Enrollment of Students (**Policy 200**)

The district shall enroll school age students eligible to attend district schools in accordance with applicable laws and regulations, Board policy and administrative guidelines.

Definitions

School age shall be defined as the period from the earliest admission age for the district's kindergarten program until graduation from high school or the end of the school term in which the student reaches the age of twenty-one (21) years, whichever occurs first.

District of residence shall be defined as the school district in which a student's parent/legal guardian resides.

Beginners are students entering the lowest grade above kindergarten.

Guidelines

School age resident students and eligible nonresident students shall be entitled to attend the schools of their district of residence.

The district shall not enroll a student until the parent/guardian has submitted proof of student's age, residence, immunizations, and a completed Parental Registration Statement, as required by law and regulations.

The district shall administer a home language survey to all students enrolling in the district's schools for the first time.

The district shall immediately enroll students experiencing homelessness, foster care, and other forms of educational instability, even if the student or parent/guardian is unable to produce the required documents, in accordance with Board policy, law and regulation.

The district shall not inquire about the immigration status of a student as part of the enrollment process.

Enrollment requirements and administrative guidelines shall apply to nonresident students approved to attend district schools in accordance with Board policy.

Students with disabilities shall be entitled to attend district schools in accordance with their Individualized Education Program (IEP) and applicable state and federal laws and regulations.

School Age Requirements

Kindergarten –

Children are eligible for admission to kindergarten if they have attained the age of five (5) years on or before September 1.

The district is not required to admit a child to kindergarten whose age is less than the district's established admission age for kindergarten students.

Beginners/First Grade –

Children are eligible for admission to the district as beginners/the first grade if they have attained the age of six (6) years on or before September 1.

They shall be admitted to school during the first two (2) weeks of the annual school term, and thereafter at the district's discretion, except: (a) children who are six (6) years of age may begin school at any time during the school year; and (b) children who are six (6) years of age and have entered primary school in another public or private school and have transferred to a district public school may be admitted at any time during the school year.

The district may admit as a beginner into the first grade a child who is five (5) years old and demonstrates readiness for entry by the first day of the school term, upon the written request of the parent/guardian, recommendation of the district psychologist, and approval of the Superintendent.

A child moving into the district who is not eligible for admission as a beginner who was already attending first grade may be considered for first grade placement based on the child's previous experience and the program's compatibility with the district's program.

The district is not required to admit as a beginner any child whose age is less than the district's established admission age for beginners.

The Superintendent or designee may make special exceptions for students not meeting the age requirements for admission, who transfer from a program in other school districts, and may promulgate administrative guidelines.

Enrollment Requirements of Resident Students

The district shall not enroll a student until the parent/guardian has supplied:

1. Proof of child's age

Acceptable documentation includes: birth certificate, notarized copy of a birth certificate, baptismal certificate, copy of the record of baptism – notarized or duly certified and showing the date of birth, notarized or attested statement from the parents or another relative indicating the date of birth, a valid passport, or a prior school record indicating the date of birth.

2. Immunizations required by law

Acceptable documentation includes: either the child's immunization record, a written statement from the former school district, or from a medical office that the required immunizations have been administered, or that a required series is in progress, or verbal assurances from the former school district, or a medical office that the required immunizations have been completed, with records to follow.

3. Proof of residency

Acceptable documentation includes: a deed, a lease, a multiple occupancy form (200AG3) when the parent/guardian is residing in the home of another district resident, current utility bill, current credit card bill, property tax bill, vehicle registration, driver's license, or DOT identification card. The district may require that more than one (1) form of residency confirmation be provided. In verifying residency, the district shall require only such information as is deemed reasonable in light of a family's circumstances.

4. Parental Registration Statement

A sworn statement or affirmation attesting to whether the student has been or presently is suspended or expelled for offenses involving drugs, alcohol, or weapons; violence or conviction or adjudication for sexual assault against a student in the same school, as required by Pennsylvania School Code.

However, the district shall not deny or delay a student's enrollment based upon information contained in the student's certified disciplinary record or Parental Registration Statement, but may provide alternative education services to students who are currently expelled for a weapons offense or conviction or adjudication for sexual assault against a student in the same school, in accordance with applicable law. If a student has been expelled from a previous district for reasons other than a weapons offense or conviction or adjudication for sexual assault against a person in the same school, the district will review the student's prior performance and school record to determine the services and supports that will be provided upon enrollment in the district.

5. Home Language Survey

The district shall administer a home language survey to all students enrolling in the district's schools for the first time.

Upon enrollment, the district shall contact the student's former school and request a certified copy of the student's education records, and, if applicable, the student's discipline records. The district shall enroll eligible students within five (5) business days of application regardless of receipt of records from previous districts.

Items that may not be requested as part of enrollment are: (a) social security number; (b) the reason for the child's placement if not living with natural parents; (c) child's or parent's visa; (d) agency records; or except for the limited circumstances, permitted by law (e) a court order or records relating to a dependency proceeding.

Change of Address

When a student or parent/guardian notifies the school of a change of address within the district's boundaries, the parent/guardian will be required to bring proof of residence to the school.

A new student registration form will be filled out with the student's name, date of birth, new address, telephone number, school attending and grade.

The documentation accepted as proof should be noted on the registration form, and a copy of the document retained.

Emancipated Minor

Emancipated minors, students under the age of twenty-one (21) who have established a residence apart from parent/guardian, may enroll without any additional assistance from a parent/guardian.

Custody Agreements

A student may only have one (1) school district of residence. If the parents of a child share joint custody and the child's time is evenly divided between the residences of each parent, the parents may select one (1) of the school districts and enroll the child in that district.

When the parents of a student reside in different school districts, the student may attend the school district of residence of the parent with whom the student lives for a majority of the time, unless a court order or court approved custody agreement specifies otherwise.

If the individual enrolling the child is relying on a court order or custody agreement as the basis for enrolling the child, the district may require submission of the court order or custody agreement. The district shall not require submission of a custody order or agreement as a condition of enrollment under any other circumstance.

Special Education

District residents who: (a) are eligible for special education in accordance with Chapter 14 of the regulations of the State Board of Education, or any successor regulations thereto; (b) are under the age of twenty-one (21) and have a Graduation Equivalency Diploma (GED) and have not graduated from an accredited public or private high school program, shall remain eligible to receive free public education from the school district through the end of the school term of their twenty-first year.

Students and Families with Limited English Proficiency

Students and families with limited English proficiency will be provided translation and interpretation services to the extent needed to help the family understand the enrollment process and enroll the students properly.

Address Confidentiality Program (ACP)

Some families may enroll a student using an ACP card which lists a post office box as their address. This is their legal address and school districts shall not require additional information regarding their residence. School records from the student's former school will be forwarded through the ACP. If there are questions about the family's eligibility for enrollment, contact the ACP at 1-800-563-6399.

Delegation of Responsibility

The Superintendent or designee shall annually notify students, parents/guardians, and staff about the district's policy on student enrollment and admissions by publishing such policy in the student handbook, parent newsletters, district website, and other efficient methods.

The Superintendent or designee shall develop and disseminate administrative guidelines for the enrollment of eligible students in district schools.

The Board may permit the admission of nonresident students in accordance with Board policy.

