Board shall adopt a Code of Student Conduct/Disciplinary Action Schedule to govern student discipline, and students shall not be subject to disciplinary action because of race, age, sex, color, religion, creed, sexual orientation, gender identity, national origin, ancestry, marital status, pregnancy, or handicap/disability. Each student must adhere to Board policies and the Code of Student Conduct/Disciplinary Action Schedule governing student discipline.

The West Chester Area School Board has the authority to make reasonable and necessary rules governing the conduct of students in school. Provided by Section 1317 of the School Code of the Commonwealth of Pennsylvania: Authority of Teachers, Vice Principals and Principals over Pupils; every teacher, vice principal and principal in the public schools shall have the right to exercise the same authority as to conduct and behavior over the pupils as their parents, guardians or person in parental relation with the student when: (a) attending school in person, including technical college high schools, or remotely through a cyber program or other virtual programs; (b) during the time they

are going to and from their homes to school or technical college high schools; and (c) when attending school sponsored events and activities either as a participant or spectator.

- The teachers have the responsibility to maintain a suitable environment for learning, and the administrators have the responsibility for maintaining and facilitating the educational programs.
- The principal is authorized by statute to suspend students for cause.
- Rules and regulations shall be published and reviewed with students at the opening of each school year and shall be posted in prominent locations throughout each school as well as online. Copies shall be available in each school library and also to students and parents/guardians upon request.
- The principal shall be responsible for informing both parents/guardians and students of school rules and regulations at the opening of the school year.
- The teacher has the authority to send a student from a class to an appropriate school official for cause.
- Teachers and school administrators shall administer discipline within federal and state statutes, regulations and guidance, and other specific policies relating to student behavior and discipline as adopted by the Board.

In order that infractions of the rules established for student conduct may be treated equitably and consistently, the Board has approved a Disciplinary Action Schedule for the District's schools.

The intent of this schedule is to provide students with a definition of the limits of acceptable behavior, and to equip teachers and school administrators for their disciplinary responsibilities. The schedule shall be interpreted by the principals and their designees in a manner which they deem just, given the circumstances of the individual case. Additionally, students must understand that administrators shall have the authority to enforce other reasonable disciplinary action which they find warranted by situations not covered.

The provisions of this policy apply to all district schools, programs and platforms, unless specifically noted herein.

## Why Discipline?

Discipline should, as a minimum, have three (3) objectives in mind:

- PRESERVE the optimum environment in which to deliver instructional services.
- RESPOND to disruptive influences with corrective measures in a firm and consistent manner while attempting to correct deviant behavior and keep disrupters in school.
- REMOVE, as a last resort, the disrupters from the educational environment so that the majority may pursue their educational goals.

As present law now stands, it is the responsibility of the Board to continue with the education of the student until age eighteen (18), whether in the formal educational setting or in a setting outside that

environment.

## **Elementary Student Expectations**

### **Elementary Code of Conduct**

- Students will respect everyone's right to learn.
- Students will choose ways to resolve conflict without fighting.
- Students will accept others for who they are and respect differences.
- Students will show proper respect for:
  - Themselves.
  - Other Students.
  - Adults.
  - School property.
  - Personal property.

### **Student Job Description**

My education is important. To the best of my ability, I will:

- Be a good citizen of school.
- Arrive at school on time every day.
- Complete my homework and be prepared every day.
- Be a cooperative learner.
- Ask for help when I need it.
- Help others when possible.
- Demonstrate a positive attitude.
- Follow school and classroom rules.

Students have the responsibility to conduct themselves according to the Code listed above and to meet their responsibilities by following the Student Job Description. Students who fail to do so will be subject to follow the schedule of disciplinary action.

## **Administrative Action Elementary and Secondary (Policy 218, 218AG1)**

At times during the school year, student misbehavior will necessitate action on the part of the Board. At this point, the school administration will have exhausted all approaches in attempting to correct the student's misbehavior. The administration may have, at various times, worked with the resources and shall keep records and documentation as evidence of other efforts. The resources shall include among others:

- Parents/guardians.
- Teachers.
- Guidance counselor.

- Social worker/counselor.
- Community resource personnel.
- Social agencies.
- Psychologist.

The breach of discipline within the schools will probably fall into two (2) major classes of offense:

1. Violation of the rules of conduct of the school (see Level I, II and III).
2. Violation of rules of conduct of the school because they are a violation of the law (a crime has been committed) (see certain Level III offenses).

This second category of infractions calls for dual corrective action of a school administered response as well as a community administered response. The school action would be considered a Level III infraction. In addition, the appropriate law enforcement agency would be brought into the matter and it may take action in addition to the penalties set forth herein.

### School Offenses (218AG1)

Any student subjected to disciplinary action which involves his/her removal from the normal classroom environment is still to demonstrate mastery of all subject matter for advancement to the next grade level. It is the responsibility of the student subjected to such disciplinary action to ensure that s/he remains current with course subject matter and that s/he arranges with the administration for the taking of any examinations missed due to absence from school. Parents/guardians of said student shall be notified immediately by phone, if possible, and in writing when a student has been suspended internally or externally from class.

Possession, distribution or use of alcoholic beverages or drugs will result in the application of Board Policy 227.

A student who is on suspension shall not participate in, or attend any extracurricular school activity during the period of suspension or Saturday School. This will be in effect immediately upon notification of the suspension. Suspension shall be in effect until the start of the first school-day that the student is eligible to return to school. A student who is participating in an extracurricular activity must be in school in order to participate. Further, a student will be subject to the terms of the Extracurricular Code of Conduct.

The Board shall not provide transportation to religious instruction. A penalty shall not be attached to an absence for religious instruction.

The Board shall permit a student to be excused for participation in a project sponsored by a statewide or countywide 4-H, FFA or combined 4-H and FFA group upon written request prior to the event.

### **Attendance Guidelines (204AG1)**

Parents/Guardians shall provide a written explanation for the absences of a student. These shall be required in advance for types of absence where advance notice is possible.

Excuse forms, shall be completed and turned in by the student, within three (3) days, after his/her return from an absence. The absence of any student failing to comply with this time period, will automatically become unlawful and relevant school laws shall be applied.

### **Elementary & Middle School Guidelines**

1. The parents/guardians of all students who miss ten (10) days shall be notified in writing of the student's absence record.
2. A parent/guardian conference may be requested by the administration when a student has missed a total of fifteen (15) days or more.

### **High School Administrative Procedure**

1. Whenever a student misses ten (10) days (5 for a semester course) of cumulative absence or has been habitually late to school and has missed the same class ten (10) (five for a semester class) times, the student's counselor and grade level administrator shall meet with the student and review the attendance record. As a result of the meeting, the parent/guardian shall be notified in writing of the student's absence record. Parents/guardians may be notified that all absences beyond the tenth (10) absence will require a note from a licensed practitioner of the healing arts.
2. An Attendance Review Team (ART), consisting of the grade level administrator, counselor and other staff deemed necessary by the administrator, may review the student's absence record when a student has missed a total of ten (10) days (5 for a semester course) of cumulative absence or has been habitually late to school and has missed the same class ten (10) times. The team may hold a parent/guardian conference with the student to discuss the absence record. The administrator shall make the request for the conference in writing if the parent/guardian does not respond to a phone call.
3. The team shall continue to monitor the student's absence record. When the student has missed

a total of fifteen (15) days (8 for a semester course) of cumulative absence or has been habitually late to school or has missed the same class fifteen (15) times, the team shall review the record again and notify the parent/guardian in writing of the record and possible consequences.

