

East Bradford Elementary

Dr. Christopher M. Alston
Principal

Welcome Visitors,

ROAR!!! Thank you for visiting the East Bradford Elementary website; home of the Cougars. I am Dr. Christopher M. Alston, the very proud principal of East Bradford Elementary. We pride ourselves for putting students' needs above all, and we work tirelessly to meet the needs of every student in our building.

East Bradford provides a rigorous, comprehensive, research-based curriculum designed to meet the academic, and social needs of all students. We value and respect the beliefs, customs, and cultures of all our families, and strive to deliver a culturally informed curriculum that meets the individual and collective needs every student.

East Bradford Elementary takes pride in the relationships that we have cultivated with our community, and we greatly appreciate the support from our parents and the Greater West Chester Area. It is our belief, that for a school to function successfully, we must build meaningful and lasting relationships with all stakeholders. We look forward to having a joyous and educational school experience.

Joyfully,

Dr. Christopher M. Alston

Principal