The Board shall require that appropriate legal documentation showing dependency or guardianship, or a sworn statement of full residential support be filed with the Superintendent or designee before an eligible nonresident student may be accepted as a student in district schools. The district may require a resident to submit additional, reasonable information to substantiate a sworn statement, in accordance with guidelines issued by the PA Department of Education.

The district reserves the right to verify claims of residency, dependency, and guardianship and to remove from school attendance a nonresident student whose claim is invalid.

If information contained in the sworn statement of residential support is found to be false, the student shall be removed from school after notice is given of an opportunity to appeal the student's removal, in accordance with Board policy and administrative guidelines.

The district shall not be responsible for transportation to or from school for any student residing outside district boundaries.

Tuition rates shall be determined annually in accordance with statute, if applicable. Tuition shall be charged monthly, in advance of attendance.

Guidelines

In addition to the required enrollment documentation, the district resident shall supply one (1) of the following:

1. A sworn statement by the resident consistent with law; or
2. Appropriate legal documentation to show dependency or guardianship.

The district may require other information to be submitted by the resident to substantiate the sworn statement.

Nonresident Children Placed in Resident's Home

Any child placed in the home of a district resident by a court or government agency shall be admitted to district schools and shall receive the same benefits and be subject to the same responsibilities as resident students.

Residents of Institutions

A child who is living in or assigned to a facility or institution for the care or training of children that is located within the district is not a legal resident of the district by such placement; but the student shall be admitted to district schools, and a charge shall be made for tuition in accordance with law.

Incarcerated Juveniles

A juvenile who is eligible for educational services and is confined to an adult local correctional institution following conviction for a criminal offense shall receive educational services from the school district in the same manner and extent as an expelled student.

A juvenile who is eligible for educational services and is confined to an adult local correctional institution following a charge for a criminal offense shall receive educational services from the district in the same manner and extent as a student placed in an alternative education program for disruptive students.

Students returning from a delinquency placement are entitled to an informal hearing prior to being placed in an alternative education program. The purpose of the hearing is to determine whether the student is currently fit to return to the regular classroom or meets the definition of a disruptive student.

Students Experiencing Educational Instability

The district shall immediately admit students experiencing homelessness, foster care, and other forms of educational instability, even if the required documents are unavailable, in accordance with Board policy, law and regulation.

If the student does not become a resident of the district by November 1, the student shall be withdrawn from school or tuition shall be required until residency is established.

Parents/Guardians of students who claim admission on the basis of future residency shall be required to demonstrate proof of the anticipated residency, which may include documentation of property purchase, construction contract or a lease/rental agreement.

Transportation shall be the responsibility of the student until residency is established within the district.

Former Residents

A resident student who ceases to live within the boundaries of the district after April 1 shall be allowed to finish the school year without the payment of tuition.

A resident student who ceases to live within the boundaries of the district prior to April 1 may be allowed to finish the school year without the payment of tuition, upon approval of the Superintendent or designee.

Transportation shall be the responsibility of the student.

Foreign Exchange Students

Foreign exchange students shall be admitted to district schools in accordance with Board policy and law.

Other Nonresident Students

A nonresident student may be admitted to district schools without payment of tuition where attendance is justified on the grounds that the student lives full-time and not just for the school year with district residents who have assumed legal dependency or guardianship or full residential support of the student.

Special Needs and Accommodations

If a truant or habitually truant student may qualify as a student with a disability, and require special education services or accommodations, the Director of Pupil Services shall be notified and shall take action to address the student's needs in accordance with applicable law, regulations, and Board policy.

For students with disabilities who are truant or habitually truant, the appropriate team shall be notified and shall address the student's needs in accordance with applicable law, regulations, and Board policy.

Discipline

The district shall not expel or impose out-of-school suspension, disciplinary reassignment, or transfer for truant behavior.

Charter Schools

Where the district is required by law to prosecute a habitually truant charter school student upon notification by the charter school, the district shall utilize the charter school's attendance policy to determine unlawful absences.

Attendance Guidelines (204AG1)**Absences**

Excuse forms shall be completed and turned into the school by the student within three (3) school days of the absence. The absence of any student failing to comply with this time period will automatically become unlawful or unexcused. Excuse notes may be submitted by e-mail from a registered e-mail address in the district's student information system, including through approved digital platforms, without an original signature. All other excuse notes shall require an original signature.

Where board policy or guideline requires preapproval of an absence, the required preapproval shall be obtained in advance of the absence. Failure to obtain advance preapproval will automatically render the absence unlawful or unexcused.

Excused or lawful-absences will generally be recognized as cumulative or noncumulative.

Cumulative absences refer to days that contribute to the allotted number of days a student may

be absent and excused by parent note. **Noncumulative absences** are absences that do not contribute to the specified days students may be absent and excused by parent note.

The following limitations apply for cumulative excused/lawful absences verified by note from a person in parental relation (“parent note”):

1. A maximum of fifteen (15) days of excused absences for a student verified by a parent note are permitted per school year. All absences beyond the fifteenth (15th) day will require a note from a licensed practitioner of the healing arts.
2. Nonschool sponsored education tours or trip, including family vacations, a maximum of five (5) days per school year may be preapproved by the building principal per school year. The following will be taken into consideration by the building principal in granting permission for the trip:
 - a. The student's academic standing
 - b. The student's attendance record
 - c. The effect the absence will have on the student's educational welfare
 - d. The exceptionality of the request

Days approved for non-school-sponsored education tours, trips or family vacations shall be counted toward the maximum of fifteen (15) days of excused absences which may be verified by a parent note and are not in addition to the permitted fifteen (15) days verified by parent note.

3. When a single absence extends more than five (5) consecutive days in length, a licensed practitioner of the healing arts note is required by the sixth (6th) day of absence, even if parent notes are not exhausted.

The following excused or lawful absences are designated as “noncumulative” only when the student and person in parental relation comply with board policy and guidelines; all other excused or lawful absences are considered to be “cumulative” and are counted toward the limitation of absences permitted to be excused by parent notes:

1. Suspensions from school.
2. Illness verified by a note from a licensed practitioner of the healing arts submitted within three (3) school days of a student's return. Please note: A note from a licensed practitioner of the healing arts must include the general reason for the absence. (i.e.: appointment, illness, hospitalization, etc.) and the specific dates for the identified reason for the absence for which the practitioner is providing an excusal note.
3. Death in the family when accompanied by a note within three (3) school days of a student's return. Up to (5) five days will be approved for an immediate family member. If services are occurring outside of the country, any additional days will need to be approved by the building administrator.
4. Religious holidays when accompanied by a note within three (3) school days of a student's return.
5. Pre-approved college, postsecondary institution or career visits only when College and Career Visit Permission/ Verification Form 204AG2 is: (1) submitted to the building principal or designee in advance of the visit for approval; (2) the building principal or designee approves the visit in their sole discretion; (3) the form is signed by a representative of the college, postsecondary institute or business; and (4) the form is

submitted to the school within three (3) school days of the student's return. Failure to comply with all steps will result in an unlawful or unexcused absence.