4. When a student has missed a total of twenty (20) days (10 for a semester course) of cumulative absence or has been habitually late to school or has missed the same class twenty (20) times (10 for a semester course), the ART may reconvene to review the student's absence record. The team shall determine if a RECOMMENDATION FOR NO COURSE CREDIT will be made to the principal.
5. The principal shall review the recommendation by the team and make a final determination for NO COURSE CREDIT. If the principal supports the recommendation, the parent/guardian shall be notified in writing of the consequence. The decision of the principal shall be final.

### Early Dismissals (not applicable to cyber programs)

No student may be released on the basis of an unvalidated telephone call or email address.

Children of estranged parents/guardians may be released only upon the request of the parent who has actual or de facto custody. If there is a dispute concerning which parent has actual or de facto custody, the designated administrator should be contacted; but if s/he is unavailable, then the district's solicitor may be contacted.

### Absences

Absences will generally be recognized as cumulative or noncumulative. **Cumulative absences** refer to days that contribute to the allotted number of days a student may be absent. **Noncumulative absences** are absences that do not contribute to the specified days students may be absent.

#### Cumulative Absences

**Excused Absences** - Those absences where any licensed practitioner of the healing arts or upon any other satisfactory evidence furnished, shows that a student is unable to attend school and/or classes, or is prevented from study because of illness or other urgent reasons including but not limited to the following:

1. A maximum of ten (10) days absence for students verified by a parent note. All absences beyond the tenth day of absence will require a note from a licensed practitioner of the healing arts.
2. Family vacation, pre-approved by the principal, at his/ her sole discretion while school is in session, up to a maximum of five (5) days per school year. The following will be taken into

consideration by the principal in granting permission for the trip:

- a. The student's academic standing
  - b. The student's attendance record
  - c. The effect the absence will have on the student's educational welfare
  - d. The exceptionality of the request
3. In lieu of family vacation days, parents/guardians may use the five (5) designated days as parent notes for illness or other urgent reasons previously listed. No more than fifteen (15) total days may be excused via a parental note.

**Unlawful Absences** - Any absence which does not meet the definition of an excused absence including, but not limited to the following:

1. Any day for which a written excuse is not submitted within three (3) school days of a student's return from an absence, including notes from a licensed practitioner of the healing arts.

3. Truancy - frequent or prolonged absence without satisfactory reason, or willful violation of the compulsory attendance laws, which are subject to the penalties provided for in the school laws of Pennsylvania.
4. Class cut.
5. Unlawful tardies and/or early dismissals. A tardy is defined as a minimum of one minute of lateness to school. An early dismissal is considered leaving prior to the end of the student day more than 60 minutes early. Eight (8) tardies to school and/or early dismissals will be considered one (1) unlawful absence in grades K-8. Unlawful tardies and cutting class in grades 9-12 will be handed under discipline as a Level 1 offense.
6. Any absence due to a family vacation while school is in session after the fifth (5th) of the five (5) day maximum per school year.

The organization or unit must provide the student with a signed excuse detailing the date, location and time of the event or funeral. The student must furnish the excuse to the school district prior to being excused.

### **Additional Guidelines**

1. **Up to 15 days of consecutive absences:** Parents can use 5 vacation days and 10 parent notes. Notes from a licensed practitioner of the healing arts will be required for all future absences or they will be considered unlawful for students of compulsory age and unexcused for students over the age of 18. If a student does not return on the 16th day, the district will follow the compulsory attendance guidelines. Unless the district has been provided with evidence that the absence may be legally excused or the district is pursuing compulsory attendance prosecution, the student will be dropped from the district's active attendance roll after 10 days of absence. If the student is in the US, the absence will be coded as withdrawn-dropped. If the student is out of the country, the absence will be coded as withdrawn-moved. If the student returns, the parent will need to reenroll the student. Removal from the district's active attendance roll does not remove the parent/guardian's compulsory attendance obligations for the student and the district may pursue citations and/or referral to Children, Youth & Families.
2. **Short-Term Withdraw:** This encompasses absences that are between 16-45 day duration or one marking period. The principal will work with the respective Director and Assistant Superintendent to develop a reentry plan. No plan can be implemented without prior approval from the Assistant Superintendent. Unless the district has been provided with evidence that the absence may be legally excused or the district is pursuing compulsory attendance prosecution, the student will be dropped from the district's active attendance roll. If the student is in the US, the absence will be coded as withdrawn-dropped. If the student is out of the country, the absence will be coded as withdrawn-moved. If the student returns, the parent will need to reenroll the student. No other absence codes are used in this type of absence. Removal from the district's active attendance roll does not remove the parent/guardian's compulsory attendance obligations for the student and the district may pursue citations and/or referral to Children, Youth & Families. Families with special circumstances should contact the district regarding their circumstances.
3. **A single absence more than 5 consecutive days in length:** A licensed practitioner of the healing arts note is required by the 6th day of absence, even if parent notes have not been exhausted.
4. **15 or more days of absences, excused by a licensed practitioner of the healing arts:** The school nurse will call the licensed practitioner of the healing arts to seek more information regarding the absences to insure that the appropriate supports can be put in place for the students.

5. **Notifications/Student Attendance Improvement Plan (SAIP):** Parents/guardians will be contacted via mail and/or phone call regarding their child's fourth unlawful absence with a request to complete a Student Attendance Improvement Plan (SAIP). The SAIP conference can include the student, family, school team, and outside supports. At the sixth unlawful absence a referral to Children, Youth and Families or an attendance improvement program will be completed and citations can be issued to a District Magistrate.
6. **A [College Visit Permission/Verification form \(204AG2\)](#)** must be completed and is required for each college visit. The student must submit the form to the building principal or designee in advance of the college visit for approval. The building principal or designee may approve the college visit in his or her sole discretion. If approved, the form must be signed by a representative of the college and then submitted to the attendance secretary within 3 days of returning from the visit. If the form is not preapproved by the building principal or designee, signed by a representative of the college or isn't timely submitted, it will be considered an unlawful absence.
7. **Charter Schools:** Where the district is required by law to prosecute a habitually truant charter school student upon notification by the charter school, the district shall utilize the charter school's attendance policy to determine unlawful absences.
8. **WC Cyber Program:** Refer to 204AG3 for Attendance Guidelines.
9. **Excuse notes via email** from a registered email address in PowerSchool will be accepted without an original signature.

### **Attendance Guidelines – WC Cyber Program (204AG3)**

Students are expected to be in attendance daily. For students in grades 6-12, attendance is taken through two measures: daily homeroom check-in via Schoology and completion of some work in all assigned courses within a week.

Parents/Guardians shall provide a written explanation for the absences of a student. These shall be required in advance for types of absence where advance notice is possible.

Excuse forms shall be completed and turned in by the student within three (3) days after return from an absence. The absence of any student failing to comply with this time period will automatically become unlawful and the relevant school laws shall be applied.

See 204AG3 - Attendance Guidelines - WC Cyber Program for more details.

## **Truancy**

Frequent or prolonged absence, without satisfactory reason, or willful violation of the compulsory attendance laws, shall be handled in conformity with the procedures applicable under federal, state and local law, as well as any applicable Board Policy.

## Use of Personal and District Technology Devices ([Policy 237](#))

These include, but are not limited to, such devices as:

1. handheld, tablet, and laptop computers
2. still and video cameras

**Network** shall be defined as the group of interconnected computer systems, both wired and wireless, owned and used by the District in order to share analog and digital information, both voice and data, and access technology and the Internet.

