

Teacher App

- You will need to configure your gradebook using a configuration tool in the PowerSchool Teacher App
- PowerSchool only allows you to use the 4 default categories that come with PowerSchool – Homework, Quiz, Test and Project
- If you set up categories in Schoology you will need to map them to the PowerSchool categories in the Configuration section of the Teacher App

Sync Grades **Configuration**

Configuration

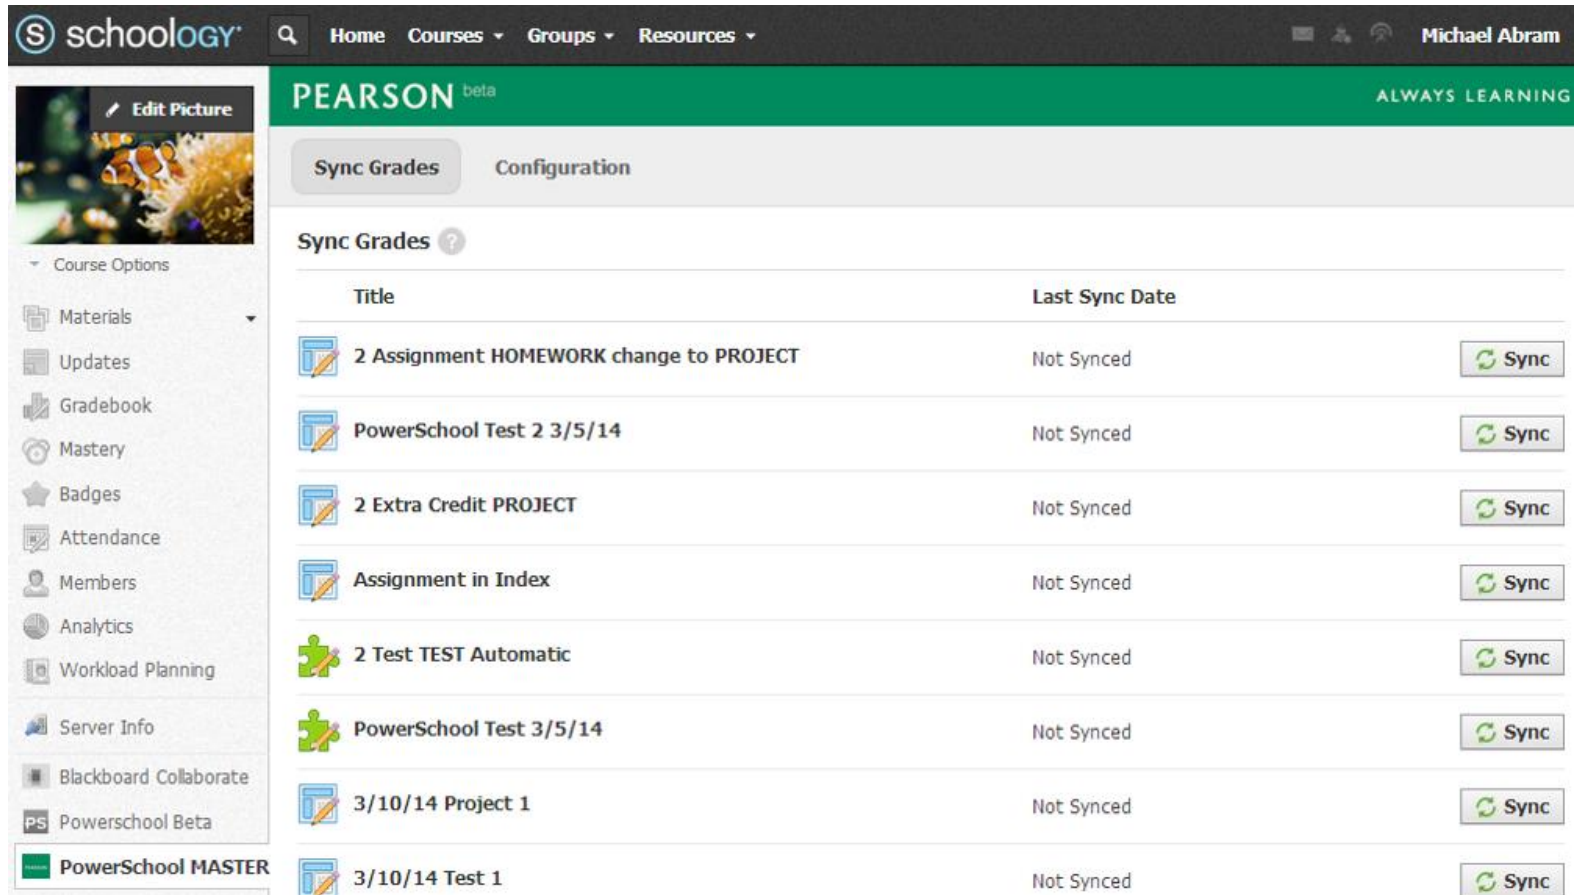

By default **U.S. History: Section 22's** grading categories are mapped to PowerSchool's TEST. This has been your category mapping preferences, select the checkbox below.

Customize grade category mapping

Schoology Course Categories	PowerSchool Categories
Homework <input type="button" value="Add"/>	→ HOMEWORK
Classwork <input type="button" value="X"/>	→ TEST If needed, you can map more than one Schoology category to a PowerSchool category
Test <input type="button" value="Add"/>	→ QUIZ
-- <input type="button" value="Add"/>	→ TEST You may also leave some categories unmapped
Project <input type="button" value="Add"/>	→ PROJECT

Teacher App

- There will also be a Sync Grades option in the integration once the configuration is done

The screenshot shows the Schoolology Teacher App interface. The top navigation bar includes the Schoolology logo, a search icon, and menu items for Home, Courses, Groups, and Resources. The user's name, Michael Abram, is displayed in the top right. The main content area is titled 'PEARSON beta' and 'ALWAYS LEARNING'. Below this, there are two tabs: 'Sync Grades' (selected) and 'Configuration'. The 'Sync Grades' section features a table with the following data:

Title	Last Sync Date	Sync
2 Assignment HOMEWORK change to PROJECT	Not Synced	Sync
PowerSchool Test 2 3/5/14	Not Synced	Sync
2 Extra Credit PROJECT	Not Synced	Sync
Assignment in Index	Not Synced	Sync
2 Test TEST Automatic	Not Synced	Sync
PowerSchool Test 3/5/14	Not Synced	Sync
3/10/14 Project 1	Not Synced	Sync
3/10/14 Test 1	Not Synced	Sync

Gradebook Integration