6. Court hearings when accompanied by a note within three (3) school days of a student's return.
7. Participation in a musical performance in conjunction with a national veterans' organization or incorporated unit for an event or funeral, provided the required verification is submitted prior to the date of the absence.
8. Participation in a project sponsored by a statewide or countywide 4-H or FFA or combined 4-H and FFA group, provided written approval is obtained prior to the date of the absence.

Unlawful or unexcused absences: Any absence which does not meet the definition of an excused or lawful absence, including but not limited to the following:

1. Any day for which a written excuse is not submitted within three (3) school days of a student's return from an absence, including notes from a licensed practitioner of the healing arts.
2. Any cumulative absence not excused by a note from a licensed practitioner of the healing arts after fifteen (15) days of absences verified by receipt of a parent note.
3. Any absence due to a non-school-sponsored education tour or trip, including a family vacation, after the fifth of the five (5) day maximum per school year.
4. Any absence requiring preapproval or verification where preapproval or verification was not obtained.
5. Any other absence not meeting the criteria for an excused or lawful absence.

For students who are 18 or older and not of compulsory age, unlawful absences shall be unexcused absences.

All unlawful/unexcused absences shall be considered to be cumulative absences.

Unlawful Lateness and Early Dismissal

An unlawful lateness (tardy) is defined as a minimum of one (1) minute of lateness to school. An early dismissal is considered leaving prior to the end of the student day. All tardies and early dismissals are considered unlawful unless the reason for the tardy or early dismissal falls in the category of an excused or lawful absence designated as "noncumulative" as set forth herein, AND the student and person in parental relation comply with Board policy and guidelines for the type of absence, including, but not limited to, obtaining preapproval for the tardy or early dismissal where required and timely submission of the note from the required individual or entity.

No student may be released on the basis of an unvalidated telephone call or e-mail.

Children of separated parents may be released only upon the request of the parent who has custody under the custody agreement on file with the school building. If there is a dispute regarding to which parent the student may be released under the custody agreement or otherwise, the designated administrator will be contacted; if they are unavailable, then the district's solicitor may be contacted.

Unlawful Lateness and Early Dismissals shall be handled as follows:

1. **Elementary School:** Eight (8) unlawful lateness and/or early dismissals shall be considered one (1) unlawful absence in grades K-5.
2. **Middle School:** Every time a student accumulates eight (8) unlawful lateness and/or early dismissals, a detention shall be assigned. The number of unlawful lateness to school and early dismissals will be cumulative by semester and will reset at the beginning of each semester.
3. **High School:** Every time a student accumulates eight (8) unlawful lateness to school, a detention shall be assigned. Every time a student accumulates eight (8) unlawful early dismissals a detention shall be assigned. The number of unlawful lateness to school and early dismissals will be cumulative by semester and reset at the beginning of each semester.

Additional Guidelines

1. Ten (10) consecutive days of unlawful absence. Unless the district has been provided with evidence that the absence may be legally excused or the district is pursuing compulsory attendance prosecution, a student will be dropped from the district's active attendance roll after ten (10) consecutive school days of absence. Where the district is notified in advance the family is utilizing ten (10) parent notes and five (5) preapproved non-school sponsored trip notes consecutively, the student will be dropped from the district's active attendance roll after fifteen (15) school days of absences. Removal from the district's active attendance roll does not remove the person in parental relations' compulsory attendance obligations for a student of compulsory attendance age. The disenrollment procedure is not applicable to students with an IEP. The district will comply with state and federal law when disenrolling a student with an IEP.
 - a. Where the district is made aware that the family will be taking a prolonged trip exceeding the use of the allowable fifteen (15) parent notes, the student will be withdrawn from the district.
 - b. When a student is dropped from the district's attendance roll, or withdrawn from the district, and subsequently reenrolls in the district during the same school year, absences prior to unenrollment will be cumulative with absences after reenrollment. For example, if all parental excused absences were utilized prior to withdrawal, the student will not have additional parental excused absences after reenrollment during the same school year.
2. Fifteen (15) or more days of absences, excused by a licensed practitioner of the healing arts: The school nurse will call the licensed practitioner of the healing arts to seek more information regarding the absences to ensure that the appropriate supports can be put in place for the students.
3. Attendance Process:
 - a. Parents/guardians will receive notification after the 1st, 2nd, and 3rd unlawful absence.
 - b. Following the 4th unlawful absence, parents/guardians will be contacted with a request to attend a Student Attendance Improvement Conference (SAIC) where a Student Attendance Improvement Plan (SAIP) will be developed. A SAIC meeting will take place and can include the student, family, school team and outside supports.
 - c. Following the 6th unlawful absence the school team will make a determination

- regarding referrals and/or the filing of citations for the habitual truancy.
- d. School teams, including principal, grade level administrator, counselor, caseworker, nurse, and other staff deemed necessary, may meet to review, discuss, and determine supports needed for the student.

Student Rights and Responsibilities (Policy 235)

This policy sets forth guidelines by which student rights and responsibilities are determined, consistent with law and regulations.

The Board has the authority and responsibility to establish reasonable rules and regulations for the conduct and deportment of district students. At the same time, no student shall be deprived of equal treatment and equal access to the educational program, due process, a presumption of innocence, and free expression and association, in accordance with Board policy, administrative guidelines and school rules.

Guidelines

Attendant upon the rights established for each student are certain responsibilities, which include regular attendance; conscientious effort in classroom work and homework; conformance to Board policies, administrative guidelines and school rules and regulations; respect for the rights of teachers, students, administrators, and all others who are involved in the educational process; and expression of ideas and opinions in a respectful manner.

It shall be the responsibility of the student to:

1. Be aware of all policies, administrative guidelines, rules, and regulations for student behavior and conduct themselves accordingly. Each student shall assume that, until a rule is waived, altered, or repealed in writing, it is in effect.
2. Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
3. Dress and groom to meet standards of safety and health, and not to cause substantial disruption to the educational processes.
4. Assist the school staff in operating a safe school.

6. Exercise proper care when using district facilities, school supplies and equipment.
7. Attend school daily and be on time to all classes and other school functions.
8. Make up work when absent from school.
9. Pursue and attempt to satisfactorily complete the courses of study prescribed by local school authorities.
10. Report accurately in student media.
11. Not use obscene language in student media or on school property.

Violations of this policy may result in disciplinary action, consistent with the Code of Student Conduct/Disciplinary Action Schedule and Board policy.

A listing of students' rights and responsibilities shall be included in the Code of Student Conduct/Disciplinary Action Schedule, which shall be distributed annually to students and parents/guardians.

Delegation of Responsibility

The Superintendent or designee may develop administrative guidelines consistent with law and Board policy to ensure that student rights under specific conditions are properly recognized and maintained.

Surveys (Policy 235.1)

This policy sets forth guidelines regarding the conduct of surveys and collection and use of information for marketing purposes, consistent with law and regulations.

Personal information means individually identifiable information, including a student's or parent's/guardian's first and last name; home or physical address, including street name and the name of the city or town; telephone number; or social security number.