The Board prohibits use of personal technology by students during the school day in district buildings; on district property; on district buses and vehicles, and during the time students are under the supervision of the district; unless use is permitted under the guidelines of this policy. Further, the Board prohibits use of personal and district technology and in locker rooms, athletic training rooms, bathrooms, health suites, and other changing areas at any time, unless use is permitted under the guidelines of this policy.

photographs, whether by electronic data transfer or other means, including but not limited to texting and emailing on both personal and district technology.

Personal and district technology devices/electronic devices that have the capability to take photographs or to record audio or video shall not be used for such purposes while in district buildings, on district property, on district buses and vehicles while under district supervision, or while a student is engaged in district-sponsored activities unless expressly authorized in advance by the building principal or designee.

Because such violations may constitute a crime under state and/or federal law, the district may report such conduct to state and/or federal law enforcement agencies.

### **Off-Campus Activities**

This policy shall also apply to student conduct that occurs off school property and would otherwise violate the Code of Student Conduct/Disciplinary Action Schedule if any of the following circumstances exist:

The conduct occurs during the time the student is traveling to and from school or traveling to and from school-sponsored activities, whether or not via school district furnished transportation.

Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.

The conduct has a direct nexus to attendance at school or a school-sponsored activity, for example, a transaction conducted outside of school pursuant to an agreement made in school, that would violate the Code of Student Conduct/Disciplinary Action Schedule if conducted in school.

The conduct involves the theft or vandalism of school property.

There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.

The district may monitor the use of all personal and district technology during the school day in district buildings; on district property; on district buses and vehicles; during the time students are under the supervision of the district and at school-sponsored activities and, if connected to the network, monitor user conduct and log network utilization which may include deep packet inspection. Any person with knowledge of discrimination in violation of Board policy or this procedure is encouraged to immediately report the matter to the building principal.

A school employee who suspects or is notified that a student has been subject to discrimination shall immediately report the incident to the building principal. Additionally, employees who have reasonable cause to suspect that a child is the victim of child abuse, shall immediately report the suspected abuse, in accordance with applicable law, regulations and Board policy.

The building principal shall immediately notify the Compliance Officer/Title IX Coordinator of the reported discrimination.

If the building principal is the subject of a complaint, the student, third party or employee shall report the incident directly to the Compliance Officer/Title IX Coordinator.

The complainant or reporting individual shall be encouraged to use the Discrimination/Sexual Harassment/Retaliation Report Form, however, complaints shall be accepted in person, by telephone, by mail or email, or by any other means that results in the appropriate individual receiving the individual's verbal or written report. Verbal reports shall be documented using the Discrimination/Sexual Harassment/ Retaliation Report Form, and these procedures shall be implemented.

The Compliance Officer/Title IX Coordinator shall review reports and complaints, and may gather additional information from the individual submitting the report and other parties identified in the report using the Discrimination/Sexual Harassment/ Retaliation Report Form. The Compliance Officer/Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary.

The Compliance Officer/Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in this administrative guideline, or if the reported circumstances meet the definition and parameters of Title IX sexual harassment, or other applicable Board policies.

If the Compliance Officer/Title IX Coordinator determines that the report should be addressed through the discrimination complaint procedures, the Compliance Officer/Title IX Coordinator shall be notified

and the complaint procedures in this administrative guideline implemented.

When any party is an identified student with a disability, or thought to be a student with a disability, the Compliance Officer/Title IX Coordinator shall notify the **Director of Special Education** and coordinate to determine whether additional steps must be taken for the party, while the discrimination complaint procedures are implemented.

### **Step 2 – Initial Communications**

The complainant shall be informed about the Board’s policy on discrimination, including the right to an investigation of both verbal and written reports of discrimination.

The building principal or designee, in consultation with the Compliance Officer/Title IX Coordinator, where appropriate may implement appropriate measures to protect the complainant and others if necessary during the course of the investigation.

The building principal or designee shall seek to obtain consent from parents/guardians to initiate an investigation where the complainant or alleged victim is under age eighteen (18), and inform parents/guardians of the complainant that the complainant may be accompanied by a parent/guardian during all steps of the complaint procedure. When a parent/guardian requests confidentiality and will not consent to the alleged victim’s participation in an investigation, the building principal or designee shall explain that the school shall take all reasonable steps to investigate and respond to the complaint consistent with that request for confidentiality as long as doing so does not preclude the school from responding effectively to the discrimination and preventing discrimination that affects other students, or where it does not impact other legal obligations of the district.

The building principal or Compliance Officer/Title IX Coordinator shall provide relevant information on resources available in addition to the discrimination complaint procedure, such as making reports to the police, available assistance from domestic violence or rape crisis programs and community health resources, including counseling resources.

the parties, restorative practices, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services, or other measures to support the parties.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal remedies shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation to indicate agreement with the resolution and receive a copy, and forward it to the Compliance Officer/Title IX Coordinator.

The Compliance Officer/Title IX Coordinator shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies, and shall document all appropriate actions.

\*If the informal remedies result in the final resolution of the complaint, the following steps are not applicable.

The Compliance Officer/Title IX Coordinator shall assess whether the investigation should be conducted by the building principal, another district employee, the Compliance Officer/Title IX Coordinator or an attorney and shall promptly assign the investigation to that individual.

The investigator shall assess the anticipated scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation.

The investigator shall conduct an adequate, reliable and impartial investigation. The complainant and the respondent may suggest additional witnesses and provide other evidence during the course of the investigation.

The investigation may consist of individual interviews with the complainant, the respondent, and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians and witnesses shall be informed of the prohibition against retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation shall be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the law enforcement authorities about the allegations in accordance with existing procedures.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to

requests for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation, and the reason for such delay shall be documented by the investigator.

#### **Step 4 – Investigative Report**

The investigator shall prepare and submit a written report to the Compliance Officer/Title IX Coordinator within thirty (30) school days of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Compliance Officer/Title IX Coordinator to establish a different due date. The parties shall be notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The investigative report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated Board Policy 103 and of any other violations of law or Board policy which may warrant further district action, and a recommended disposition of the complaint. An investigation into discrimination shall consider the record as a whole and the totality of circumstances in determining whether a violation of Board policy has occurred, recognizing that persistent and pervasive conduct, when taken together, may be a violation even when the separate incidents are not severe.

The complainant and the respondent shall be informed of the outcome of the investigation, including the recommended disposition, within a reasonable time of the submission of the written investigative report, to the extent authorized by the Family Educational Rights and Privacy Act (FERPA) and other applicable laws.

#### **Step 5 – District Action**

If the investigation results in a finding that some or all of the allegations of the discrimination complaint are founded and constitute a violation of Board policy, the district shall take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The district shall promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the district education program or activity. District staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. The Compliance Officer/Title IX Coordinator shall follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If an investigation results in a finding that a different policy was violated separately from or in addition to violations of Policy 103 or these procedures, or that there are circumstances warranting further action, such matters shall be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary.

Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and administrative regulations, district procedures, applicable collective bargaining agreements, and state and federal laws and regulations.

### **Appeal Procedure**

If the complainant or the respondent is not satisfied with a finding made pursuant to these procedures or with recommended corrective action, they may submit a written appeal to the Compliance Officer/Title IX Coordinator within fifteen (15) school days of receiving notification of the outcome of the investigation. If the Compliance Officer/Title IX Coordinator investigated the complaint, such appeal shall be made to the Superintendent.