For purposes of this policy, **protected information**, as addressed by the Protection of Pupil Rights Amendment (PPRA), includes:

1. Political affiliations or beliefs of the student or student's parent/guardian.
2. Mental or psychological problems of the student or student's family.
3. Sex behavior or attitudes.
4. Illegal, anti-social, self-incriminating or demeaning behavior.
5. Critical appraisals of other individuals with whom respondents have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or student's parent/guardian.
8. Income, other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

Surveys conducted by outside agencies, organizations and individuals shall be approved by the Superintendent or designee prior to administration to students.

Guidelines

All surveys and instruments used to collect information from students shall relate to the district's educational objectives.

U.S. Department of Education Funded Surveys

No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, to submit to a survey, analysis or evaluation that reveals protected information without written parental consent for students under eighteen years of age or written consent of emancipated students or those over eighteen (18) years of age.

All instructional materials, including teachers' manuals, films, tapes, or other supplementary material, that will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be made available for inspection by the parent(s)/guardian(s) of the student.

Surveys Funded by Other Sources

Parents/Guardians shall be informed of the nature and scope of individual surveys and their relationship to the educational program of their student and the parent's/guardian's right to inspect, upon request, a survey created by a third party prior to administration or distribution to a student. Such requests shall be in writing and submitted to the Superintendent or designee.

Parents/Guardians shall be informed of their right to have their student excluded from any research studies or surveys conducted by entities other than a school entity without prior written consent.

Collection of Information for Marketing, Sales, or Other Distribution Purposes

The district shall notify parents/guardians of any activities involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or selling, or otherwise providing the information to others for that purpose.

The parent/guardian has the right to inspect the instrument used in collection of personal information for the purpose of marketing or selling that information and opt the student out of participating in any activity that results in the collection, disclosure, or use of personal information for purposes of marketing or selling that information.

This provision does not apply to the collection, disclosure or use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following: recruiters, book clubs, curriculum and instructional materials used by schools, sale by students of products or services to raise funds for school-related or education-related activities, or student recognition programs.

Privacy

The district shall implement procedures to protect student identity and privacy when a survey containing one or more of the items listed under protected information is administered or distributed to a student and in the event of the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.

Student and Parent/Guardian Rights

Under federal law, the rights provided to parents/guardians under this policy transfer to the student when the student turns eighteen (18) years old or is an emancipated minor. These rights do not transfer under state law; therefore, parents/guardians retain their rights to receive notice and to inspect.

Delegation of Responsibility

The Superintendent or designee shall notify parents/guardians and students of:

1. This policy and its availability.

2. The specific or approximate dates during the school year when activities described above are scheduled or expected to be scheduled.
3. How to opt their student out of participation in activities as provided in this policy.
4. How to request access to any survey or other material described in this policy.

This notification shall be given at least annually, at the beginning of each school year, and within a reasonable time after any substantive changes regarding the contents of this policy.

The Superintendent or designee may establish administrative guidelines for protecting student identity and privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.

Student Expression/Dissemination of Materials (Policy 220)

The right of public school students to freedom of speech is guaranteed by the Constitution of the United States and the constitution of the Commonwealth. The Board respects the right of students to express themselves in word or symbol, and to disseminate nonschool materials to others as a part of that expression. The Board also recognizes that the exercise of that right is not unlimited and must be balanced with the district's responsibility to maintain a safe and orderly school environment and to protect the rights of all members of the school community.

This policy addresses student expression in general as well as of expressive materials that are not part of district-sponsored activities (nonschool materials).

This policy does not apply to materials sought to be disseminated as part of the curricular, athletic, or extracurricular programs of the district, which shall be regulated separately as part of the school district's educational program. Materials sought to be disseminated by non-students are regulated by other Board policy.

Definitions

For the purposes of this policy, **dissemination** shall mean students distributing or publicly displaying nonschool materials to others:

1. On school property, on school district provided transportation or during school-sponsored activities by placing such materials upon desks, tables, on or in lockers, walls, doors, bulletin boards, or easels; by handing out such materials to other persons; or by any other manner of delivery to others; or
2. At any time or location when creating or sending information using email, websites, online platforms, social media, or other means that are owned, provided, or sponsored by the school district.

Expression means verbal, written or symbolic representation or communication.

Nonschool materials means any printed, technological, or written materials, regardless of form, source, or authorship, that are not prepared as part of the curricular or approved, athletic,

or extracurricular programs of the district. This includes, but is not limited to, fliers, invitations, announcements, pamphlets, posters, online discussion areas and digital bulletin boards, personal websites, and the like.

Limitations on Student Expression

Students have the right to express themselves unless such expression is likely to or does materially and substantially disrupt or interfere with the educational process, including school activities, schoolwork, discipline, safety and order on school property, district-provided transportation, or at school functions; threatens serious harm to the school or community; encourages unlawful activity; or interferes with another's rights. Student expression is prohibited to the extent that it:

1. Violates federal, state, or local laws, Board policy, administrative regulations/guidelines or district rules or procedures;
2. Is defamatory, obscene, lewd, vulgar, or profane;
3. Advocates the use or advertises availability of any substance or material that may reasonably be believed to constitute a direct and serious danger to the health or welfare of students, such as tobacco/nicotine/vaping products, alcohol or illegal drugs;
4. Incites violence, advocates use of force or threatens serious harm to the school or community;
5. Materially and substantially disrupts or interferes with the educational process, such as school activities, schoolwork, discipline, safety, and order on school property, on district-provided transportation or at school functions;
6. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs; or
7. Violates written district procedures on time, place, and manner for dissemination of otherwise protected expression.

Student expression that occurs on school property, on district provided transportation or at school-sponsored events or occurs at any time or place when created or communicated using district-provided equipment, email, websites, or other technological resources, is subject to this policy. The limitations, prohibitions and requirements of this policy shall apply to expression that occurs outside the foregoing circumstances only when and to the extent that the out-of-school expression:

1. Incites violence, advocates use of force or otherwise threatens serious harm directed at students, staff, or the school environment;
2. Materially and substantially disrupts or interferes with the educational process, such as school activities, schoolwork, discipline, safety, and order on school property, on district provided transportation or at school functions; or
3. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs.

Dissemination of Nonschool Materials

The Board requires that dissemination of nonschool materials shall occur only at the places and during the times set forth in written procedures. Such procedures shall be written to permit

the safe and orderly operation of schools, while recognizing the rights of students to engage in protected expression.

The Board requires that students who wish to disseminate nonschool materials on school property shall obtain approval by submitting them at least two (2) school days in advance to the building principal or designee, who shall forward a copy to the Superintendent.

If the nonschool materials include matters prohibited this policy, the building principal or designee shall promptly notify the students of the nature of the violation and that they may not disseminate the materials until the violation is corrected and the materials are resubmitted for approval. If notice of disapproval is not given during the period between submission and the time for the planned dissemination students may consider the request approved and proceed with dissemination as requested, subject to all other established procedures and requirements relating to time, place, and manner of dissemination. Students may nonetheless be directed to cease or suspend dissemination if it is later determined that the materials or the dissemination of them are in violation of this policy or implementing rules and procedures.

Students who disseminate printed non-school materials shall be responsible for clearing any litter that results from their activity and shall schedule the event so that they do not miss instructional time themselves.

Printed non-school materials displayed in a fixed location of a school building shall bear the date when placed in each location. The district may remove the materials within ten (10) days of the posting or other reasonable time as stated in applicable procedures.