The individual receiving the appeal shall review the investigation and the investigative report and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The person handling the appeal shall prepare a written response to the appeal within twenty (20) school days.

Copies of the response shall be provided to the complainant, the respondent and the investigator who conducted the initial investigation.

## **Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints ([103AG3](#))**

### **Definitions**

**Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to the district's Title IX Coordinator or any district official who has the authority to institute corrective measures on behalf of the district, or to any employee of an elementary and secondary school, other than the respondent.

**Exculpatory evidence** means evidence tending to exonerate the accused or helps to establish their innocence.

**Inculpatory evidence** means evidence tending to incriminate the accused or indicate their guilt.

**Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the district investigate the allegation. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator the complainant or other party during the grievance process. The phrase "**document filed by a**

**complainant**” refers to a document or electronic submission that contains the complainant’s physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.

**Retaliation** shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report conduct that may constitute Title IX sexual harassment in accordance with Board policy and procedures, participate in an investigation or other process addressing Title IX sexual harassment, or act in opposition to discriminatory practices.

The following actions shall not constitute retaliation:

1. An individual exercising free speech under the rights protected by the First Amendment.
2. The assignment of consequences consistent with Board policy and the Code of Student Conduct when an individual knowingly makes a materially false statement in bad faith in an investigation. The fact that the charges of discrimination were unfounded or unsubstantiated shall not be the sole reason to conclude that any party made a materially false statement in bad faith.

**Supportive measures** mean nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Supportive measures shall be designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or to deter sexual harassment. Supportive measures may include, but are not limited to:

1. Counseling
2. Extensions of deadlines or other course-related adjustments
3. Modifications of class schedules
4. Campus escort services
5. Mutual restrictions on contact between the parties
6. Increased security
7. Monitoring of certain areas of the campus
8. Assistance from domestic violence or rape crisis programs
9. Assistance from community health resources including counseling resources

**Supportive measures** may also include, when in accordance with applicable law, regulation or Board policy assessments or evaluations to determine eligibility for special education or related services, or the need to review an Individualized Education Program (IEP) or Section 504 Service Agreement based on a student’s behavior.

**Title IX sexual harassment** means conduct on the basis of sex that satisfies one or more of the

following:

1. A district employee conditioning the provision of an aid, benefit, or district service on an individual's participation in unwelcome sexual conduct, commonly referred to as *quid pro quo sexual harassment*.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a district education program or activity.
3. Sexual assault, dating violence, domestic violence or stalking.
  - a. **Dating Violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:
    - i. Length of relationship.
    - ii. Type of relationship.
    - iii. Frequency of interaction between the persons involved in the relationship.
  - b. **Domestic violence** includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
  - c. **Sexual assault** means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
  - d. **Stalking**, under Title IX means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to either:
    - i. Fear for their safety or the safety of others.
    - ii. Suffer substantial emotional distress.

Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment subject to Title IX regulations. An **education program or activity** includes the locations, events or circumstances over which the district exercises substantial control over both the respondent and the context in which the harassment occurs.

## TITLE IX SEXUAL HARASSMENT PROCEDURES

### General Response – (with or without a formal complaint)

Any person, whether the alleged victim or not, may report Title IX sexual harassment using the Discrimination/Sexual Harassment/ Retaliation Report Form or by making a general report verbally or in writing to the building principal, or by using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Upon receipt of a report, school staff shall immediately notify the building principal.

A report may be made at any time, including during nonbusiness hours. Verbal reports shall be documented by the Title IX Coordinator or employee receiving the report using the Discrimination/Sexual Harassment/ Retaliation Report Form, and these procedures shall be implemented appropriately.

District staff who become aware of harassment affecting a student or staff member shall promptly report it to the building principal.

When the district has actual knowledge of Title IX sexual harassment, the district is required to respond promptly and in a manner that is not deliberately indifferent, meaning not clearly unreasonable in light of the known circumstances.

All sexual harassment reports and complaints received by the building principal shall be promptly directed to the Title IX Coordinator, in accordance with Board policy. The Title IX Coordinator shall use the Discrimination/Sexual Harassment/ Retaliation Report Form to gather additional information from the reporter and/or other parties identified in the report, to determine if the allegations meet the definition and parameters for Title IX sexual harassment.

The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall initially assess whether the reported conduct:

1. Meets the definition of Title IX sexual harassment.
2. Occurred in a district program or activity under the control of the district and against a person in the United States.
3. Involves other Board policies or the Code of Student Conduct.
4. Indicates, based on an individualized safety and risk analysis, that there is an immediate threat to the physical health or safety of an individual.
5. Involves a student identified as a student with a disability under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act.

If the result of this initial assessment determines that none of the allegations fall within the scope of Title IX sexual harassment, but the matter merits review and possible action under the Code of

Student Conduct and other Board policies or 103AG2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations.

If the result of the initial assessment determines that the allegations may constitute Title IX sexual harassment, the Title IX Coordinator shall promptly explain to the complainant the process for filing a formal complaint and inform the complainant of the continued availability of supportive measures with or without the filing of a formal complaint.

The Title IX Coordinator shall contact the parents/guardians and provide them with information regarding the report and Title IX sexual harassment procedures and grievance process for formal complaints.

If the complainant, school staff or others with professional knowledge relating to the complainant's health and well-being indicate that notifying the parents/guardians could cause serious harm to the health or well-being of the complainant or other person(s), the Title IX Coordinator will determine, in consultation with such individuals and upon advice of legal counsel, whether to withhold or delay notification of the report from the complainant's parents/guardians.

The Title IX Coordinator shall also determine what supportive measures may be offered to the respondent.

If either party is an identified student with a disability, or thought to be disabled, the Title IX Coordinator shall contact the **Director of Special Education** to coordinate the required actions in accordance with Board policy.

Confidentiality regarding the supportive measures offered and the identity of the following individuals shall be maintained, except as may be permitted by law or regulations relating to the conduct of any investigation:

1. Individuals making a report or formal complaint
2. Complainant(s)
3. Respondent(s)
4. Witnesses

The district shall treat complainants and respondents equitably by:

1. Offering supportive measures to the complainant and may offer such measures to the respondent.
2. Following the grievance process for formal complaints before imposing disciplinary sanctions or other actions that are not supportive measures on the respondent.

*Disciplinary Procedures When Reports Allege Title IX Sexual Harassment -*

When reports allege Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints. The district shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

When an emergency removal, as described below, is warranted to address an immediate threat to the physical health or safety of an individual, and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion shall be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable.

When an emergency removal is not required, disciplinary sanctions will be considered in the course of the Title IX grievance process for formal complaints. Following the issuance of the written determination and any applicable appeal, any disciplinary action specified in the written determination or appeal decision shall be implemented in accordance with the normal procedures for suspensions, expulsions or other disciplinary actions, including specific provisions to address a student with a disability where applicable.

*Supportive Measures -*

All supportive measures provided by the district shall remain confidential, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures.

When any party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator shall notify the **Director of Special Education** and coordinate to determine whether additional steps must be taken as supportive measures for the party while the Title IX procedures are implemented.

*Reasonable Accommodations –*

Throughout the Title IX sexual harassment procedures, the district shall make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for any party, and address barriers being experienced by disadvantaged students such as English learners and homeless students, consistent with the requirements of federal and state laws and regulations and Board policy.