Review of Student Expression

Review of nonschool materials proposed for dissemination shall be conducted promptly so as to avoid unreasonable delay in dissemination.

School officials shall not censor or restrict nonschool materials or other student expression for the sole reason that it is critical of the school or its administration, or because the views espoused are unpopular or may make people uncomfortable.

Student-initiated religious expression is permissible, and apart from regarding time, place, and manner, shall not be restricted unless the expression violates some other aspect of this policy, e.g., because it is independently determined to be in violation of this policy for reasons other than the religious nature of the content.

Appeal of the reviewer's decision may be made to the Superintendent and then to the Board, in accordance with Board policy and district procedures.

Delegation of Responsibility

The Superintendent shall assist the building principal in determining the designation of the places and times nonschool materials may be disseminated in each school building. Such designations may take into account, maintenance of the flow of student traffic throughout the school and shall limit dissemination of nonschool materials to noninstructional times.

When student dissemination of nonschool materials or other student expression violates this policy, the building principal may determine what if any disciplinary or other consequences should be imposed. Disciplinary actions shall be in accordance with applicable Board policy and the Code of Student Conduct.

This Board policy and any procedures written to implement this policy shall be referenced in student handbooks so that students can access them for further information.

By adopting this policy, the Board does not intend to create an open public forum, as defined by law. The provisions of this policy and its administrative guidelines/regulations specifically prohibit such creation.

Permission to disseminate materials does not signify endorsement by the district. All materials shall contain a disclaimer.

Student Expression/Dissemination of Materials (220AG1)

These procedures address the dissemination by students of nonschool materials that are not part of the curricular, athletic, or extracurricular program of the district. Materials sought to be disseminated as part of the curricular, athletic, or extracurricular program of the district will be regulated as part of the district's educational program and are not subject to the time, place and manner provisions set forth herein.

Students may disseminate nonschool materials, provided that the form of expression and/or the use of public school facilities and equipment is/are in accordance with Board Policy 220 (Student Expression/Dissemination of Materials), the Code of Student Conduct, these procedures, and the school dress code, if applicable. It is the responsibility of students intending to disseminate nonschool materials to become familiar with the provisions of Board Policy 220 and pertinent provisions of the Code of Student Conduct.

The district has no responsibility to assist students in or to provide facilities for the dissemination of nonschool materials.

Dissemination of Nonschool Materials

In conjunction with the procedures set forth in Policy 220, the dissemination by students of all nonschool materials will be governed by the following procedures:

1. All nonschool materials, together with a copy of the plan of dissemination, must be submitted to the building principal by 9 AM no later than two (2) school days prior to the requested dissemination. The building principal will forward such information to the Superintendent or designee for approval. The plan will set forth in detail the desired time, place, and manner of dissemination, as well as the individuals involved.
2. Identification of the individual student or at least one (1) responsible person in a student group will be required upon submission for approval. The person wishing to disseminate such material must provide in writing their name, address, telephone number and organization, if any. This information will be filed in the building principal's office.
3. The Superintendent or designee will review the material, determine if it constitutes expression that is prohibited by Board policy, and inform the building principal or

designee of the decision. The building principal or designee will notify the student(s) planning to disseminate nonschool materials of the decision to grant or deny permission. If the decision is to not permit the dissemination, the building principal or designee will specify the reasons for the decision as well as the changes in the content of the material or in the plan of dissemination which must be made, if any, in order to secure such permission. If the student(s) desiring to disseminate such material make(s) such changes in a manner satisfactory to the Superintendent or designee prior to the planned dissemination, the building principal or designee may then grant permission to disseminate.

Time - When permission has been granted, students may disseminate approved nonschool materials only at the following times 30 minutes before the official start of school; during regularly scheduled lunch periods; 15 minutes after the official end of school; and at school-sponsored activities.

Place - Dissemination of approved nonschool materials on school property will be permitted only in locations that allow for the normal flow of traffic within the school and its exterior doors, including on sidewalks located on school property paralleling school driveways. Building entrance walkways and building lobbies will not be utilized for such dissemination.

Dissemination of approved nonschool materials will be permitted in the locations designated by the building principal for the school. No school building is required to provide a designated area for display of non-school materials.

Nonschool materials may not be disseminated during any regularly scheduled class unless specifically authorized by the Superintendent or designee.

Manner - Materials approved to be disseminated shall be required to display the appropriate district disclaimer, as directed by the building principal or designee. All nonschool materials must bear the district disclaimer.

DISCLAIMER: THE WEST CHESTER AREA SCHOOL DISTRICT IS NOT RESPONSIBLE FOR, AND DOES NOT ENDORSE, ANY STATEMENT, SENTIMENT OR OPINION PUBLISHED OR EXPRESSED IN THIS DOCUMENT. THIS DOCUMENT IS NOT PART OF, AND HAS NOT BEEN DISTRIBUTED AS PART OF, THE DISTRICT'S CURRICULAR, ATHLETIC OR EXTRACURRICULAR PROGRAMS.

All approved nonschool materials displayed in a fixed location shall be officially dated and the district shall remove the materials within ten (10) school days.

Any student who disseminates materials will be responsible for cleaning any resulting litter including any discarded pamphlets, fliers, or other documents.

No student will harass or otherwise interfere with the dissemination of approved nonschool materials by student(s), nor may a student in any way compel or coerce a student to accept any materials.

Disciplinary Consequences

Any student who violates any provision of Board Policy 220 or these procedures will be subject to disciplinary action, in accordance with Board policy and the Code of Student Conduct, which may in appropriate cases include suspension and/or expulsion from school.

Dress and Grooming (Policy 221)

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference.

The Board has the authority to impose limitations on students' dress in school. The Board will not interfere with the right of students and their parents/guardians to make decisions regarding their appearance, except when their choices disrupt the educational program of the schools or constitute a health or safety hazard.

Students may be required to wear certain types of clothing while participating in physical education classes, technical education, extracurricular activities, or other situations where special attire may be required to ensure the health or safety of the student.

The Board directs district staff to support students experiencing educational instability by waiving penalties related to a delay in compliance with Board policy, administrative guideline or school rules related to dress and grooming.

Delegation of Responsibility

The Superintendent or designee may develop administrative guidelines regarding student dress or grooming.

The building principal or designee shall be responsible to monitor student dress and grooming, and to enforce Board policy, administrative guidelines and school rules governing student dress and grooming.

The Superintendent or designee shall ensure that all administrative guidelines and school rules implementing this policy impose only the minimum necessary restrictions on the exercise of the student's taste and individuality.

Staff members shall be instructed to demonstrate, by example, positive attitudes toward compliance with Board policy, administrative guidelines, and school rules related to dressing and grooming.

Dress and Grooming Guidelines (221AG1)

Students are expected to wear attire appropriate for the educational program. Student attire and grooming shall permit the student to participate in learning without the risk to the health and safety of any student or school district personnel.

Students are expected to dress appropriately for weather conditions and in accordance with Board Policy and these administrative guidelines.

Student dress or appearance that materially and substantially interferes with the educational process, threatens the school or community, depicts, or encourages unlawful or otherwise prohibited activity, or interferes with another student's rights is not permitted.