*Emergency Removal –*

If the district has determined, based on an individualized safety and risk analysis, that there is an immediate threat to the physical health or safety of any student or other individual due to the allegations of Title IX sexual harassment, the respondent may be removed from the district's education program or activity or moved to an alternative setting, consistent with all rights under

federal and state laws and regulations, and Board policy, including but not limited to the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. If the respondent is an identified student with a disability, or thought to be disabled, the Title IX Coordinator shall contact the **Director of Special Education** to coordinate the required actions in accordance with Board policy. The respondent shall be provided with notice and provided an opportunity for due process, in accordance with law, regulations and Board policy. When expulsion is necessary because continuation of educational services is not feasible, the Board's written adjudication of expulsion shall address the pending Title IX process and the impact of the outcome of the Title IX process on a student's emergency removal status.

#### *Administrative Leave -*

When an employee, based on an individualized safety and risk analysis, poses an immediate threat to the health or safety of any student or other individual, the employee may be removed on an emergency basis.

An accused nonstudent district employee may be placed on administrative leave during the pendency of the grievance process for formal complaints, consistent with all rights under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, and in accordance with state law and regulations, Board policy and an applicable collective bargaining agreement or individual contract.

#### *Required Reporting Under Other Policies -*

In addition to implementing the Title IX sexual harassment procedures, the Title IX Coordinator shall ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse.

#### **Timeframes**

Reasonably prompt timeframes shall be established for the conclusion of the grievance process for formal complaints, including timeframes for the informal resolution process and timeframes for filing and resolving appeals.

The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action shall be provided to the complainant and the respondent, and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party, a party's advisor or a witness.
2. Concurrent law enforcement activity.
3. Need for language assistance or accommodation of disabilities.

**Redirection or Dismissal of Title IX Formal Complaints**

Formal complaints may be dismissed, if at any time during the investigation or written determination steps described below:

1. A complainant provides written notification of withdrawal of any allegations or of the formal complaint.
2. The respondent is no longer enrolled or employed by the district in a district program or activity.
3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations.

Only alleged conduct that occurred in the district's education program or activity, and against a person in the United States, may qualify as Title IX sexual harassment within the district's jurisdiction. If it is determined during the investigation or written determination steps below that none of the allegations, if true, would meet the definition and parameters of Title IX sexual harassment within the district's jurisdiction, the Title IX Coordinator shall dismiss the formal complaint under Title IX. If the matter merits review and possible action under the Code of Student Conduct and other Board policies or 103AG2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations.

Written notification shall be promptly issued to the parties simultaneously of any allegations found not to qualify or that are dismissed in compliance with Title IX. Written notification shall state whether the allegations will continue to be addressed pursuant to the Code of Student Conduct and other Board policies or 103AG2 addressing Discrimination Complaints.

A dismissal may be appealed via the appeal procedures set forth in this administrative guideline.

**Consolidation of Title IX Formal Complaints**

The district may consolidate formal complaints against more than one (1) respondent, or by more than one (1) complainant against one or more respondents, or by one (1) individual against another individual, where the allegations of sexual harassment arise out of the same facts or circumstances.

**GRIEVANCE PROCESS FOR FORMAL COMPLAINTS****Step 1 – Formal Complaint**

The district is required to initiate the grievance process for formal complaints when a complainant or the complainant's parent/guardian files a formal complaint. The Title IX Coordinator is also authorized to initiate this process despite a complainant's wishes when actions limited to supportive measures are not a sufficient response to alleged behavior, or when a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is an employee, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. Only the Title IX Coordinator is authorized to initiate the formal complaint process despite a complainant's wishes, but the Title IX Coordinator may consult with the

school solicitor and other district officials in making this decision.

The complainant or the Title IX Coordinator shall use the designated section of the Discrimination/Sexual Harassment/ Retaliation Report Form to file or sign a formal complaint.

The Title IX Coordinator shall assess whether the investigation should be conducted by the building principal, another district employee, the Title IX Coordinator or an attorney and shall promptly assign the investigation to that individual.

The Title IX Coordinator, investigator, decision-maker, or any individual designated to facilitate the informal resolution process, each must have completed the required training for such roles as designated in Board policy and shall not have a conflict of interest or bias for or against an individual complainant or respondent, or for or against complainants or respondents in general.

The respondent shall be presumed not responsible for the alleged conduct until a written determination regarding responsibility has been made at the conclusion of the grievance process for formal complaints.

*Notice Requirements -*

Upon receipt of a formal complaint, or when the Title IX Coordinator signs a formal complaint to initiate the grievance process for formal complaints, the Title IX Coordinator shall provide written notice to all known parties, and the parents/guardians of known parties where applicable, providing the following information:

1. Notice of the district's grievance process for formal complaints and any informal resolution process that may be available.
2. Notice of the allegations potentially constituting Title IX sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
  - a. The identity of the parties involved, if known.
  - b. The conduct allegedly constituting sexual harassment.
  - c. The date and location of the alleged incident(s), if known.
3. A statement that a written determination regarding responsibility shall be made at the conclusion of the grievance process for formal complaints and, until that time, the respondent is presumed not responsible for the alleged conduct.
4. Notice that parties may have an advisor of their choice, who may be, but is not required to be, an attorney. The advisor may inspect and review evidence.
5. Notice that Board policy and the district's Code of Student Conduct prohibits knowingly making false statements or knowingly submitting false information to school officials in connection with reports of misconduct or discrimination complaints.
6. Notice to all known parties of any additional allegations that the district decides to investigate during the course of the investigation.

**Step 2 – Informal Resolution Process**

**The informal resolution process shall not be offered or used to facilitate a resolution for any formal complaint where the allegations state that an employee sexually harassed a student.**

At any time after a formal complaint has been filed, but prior to reaching a determination of responsibility, if the Title IX Coordinator believes the circumstances are appropriate, the Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process, which does not involve a full investigation and adjudication of the Title IX sexual harassment complaint.

The district may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal Title IX sexual harassment complaints. Similarly, a district may not require the parties to participate in an informal resolution process.

Informal resolutions can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, restorative practices, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services, or supportive measures.

When offering an informal resolution process, the Title IX Coordinator shall:

1. Provide the parties a written notice disclosing the following:
  - a. The allegations.
  - b. The requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process for formal complaints.
  - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtain the parties' voluntary, written consent to the informal resolution process. As part of the consent process, all parties shall be informed of the rights being waived by agreeing to the informal resolution process, and shall acknowledge such agreement in writing.
3. The informal resolution process shall be conducted within ten (10) school days of the parties' signed agreement for the informal resolution process.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal resolution process shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within twenty (20) school days after the complaint is resolved in this manner, the Title IX

Coordinator shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies. The Title IX Coordinator shall document the informal resolution process, responses from all parties, and an explanation of why the district's response was not deliberately indifferent to the reported complaint of sexual harassment.

**\*If Step 2 Informal Resolution Process results in the final resolution of the complaint, the following steps are not applicable.**

### **Step 3 – Investigation**

The designated investigator, if other than the Title IX Coordinator, shall work with the Title IX Coordinator to assess the scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation. The investigation stage shall be concluded within thirty (30) school days.

When investigating a formal complaint, the investigator shall:

1. Bear the burden of proof and gather evidence and conduct interviews sufficient to reach a written determination. During the process of gathering evidence, unless the district obtains the voluntary, written consent of the party, or the party's parent/guardian when legally required, the district cannot access, consider, disclose or otherwise use a party's records which are protected by legal privilege, such as those records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with providing treatment to the party.
2. Objectively evaluate all available evidence, including inculpatory and exculpatory evidence.
3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.  
However, the district may request a nondisclosure agreement be signed by the parties and their advisor(s), if any, stating that they will not disseminate or disclose evidence and documents exchanged in the investigation.
5. Provide the parties with the same opportunities to have others present during any interview or other meeting, including an advisor of the party's choice. The district may establish restrictions, applicable to both parties, regarding the extent to which the advisor may participate.
6. Provide written notice to any party whose participation is invited or expected during the investigation process with the following information, in sufficient time for the party to prepare to participate:
  - a. Date.
  - b. Time.
  - c. Location.
  - d. Participants.

- e. Purpose of all investigative interviews or other meetings.
7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations, including evidence the district does not intend to rely on to reach a determination regarding responsibility and any inculpatory and exculpatory evidence, whether obtained from a party or other source.

If at any point the investigation expands to include additional allegations that were not included in the initial notice provided upon initiation of the grievance process for formal complaints, the investigator shall alert the Title IX Coordinator. The Title IX Coordinator shall provide written notice of the new allegations to the known parties.

Prior to the completion of the investigative report, the investigator shall:

1. Send to each party and the party's advisor, if any, the evidence subject to inspection and review in electronic or hard copy format.
2. Provide the parties **at least** ten (10) school days following receipt of the evidence to submit a written response.
3. Consider the written response prior to drafting the investigative report.

The investigator shall draft an investigative report that fairly summarizes relevant evidence and shall provide the investigative report to all parties and to the designated decision-maker.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly inform law enforcement authorities about the allegations and make any additional required reports, in accordance with law, regulations and Board policy.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to request for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation and the reason for such delay shall be documented by the investigator.

In the course of an investigation, it is possible that conduct other than, or in addition to, Title IX sexual harassment may be identified as part of the same incident or set of circumstances. The fact that there may be Title IX sexual harassment involved does not preclude the district from addressing other identified violations of the Code of Student Conduct or Board policy. If such other conduct is being investigated and addressed together with Title IX sexual harassment as part of the Title IX grievance process for formal complaints, disciplinary action normally should not be imposed until the completion of the Title IX grievance process for formal complaints. A decision whether and when to take such action should be made in consultation with the school solicitor.

**Step 4 – Written Determination and District Action***Designation of Decision-Maker -*

To avoid any conflict of interest or bias, the decision-maker cannot be the same person as the Title IX Coordinator or the investigator. The responsibility as the decision-maker for complaints of Title IX sexual harassment shall generally be designated to the Assistant Superintendent.

If the Assistant Superintendent has a conflict of interest or is a party in the formal complaint process, they shall disclose the conflict and the Title IX Coordinator shall designate another individual to serve as the decision-maker.

*Written Determination Submissions -*

A written determination of responsibility (written determination) must not be finalized less than ten (10) days after the investigator completes the investigative report and provides it to all parties. Before the decision-maker reaches a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that a party wants to be asked of any party or witness, shall provide each party with the answers, and shall allow for additional, limited follow-up questions from each party.

Relevant questions for a party or witness must be submitted by each party within three (3) school days following receipt of the investigative report. Follow-up questions must be submitted by each party within three (3) school days of being provided the answers to the initial questions.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as part of the follow-up questions and responses, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The decision-maker shall explain to the party proposing the questions about any decision to exclude a question as not relevant.

*Written Determination -*

The decision-maker must issue a written determination for the conduct alleged in formal complaints. To reach this determination, the decision-maker shall apply the preponderance of the evidence standard, meaning that the party bearing the burden of proof must present evidence which is more credible and convincing than that presented by the other party or which shows that the fact to be proven is more probable than not. In considering evidence, the decision-maker shall ensure credibility determinations are not based on an individual's status as a complainant, respondent or witness.

After considering all relevant evidence, the decision-maker shall issue a written determination that

includes:

1. Identification of the allegations potentially constituting Title IX sexual harassment.
2. A description of the procedural steps taken from the receipt or signing of the formal complaint through the written determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence.
3. Findings of fact supporting the determination.
4. Conclusions regarding the application of the district's Code of Student Conduct or Board policies to the facts.
5. A statement of, and rationale for, the result as to each allegation, including:
  - a. Determination regarding responsibility.
  - b. Disciplinary sanctions.
  - c. Remedies designed to restore or preserve equal access to the district's education program or activity that will be provided by the district to the complainant. Such remedies may be punitive or disciplinary and need not avoid burdening the respondent.
6. The procedures, deadline and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination becomes final either:

1. On the date that the district provides the parties with the written decision of the result of the appeal, if an appeal is filed;
2. Or, if an appeal is not filed, on the date on which an appeal would no longer be considered timely, in accordance with the timeframe established for appeals in this Attachment.

The Title IX Coordinator shall be responsible to ensure that any remedies are implemented by the appropriate district officials and for following up as needed to assess the effectiveness of such remedies. Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and administrative regulations, district procedures, applicable collective bargaining agreements, and state and federal laws and regulations, including specific requirements and provisions for students with disabilities.

### **Appeal Process**

Districts must offer both parties the right to appeal a determination of responsibility and the right to appeal the district's dismissal of a Title IX formal complaint or any allegation in the Title IX formal complaint. The scope of appeals related to Title IX sexual harassment are limited to the following reasons for appeal as stated in the Title IX regulations:

1. A procedural irregularity that affected the outcome of the matter.
2. New evidence that that could affect the outcome was not reasonably available at the time the decision to dismiss or determination of responsibility was made.
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against the individual complainant or respondent or for or against complainants or

respondents generally that affected the outcome of the matter.

Written notice of a party's appeal shall be submitted to the Title IX Coordinator within five (5) school days after the date of the written determination. Notice of appeal shall include a brief statement describing the basis for the appeal.

The Title IX Coordinator shall ensure that the designated appeal authority is not the same person as the decision-maker that reached the determination, the investigator, or the Title IX Coordinator. The designated appeal authority shall be the Superintendent.

For all appeals, the designated appeal authority shall:

1. Provide written notice to the other party when notice of an appeal is filed and implement appeal procedures equally for both parties.
2. Provide both parties a reasonable, equal opportunity to submit a written statement in support of or challenging the stated basis for the appeal. Supporting statements shall describe in detail as applicable the procedural irregularities asserted to have affected the outcome of the determination, the nature of any new evidence asserted to have affected the outcome, and the nature of any bias asserted to have affected the outcome, with an explanation of how the outcome was affected by such factors. If evidence exists supporting the basis for appeal, it shall accompany the supporting statement, or it shall identify where such evidence may be found.

Supporting statements must be submitted to the appeal authority and provided to the other party within five (5) school days of the written notice of appeal.

Statements in opposition to the appeal shall be submitted within five (5) school days of the submission of supporting statements. If a statement in opposition to an appeal refers to any evidence beyond what is described in a supporting statement, it shall accompany the statement in opposition, or it shall identify where such evidence may be found.

The appeal authority may accept and consider evidence in support of or in opposition to an appeal in making any conclusions necessary to deciding the appeal. Alternatively, when the appeal authority determines that factors exist making it necessary for the decision-maker to further develop the evidentiary record relevant to the basis for appeal, the appeal authority may return the matter to the decision-maker for that limited purpose.

3. Determine whether the appeal meets the grounds for permitted reasons for appeal and justifies modifying the written determination.
4. Issue a written decision setting forth the respects, if any, in which the written determination is modified and the rationale for the result within twenty (20) school days.