Students may be required to wear certain types of clothing while participating in physical education classes, shops, extracurricular activities, or other situations when special attire may be required to insure the health or safety of the student.

Special dress codes may be prescribed for special events such as field trips, spirit days, dances, commencement, etc.

Absent an administrative exception to the contrary, students are expected to dress in accordance with Board Policy and these administrative guidelines during school hours and at school-sponsored events.

Students whose attire does not conform to applicable standards will be asked to put on appropriate clothing. Students may be asked to change into appropriate clothing, if available at school, or the student's parent/guardian will be called and asked to bring appropriate clothing to school.

Any questions about the dress code or the appropriateness of particular attire/appearance shall be directed to the building principal/assistant principal.

Student Integrity (Policy 218.3)

The district supports students' learning and academic achievement by encouraging them to produce academic work that is their own best effort, done with integrity, and displaying the best academic ethical behavior. If a student is found to have committed academic dishonesty or plagiarism, the National Honor Society advisor will be notified.

The Superintendent of designee may develop administrative guidelines to implement this policy.

Student Discipline (Policy 218)

The Board recognizes that student conduct is closely related to learning. An effective educational program requires a safe and orderly school environment.

Authority

The Board shall establish fair, reasonable and nondiscriminatory rules, and regulations regarding the conduct of all students in the district.

The Board shall adopt a Code of Student Conduct/Disciplinary Action Schedule to govern student discipline, and students shall not be subject to disciplinary action because of race, age, sex, color, religion, creed, sexual orientation, gender identity, national origin, ancestry, marital status, pregnancy, or handicap/disability. Each student must adhere to Board policies, administrative guidelines, and the Code of Student Conduct/Disciplinary Action Schedule governing student discipline.

The Board prohibits the use of corporal punishment by district staff to discipline students for violations of Board policies, the Code of Student Conduct/Disciplinary Action Schedule and district rules and administrative guidelines.

Any student disciplined by a district employee shall have the right to be informed of the nature of the infraction and the applicable rule or rules violated.

When suspensions and expulsions are imposed, they shall be carried out in accordance with Board policy.

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement, and Board policies and administrative guidelines.

On and Off-Campus Activities

This policy and the Code of Student Conduct/Disciplinary Action Schedule apply to the behavior of students at all times during the time they are under the supervision of the school, which specifically includes while under the supervision of the district as part of a cyber program or other virtual program, or at any time while on school property, while present at school-sponsored activities, and while traveling to or from school and school-sponsored activities or at other times while riding in school-provided means of transportation (“on-campus”).

This policy and the Code of Student Conduct also apply to student behavior that occurs at other times and places (“off-campus”) when:

1. The conduct involves, threatens, or makes more likely violence, use of force or other serious harm directed at students, staff, or the school environment;
2. The conduct materially and substantially disrupts or interferes with the school environment or the educational process, such as school activities, schoolwork,

- discipline, safety, and order on school property or at school functions;
3. The conduct interferes with or threatens to interfere with the rights of students or school staff or the safe and orderly operation of the schools and their programs;
 4. The conduct involves the theft or vandalism of school property; or
 5. The proximity, timing, or motive for the conduct in question or other factors pertaining to the conduct otherwise establish a direct connection to attendance at school, to the school community, or to a school-sponsored activity. This would include, for example, but not be limited to, conduct that would violate the Code of Student Conduct if it occurred in school that is committed in furtherance of a plan made or agreed to in school, or acts of vandalism directed at the property of school staff because of their status as school staff.

Delegation of Responsibility

The Superintendent or designee shall ensure that reasonable and necessary rules and regulations are developed to implement Board policy governing student conduct.

The Superintendent or designee shall publish and distribute to all staff, students, and parents/guardians the rules and regulations for student behavior contained in the Code of Student Conduct/Disciplinary Action Schedule, the sanctions that may be imposed for violations of those rules, and a listing of students' rights and responsibilities. A copy of the Code of Student Conduct/Disciplinary Action Schedule shall be available in each school library and school office and may be included in student handbooks and on the district website.

The building principal or designee shall have the authority to assign discipline to students, subject to Board policies, administrative guidelines, the Code of Student Conduct/Disciplinary Action Schedule, and school rules and to the student's due process right to notice, hearing, and appeal, when such due process rights exist.

Teaching staff and other district employees responsible for students shall have the authority to take reasonable actions, including the assignment of disciplinary action, necessary to control the conduct of students in all situations and in all places where students are within the jurisdiction of this Board, and when such conduct interferes with the educational program of the schools or threatens the health and safety of others, in accordance with Board policy, administrative guidelines, the Code of Student Conduct/Disciplinary Action Schedule and school rules.

Reasonable force may be used by teachers and school authorities under any of the following circumstances: to quell a disturbance, obtain possession of weapons or other dangerous objects, for the purpose of self-defense, and/or for the protection of persons or property.

Referral to Law Enforcement and Reporting Requirements

For reporting purposes, the term incident shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco products; or conduct that constitutes an offense listed in the school safety and security provisions of School Code.

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed by students on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the law enforcement agency that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with law enforcement and Board policies and administrative guidelines.

The Superintendent or designee shall notify the parent/guardian of any student directly involved in an incident as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the law enforcement agency that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.

In accordance with state law, the Superintendent shall annually, by July 31, report all new incidents to the PA Department of Education on the required form.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy and administrative guidelines.

The Superintendent shall report to the Board the methods of discipline imposed by administrators, and incidences of student misconduct, in the degree of specificity required by the Board.

Student Conduct/Disciplinary Action Schedule (218AG1)

Student Discipline-Respecting Members of the School Community

The fundamental premise of Board policy and administrative guidelines related to student discipline is that students will show tolerance to all members of the school community. The Board has adopted a Code of Student Conduct/Disciplinary Action Schedule to govern student discipline, and students shall not be subject to disciplinary action because of race, age, sex, color, religion, creed, sexual orientation, gender identity, national origin, ancestry, marital status, pregnancy, or handicap/disability. Each student shall adhere to Board policies and the Code of Student Conduct/Disciplinary Action Schedule governing student discipline.

The Board has the authority to make reasonable and necessary rules governing the conduct of students in school. As provided by Section 1317 of the Pennsylvania School Code of 1949, as amended; every teacher, vice principal and principal in the public schools shall have the right to exercise the same authority as to conduct and behavior over the students as their parents, guardians or person in parental relation with the student when: (a) attending school in person, including technical college high schools, or remotely through a cyber program or other virtual

programs; (b) during the time they are going to and from their homes to school or technical college high schools; and (c) when attending school sponsored events and activities either as a participant or spectator.

- The teachers have the responsibility to maintain a suitable environment for learning, and the administrators have the responsibility for maintaining and facilitating the educational programs.
- The principal is authorized by statute to suspend students for cause.
- Rules and regulations shall be published and reviewed with students at the opening of each school year and shall be posted in prominent locations throughout each school as well as online. Copies shall be available in each school library and also to students and parents/guardians upon request.
- The principal shall be responsible for informing both parents/guardians and students of school rules and regulations at the opening of the school year.
- The teacher has the authority to send a student from a class to an appropriate school official for cause.
- Teachers and school administrators shall administer discipline within federal and state statutes, regulations and guidance, and other specific policies and administrative guidelines relating to student behavior and discipline as adopted by the Board.