5. Provide the written decision simultaneously to both parties. A copy of the written decision shall also be provided to the Title IX Coordinator.

### **Recordkeeping**

The district shall maintain the following records for a minimum of seven (7) years after conclusion of procedures and implementation of disciplinary sanctions and/or remedies, or in the case of a complainant or respondent who is a minor, until the expiration of the longest statute of limitations for filing a civil suit applicable to any allegation:

1. Each Title IX sexual harassment investigation, including any written determination and any audio or audiovisual recording or transcript, and disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity.
2. Any appeal and the result.
3. Any informal resolution and the result.
4. All materials used to train the Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process.
5. Records of any district actions, including any supportive measures, taken in response to a report or formal complaint of Title IX sexual harassment. In each instance, the district shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If a district does not provide a complainant with supportive measures, then the district must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

*Additional Requirements –*

Any student who violates this policy (regardless of the number of offenses) will:

1. Be assessed by a licensed drug and alcohol designated facility, or similar type alternative program approved by the administration, and comply with any recommendations from the evaluation and any recommendations that follow, until the date of discharge from the provider, not to exceed one (1) calendar year. The Board prohibits the use of anabolic steroids, except for valid medical purposes, by any student involved in school-related athletics or extracurricular activities. Body building and muscle

enhancement, increasing muscle bulk or strength, or the enhancement of athletic ability are not valid medical purposes. Human Growth Hormone (HGH) shall not be included as an anabolic steroid under the provisions of the law.[\[26\]](#)

Education regarding the dangers of anabolic steroids shall be provided in other district controlled substance (drug and alcohol) programs.[\[27\]](#)

### **Student Seeking Help**

Any student who is self-referred, or who is voluntarily referred by anyone else and who seeks help with a controlled substance use/abuse and/or dependency, and who is not under the immediate influence of a controlled substance is not subject to the provisions of this policy as outlined for first offense violations.

School personnel to whom a student reports, and from whom s/he seeks help may consult with the student, or may refer the student to a faculty member designated by the principal (e.g., counselor, Intervention Specialist, Multi-Tiered Systems of Supports Team, nurse, etc.).

If help is required, the designated faculty member may advise and assist the student in seeking appropriate psychological, medical, or other types of help.

If medical treatment appears necessary, the parent(s)/guardian(s) shall be notified.

Follow-up by the Intervention Specialist or MTSS case manager with the student and the referral agency shall be imperative.

**Multi-Tiered Systems of Supports Team***Referral Phase –*

Referrals may come from a multitude of sources. Staff, students, parents/guardians, etc., may inform the Multi-Tiered Systems of Supports Team of any suspicions, issues, behaviors, or concerns that appear to be drug/alcohol or mental health related. Community concerns also will be noted and these will be investigated if they seem appropriate.

*Assessment Phase –*

Once a referral has been received and considered, appropriate members of the team will be assigned to start the tracking by collecting data from attendance, discipline, counselors, and the nurse. These records will be reviewed by the whole team and a decision made to get further information from the appropriate teachers or to make an alternate assignment immediately. All data collected from teachers on observable behavior, academic performance, and physical appearance will be confidential. If the data strongly suggests D/A or M/H concerns, the team may have the Intervention Specialist complete a screening. Once fully satisfied that the student's profile reflects D/A or M/H concerns an intervention will be planned.

*Intervention Phase –*

During this phase the Intervention Specialist will be actively involved in determining the appropriate modality of treatment and proper placement (in-patient or out-patient).

This may require meetings with the student, or student and parent/guardian where information that has been gathered is discussed and options are explored.

**Suspected Visitors**

Visitors suspected of using, possessing, transmitting, manufacturing, selling, transporting, or distributing controlled substances or of encouraging or promoting such activity while on school property or during the course of school-sponsored activities shall be reported to the building principal, who shall report the visitors to local law enforcement officials, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.

**Reasonable Suspicion/Testing**

If based on the student's behavior, medical symptoms, vital signs or other observable factors, the building principal has reasonable suspicion that the student is under the influence of a controlled substance, the student may be required to submit to drug or alcohol testing. The testing may include but is not limited to the analysis of blood, urine, saliva, or the administration of a Breathalyzer test.

**Use of Breathalyzer**

All students, whether during the school day, prior to or during an extracurricular, interscholastic, or other school-related or school-sponsored function, whether conducted on or away from school

property, may be required to submit to a Breathalyzer as a condition of participation in the extracurricular, interscholastic, or other school-related or school-sponsored function.

It is not the intent of the policy to randomly test students. It is the intent of the Breathalyzer procedure to serve as a deterrent to students attending district functions after consuming alcohol.

Refusal to submit to a Breathalyzer procedure will be considered to be a positive test and the student will be disciplined in accordance with Board policy.

### Search Procedures by Staff (Policy 226)

To maintain order and discipline in schools and to protect the safety and welfare of students and school personnel, the Board reserves the right to authorize school officials to search students, lockers, automobiles, and/ or school property in certain circumstances and may seize any illegal or unauthorized materials discovered during the search.

1. It is prohibited for any student while at school, to possess on his/her person, in his/her locker or his/her automobile or to use in any manner, or to sell any substance, item, or device, the use, possession, or sale of which is a violation of federal, state or local law or District policy or constitutes a threat to the health, safety, welfare or good order of the occupants of the school building, the school building itself, or the District (“illegal materials”).
2. Parents/guardians and students shall be notified at least annually or more often, if deemed appropriate, of the contents of the search policy.
3. All school personnel shall cooperate in every manner possible in carrying out Policy 226.
4. Reasonable suspicion is generally defined as a conclusion arrived at by a reasonable, prudent and conscientious mind, from facts at hand; it is not caused by such improper motives as a dislike for a student or malice, but only from the facts which are known. If they logically, rationally and in the exercise of good common sense, lead to a reasonable, prudent, and discreet person to conclude that a student has illegal material on school property or on his/her person, this is a reasonable suspicion, but there must be a fair and conscientious consideration of only the facts that are known.

### General Search Procedures

Any building administrator, teacher, or other district employee who reasonably suspects that a student has in his/her possession on the school property or sells or uses on school property any illegal material, shall proceed as follows:

1. The matter or incident should be referred immediately to the building principal with an explanation of what facts led to the conclusions that the student possesses, uses or sells illegal material.
2. The principal or his/her designee shall then discuss with the student privately the facts as

related to the principal and ask the student to consent to a search of his/her person, locker, and/or automobile.

3. Students who do not cooperate with the principal or his/her designee, who has reasonable suspicion to search, shall immediately be subject to disciplinary action.
4. Any search conducted shall be reasonably related in scope to the circumstances which justified the search at its inception.
5. When a search is made of a student's person, locker, and/or automobile, at least one other teacher or school official should be present in addition to the principal or his/her designee. Except in emergency situations, reasonable steps should be taken to ensure the student is given an opportunity to be present during the search.
6. If illegal material is found, it should be confiscated, marked in some identifying manner in the presence of the student, if possible, and that of at least one other teacher and/or administrator and then held in a secure place.
7. The principal or his/her designee shall be responsible for the safe keeping and proper disposal of any illegal material found.
8. The principal or his/her designee shall be responsible for the prompt recording, in writing, of each search; such record shall include the reasons for the search, persons present, objects found and the disposition of illegal materials found.
9. Confiscated illegal materials may be used against the student in school disciplinary proceedings.
10. If illegal material is found, the appropriate law enforcement agency shall be contacted.
11. Illegal material shall be turned over to the appropriate law enforcement agency for further investigation and proceedings.