In order that infractions of the rules established for student conduct may be treated equitably and consistently, the Board has approved a Disciplinary Action Schedule for the District's schools. The intent of this schedule is to provide students with a definition of the limits of acceptable behavior, and to equip teachers and school administrators for their disciplinary responsibilities. The schedule shall be interpreted by the principals and their designees in a manner which they deem just, given the circumstances of the individual case. Additionally, students must understand that administrators shall have the authority to enforce other reasonable disciplinary action which they find warranted by situations not covered.

The provisions of this policy apply to all district schools, programs, and platforms, unless specifically noted herein.

Why Discipline?

Discipline should, as a minimum, have three (3) objectives in mind:

- PRESERVE the optimum environment in which to deliver instructional services.
- RESPOND to disruptive influences with corrective measures in a firm and consistent manner while attempting to correct deviant behavior and keep disrupters in school.
- REMOVE, as a last resort, the disrupters from the educational environment so that the majority may pursue their educational goals.

Unless otherwise required by law, it is the responsibility of the Board to continue with the education of the student until age eighteen (18), whether in the formal educational setting or in a setting outside that environment.

Student Expectations

Code of Conduct

- Students will respect everyone's right to learn.

- Students will choose ways to resolve conflict without fighting.
- Students will accept others for who they are and respect differences.
- Students will show proper respect for:
 - Themselves.
 - Other Students.
 - Adults.
 - School property.
 - Personal property.

Students have the responsibility to conduct themselves according to the Code listed above and to follow Policy 235 Student Rights and Responsibilities of Students. Students who fail to do so will be subject to follow the schedule of disciplinary action.

Administrative Action Elementary and Secondary

At times during the school year, student misbehavior may necessitate action on the part of the Board. At this point, the school administration will have exhausted all approaches in attempting to correct the student's misbehavior. The administration may have, at various times, worked with the resources and shall keep records and documentation as evidence of other efforts. The resources shall include among others:

- Parents/guardians.
- Teachers.
- School counselor.
- School and Home Visitor.
- Community resource personnel.
- Social agencies.
- Psychologist.

The breaches of discipline within the schools generally fall into two (2) classes of offense:

1. Violation of the rules of conduct of the school (see Level I, II and III).
2. Violation of rules of conduct of the school because they are a violation of the law (a crime has been committed) (see certain Level III offenses).

This second category of infractions calls for dual corrective action of a school administered response as well as a community administered response. The school action will be considered a Level III infraction. In addition, the appropriate law enforcement agency may take action in addition to the penalties set forth herein.

School Offenses

Any student subjected to disciplinary action which involves their removal from the normal classroom environment is still to demonstrate mastery of all subject matter for advancement to the next grade level. It is the responsibility of the student subjected to such disciplinary action to ensure that they remain current with course subject matter and that they arrange with the administration for the taking of any examinations missed due to absence from school. Parents/guardians of said student shall be notified immediately as soon as practicable, by telephone, if possible, and in writing when a student has been suspended internally or externally from class or school.

Possession, distribution or use of alcoholic beverages or controlled substances will result in the application of Board Policy 227 and its administrative guidelines. Weapon and replica weapon offenses will result in the application of Board Policy 233 and its administrative guidelines.

A student who is on suspension shall not participate in or attend any extracurricular school activity during the period of suspension or Saturday School. This will be in effect immediately upon notification of the suspension. Suspension shall be in effect until the start of the first school-day that the student is eligible to return to school. A student who is participating in an extracurricular activity must be in school in order to participate. Further, a student will be subject to the terms of the Extracurricular Code of Conduct.

Defacing school property and vandalism represent the same type of deviant behavior. For purposes of response, damages in excess of \$10 will be considered as vandalism while damages of less than \$10 will generally be considered as defacing school property. In cases of less than \$10 in damages, discretion may be exercised by the administrator in classifying the action as vandalism based on extenuating circumstances, e.g., repeated offenses. In all cases, however, restitution will be sought with the application of disciplinary action as stated in the policy.

A school district or technical college high school shall expel for a period of not less than one

year, any student who is determined to have brought a weapon or replica weapon onto any school property, any school sponsored activity or any public conveyance providing transportation to a school or school sponsored activity. Any firearm or dangerous weapon possessed on or about a person while on district property is subject to seizure or forfeiture. Incidence of students possessing weapons or replica weapons will be reported to law enforcement. Appropriate disciplinary and legal action will be taken against students who possess weapons or replica weapons. However, weapons under the control of law enforcement personnel are permitted. The Superintendent or designee may authorize other persons to possess weapons in school buildings. The Superintendent or designee may prescribe special conditions or procedures to be followed before giving such authority.

Use of personal or district technology devices in violation of Policy 237 is a Level II offense where an administrator considers the student's actions sufficiently severe or disruptive to the school environment.

Terms otherwise undefined by this regulation shall be interpreted in the same manner as similar or identical terms in the Pennsylvania Crimes Code.

Suspension and Expulsion (Policy 233)

The Board recognizes that exclusion from the educational program of the schools, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and one that cannot be imposed without due process. The Board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting students with disabilities shall be governed by applicable state and federal law and regulations.

The Board may, after a proper hearing, suspend or expel a student for such time as it deems necessary, or may permanently expel a student.

Guidelines

Exclusion from Class - In-School (Internal) Suspension

No student may receive an in-school suspension without notice of the reasons for which the student is suspended and an opportunity to be heard prior to the time the suspension becomes effective. The parent/guardian shall be informed of the suspension action taken by the school.

Should the in-school suspension exceed ten (10) consecutive school days, the student and parent/guardian shall be offered an informal hearing with the building principal. Such hearing shall take place prior to the eleventh day of the in-school suspension. The procedure shall be the same as the procedure for informal hearings held in connection with out-of-school suspensions.

The district shall provide for the student's education during the period of in-school suspension.

Exclusion from School - Suspension

The principal or person in charge of the school may suspend any student for disobedience or misconduct for a period of one (1) to ten (10) consecutive school days and shall immediately

notify the parent/guardian and the Superintendent in writing when the student is suspended.

No student may be suspended without notice of the reasons for which the student is suspended and an opportunity to be heard on their own behalf before the school official who holds the authority to reinstate the student. Prior notice is not required where it is clear that the health, safety, or welfare of the school population is threatened. Suspensions may not be made to run consecutively beyond the ten-school day period.

When a suspension exceeds three (3) school days, the student and parent/guardian shall be given the opportunity for an informal hearing with the designated school official within the first five (5) school days of the suspension.

Informal hearings under this provision shall be conducted by the building principal or designee.

Purpose of Informal Hearing

The purpose of the informal hearing is to permit the student to explain the circumstances surrounding the event leading to the suspension, to show why the student should not be suspended, and to discuss ways to avoid future offenses.

Due Process Requirements for Informal Hearing

1. The student and parent/guardian shall be given written notice of the reasons for the suspension.
2. The student and parent/guardian shall receive sufficient notice of the time and place of the informal hearing.
3. The student may question any witnesses present at the informal hearing.
4. The student may speak and produce witnesses.
5. The school district shall offer to hold the informal hearing within five (5) days of the suspension.