School officials may conduct periodic blanket searches of school property, without individualized suspicion of any particular student, where school officials are able to articulate evidence of a substantial problem threatening the welfare or safety of the school as a whole and that blanket searches may help eliminate that problem.

### **Personal Searches**

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched whenever a school official has reasonable suspicion to believe that a student is in possession of illegal materials.

Consistent with Policy 226, the Board authorizes district personnel to conduct a personal search at any time for the purpose of determining whether the student is in possession of illegal materials.

If a pat down search of student's person is conducted, it will be conducted privately by a school official of the same sex and with an adult witness of the same sex present.

## Locker Searches

All lockers are and shall remain the property of the District. Students shall have no expectations of privacy in their lockers.

In order to have use of a school locker, students shall be required to sign a waiver authorizing the principal or his/her designee to search the interior of the student's locker.

Students are encouraged to keep their assigned lockers closed and locked against incursion by other students; but no student may use a locker as depository for illegal materials.

The Board authorizes District personnel to inspect a student's locker at any time for the purpose of determining whether the locker is being improperly used for the storage of illegal materials.

Whenever the search of a student's locker is prompted by the reasonable suspicion that the contents of student's locker create an emergency, the principal or his/her designee may open the locker as soon as is necessary to properly discharge his/her duty to protect the persons and property within the school building.

Other than as provided as to dog and blanket searches, all requests for the search of a student's locker coming from law enforcement personnel shall be directed to the building principal or his/her designee, who shall open a student's locker on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the intelligent and voluntary consent of the student.

## Automobile Search

School parking lots are owned by the District and the District exercises exclusive control over its parking lots. Use of the parking lots is privilege, not a right.

Students have no expectation of privacy regarding items placed in their vehicles in the parking lot.

The parking lot may be subject to routine patrols and inspections of the exterior of vehicles and visual inspection of those items within the vehicles which are in plain view and visible through the windows of the vehicle while on school property. Routine patrols may be conducted by District personnel or drug detecting dogs.

Interiors of vehicles may be searched whenever a school authority has reasonable suspicion to believe that illegal materials are contained therein.

Patrols and inspections may be conducted without notice, without student consent and without a search warrant.

## Use of Drug Detecting Dogs for Searches

It shall be the policy of the District to permit District personnel to conduct blanket searches of the school property with professionally trained handlers and dogs for the purposes of detecting illegal materials.

Parents/guardians and students are hereby notified of this policy through its inclusion in the Student Discipline & Records Policy Handbook. Once this notification has been given, the district has met its obligation to advertise the searches. Additional notice need not be given and actual times or dates of planned searches need not be released in advance.

District personnel shall authorize the search and have a designee on hand while the search is taking place.

All school property, including, but not limited to lockers, classrooms, storage areas, and parking lots, may be searched. Individual(s) will not be subjected to a search by dogs.

## Corporal Punishment

It is not consistent with the philosophy of the West Chester Area School District to inflict corporal punishment. The Board prohibits the use of corporal punishment. Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy.

Reasonable force may be used by teachers and school authorities (1) to quell a disturbance; (2) to obtain possession of weapons or other dangerous objects; (3) for the purpose of self-defense; or (4) for the protection of persons or property.

## Terroristic Threats (Policy 218.2)

The Board prohibits any district student from communicating terroristic threats directed at any student, employee, Board member, community member, or property owned, leased, or being used by the district.

## Weapons (Policy 218.1)

Students are prohibited from possessing and bringing weapons and replicas of weapons into any school district buildings, onto school property, to any school-sponsored activity, and onto any public

vehicle providing transportation to or from school or a school-sponsored activity or while the student is coming to or from school.

The Board shall expel for a period of not less than one (1) year any student who violates this weapons policy. Such expulsion shall be given in conformance with formal due process proceedings required by law and Board policy. The Superintendent may recommend modifications of such expulsion requirement on a case-by-case basis.

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.

Weapons shall include but is not limited to any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, replica of a weapon, and any other tool, instrument or implement capable of inflicting serious bodily injury. ### **Guidelines for Special Education Students (Policy 113, 113.1)**

Students with disabilities who violate the Code of Student Conduct/ Disciplinary Action Schedule, or engage in inappropriate behavior, disruptive or prohibited activities and/or actions injurious to themselves or others, which would typically result in corrective action or discipline of students without disabilities, shall be disciplined in accordance with state and federal laws and regulations and Board policy and, if applicable, their Individualized Education Program (IEP) and Positive Behavior Support Plan.

The district shall comply with provisions and procedural safeguards of the Individuals with Disabilities Education Act (IDEA) and federal and state regulations when disciplining students with disabilities for violations of Board policy or district rules or regulations. No student with a disability shall be subjected to a disciplinary change in placement if the student's particular misconduct is a manifestation of his/her disability. However, under certain circumstances a student with a disability may be placed in an interim alternative educational setting by school personnel or the IEP team could, if appropriate, change the student's educational placement to one which is more restrictive than the placement where the misconduct occurred.

The ability of school districts to exclude students with disabilities for disciplinary violations depends upon three factors: (1) whether the exclusion constitutes a "change of placement;" (2) whether the conduct was a "manifestation of the disability;" and (3) whether the conduct is the result of an "inappropriate placement."

Each case represents unique circumstances that must be analyzed individually to ensure that proper procedures are followed. Refer to Policy 113.1 for specific guidelines.

The purpose of the Family Educational Rights and Privacy Act ("FERPA") is to protect the privacy of student records. The law also assures that educational records which are vital to the appropriate education of a student are accessible to the school professionals working with that student. Detailed information on FERPA may be found in the Student Records portion of the district's Discipline & Records Policy distributed to parents via the Back to School portal at the start of each school year.

FERPA requires the District, with certain exceptions, to obtain your written consent prior to the disclosure of personally identifiable information from your student's education records. However, the District may disclose "directory information" without written consent, unless you have advised the

District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include information from your student's education records in certain school publications. Examples include but are not limited to: playbills or programs for an activity or sport; the yearbook; honor roll or other recognition lists; graduation programs; sports activity sheets or programs, showing weight and height of team members; school directories; and images of students involved in school activities in District publications, web sites, and social media.

Directory information can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings, publish yearbooks or publishing directories such as the Who's Who in American High School Students; PTO/HSA directories; athletic leagues and local media representatives for student involved in school activities.

The District has designated the following information as directory information: Student's name, address, telephone listing, electronic mail address, parent telephone number, parent electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status, participation in officially recognized school activities and sports, weight and height of members of athletic teams, degrees, honors, and awards received, the most recent educational agency or institution attended, and student ID number, user ID, or other unique personal identifier used to communicate in electronic systems or displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

If you do not want the District to disclose directory information, you must inform your student's principal in writing. Please be aware, if you indicate that you "do not" grant permission for directory information to be released, your student's name and/or image will not appear in the school's yearbook or any published school or classroom directory. Should your student be involved in athletics, theatrical or musical productions, or other school-related activities that receive media coverage, your student's name and picture will not be published.

In the event no written notice is received, the District will assume that you have given permission to release your student's directory information. If during the course of the school year you desire to change your election regarding directory information, you must notify your student's building principal in writing.

### **School Visitors (Policy 907)**

All visitors to the school shall comply with Board Policy 907. All visitors shall be required to submit to a Raptor (or other such building level security program that may exist) scan to proceed beyond the school building office.