Expulsion

Expulsion is exclusion from school by the Board for a period exceeding ten (10) consecutive school days. The Board may permanently expel from the district rolls any student whose misconduct or disobedience warrants this sanction. No student shall be expelled without an opportunity for a formal hearing before the Board, a duly authorized committee of the Board, or a qualified hearing examiner appointed by the Board, and upon action taken by the Board after the hearing.

Expulsion Hearings

A formal hearing shall be required in all expulsion actions.

The formal hearing shall observe the due process requirements of:

1. Notification of the charges in writing by certified mail to the student's parent/guardian.
2. At least three (3) days' notice of the time and place of the hearing, which shall include a copy of this policy, hearing procedures, and notice of the right to representation by legal counsel. A student may request the rescheduling of the hearing when the student demonstrates good cause for an extension.

3. The hearing shall be private unless the student or parent/guardian requests a public hearing.
4. Representation by counsel at the parent's/guardian's expense and parent/guardian may attend the hearing.
5. Disclosure of the names of witnesses against the student and copies of their written statements or affidavits.
6. The right to request that witnesses against the student appear in person and answer questions or be cross-examined.
7. The right to testify and present witnesses on the student's behalf.
8. A written or audio record shall be kept of the hearing and a copy made available to the student at the student's expense, or at no charge if the student is indigent.
9. The hearing shall be held within fifteen (15) school days of the notice of charges, unless a delay is mutually agreed to by both parties or is delayed by:
 - a. The need for laboratory reports from law enforcement agencies.
 - b. Evaluations or other court or administrative proceedings are pending due to a student's invoking their rights under the Individuals with Disabilities Education Act (IDEA).
 - c. Delay is necessary due to the condition or best interests of the victim in cases of juvenile or criminal court involving sexual assault or serious bodily injury.
10. Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

Adjudication

A written adjudication shall be issued after the Board has acted to expel a student. The adjudication may include additional conditions or sanctions.

Attendance/School Work During Suspension and Prior to Expulsion

Students serving an out-of-school suspension must make up missed exams and work and shall be permitted to complete assignments pursuant to established guidelines.

Students who are facing an expulsion hearing must be placed in their normal classes if the formal hearing is not held within the ten-school day suspension, subject to certain limitations.

If it is not possible to hold the formal hearing within the first ten (10) school days, the school district may exclude such a student from class for up to five (5) additional – fifteen (15) total – school days if, after an informal hearing, it is determined that the student's presence in their normal class would constitute a threat to the health, safety or welfare of others.

Any further exclusion prior to a formal hearing may be only by mutual agreement. Such students shall be given alternative education, which may include home study.

Attendance/School Work After Expulsion

Students who are under eighteen (18) years of age are still subject to compulsory school attendance even though expelled and shall be provided an education.

The parent/guardian has the initial responsibility of providing the required education and shall, within thirty (30) days, submit written evidence to the school that the required education is

being provided or that they are unable to do so. If the parent/guardian is unable to provide for the required education, the school district shall, within ten (10) days of receipt of the parent's/guardian's notification, make provision for the student's education.

The Board may provide an educational program to the student immediately upon expulsion and may waive the 30-day period, at its discretion.

Students with Disabilities

A student with a disability shall be provided educational services as required by state and federal laws and regulations and Board policies.

Alternative School

Assignment to an alternative school or other alternative education program shall be in accordance with Board policy.

Delegation of Responsibility

The Superintendent or designee may develop administrative guidelines to implement this policy which include:

1. Publication of a Code of Student Conduct/Disciplinary Action Schedule, in accordance with Board policy on student discipline.
2. Procedures that ensure due process when a student is being deprived of the right to attend school.
3. Regulations regarding student records which require that records of disciplinary suspension be maintained in accordance with Board policy on student records.
4. The name of a student who has been disciplined shall not become part of the agenda or minutes of a public meeting, nor part of any public record of the Board. Such students may be designated by code.
5. Any student who has been expelled may apply for readmission to school upon such conditions as may be imposed by the Board.
6. Procedures for lesser levels of discipline including after-school detention, Saturday School, and in-school suspension.

Suspension and Expulsion Guidelines (233AG1)

After-School Detention

The administration or any teacher may, if necessary, detain a student for disciplinary reasons after school hours. Detention on one (1) day is to be for a maximum of sixty (60) minutes.

1. The following should be observed when detaining students:
Students are to be given twenty-four (24) hours' notice so that they can inform their parents/guardians of the detention and arrange for transportation after the detention.
-If a teacher feels that sixty (60) minutes is not sufficient, then another day of detention can be assigned to the student.
2. Students are never to be left alone during their detention. They must always be supervised by the detaining teacher.
3. Occasionally a pupil may request to be excused from their detention for the assigned day. This decision will be made by the teacher who assigned the detention. Sometimes, due to family situations and emergencies, it is best that the student's request be

honored. However, it is suggested that the teacher call the pupil's parents/guardians, if in doubt.

Saturday School

The administration may assign a student to Saturday School in order to minimize the amount of out of classroom time during an in-school suspension. Saturday School is considered by the district to be a form of in-school suspension.

Saturday School shall be conducted in accordance with the following guidelines:

1. Doors for Saturday School will be open at 8:15 a.m. and will close at 8:30 a.m. Students are expected to report on time. It is the student's responsibility to have all necessary materials to complete any work.
2. A Saturday School absence will only be excused with a physician's note. In addition, the student must make up the missed day on the following scheduled Saturday.
3. Students who cut Saturday School for the first time will make up the day the following scheduled Saturday School and will receive one (1) day of external suspension in accordance with Board policy and administrative guidelines on student discipline; additional offenses will be handled in accordance with Board policy, administrative guidelines, and the Discipline & Records Handbook.
4. Students who are assigned Saturday School will not participate in nor attend any extracurricular activities on the day assigned.
5. Students who cut Saturday School may be ineligible to participate in extracurricular activities until the originally assigned Saturday School day is served.
6. Students must remain quiet and constructively occupied with work throughout the entire morning (8:30-11:30 a.m.). Suggestions for work include school assignments, other work, silent reading, or assigned reflective writing.
7. While in Saturday School, students will be given two (2) warnings prior to being sent to the Saturday School Administrator.
8. Sleeping or misbehaving will not be tolerated. Students who fail to follow the Saturday School rules will be charged with a Level II offense.
9. If Saturday School is cancelled due to inclement weather, a banner will be posted on the district website and there will be a voice message at 484-266-1000.

The proctor in charge of each Saturday School classroom shall:

1. Input their name as the proctor on duty for said day on the Shared File or Google Doc.
2. Arrive to duty by 8:10 a.m. on the assigned day.
3. Check the classroom for any abnormalities before the students arrive and immediately report them to the Saturday School Administrator.

5. Review the rules of Saturday School at 8:30 a.m. with students in attendance.
6. Account for students at all times.
7. Monitor the classroom and make sure the students are not sleeping, using a personal cell phone, and/or talking during Saturday School.
8. Check classroom for any abnormalities before the students are dismissed and report them to the Saturday School Administrator.
9. Document completion/concerns of Saturday School in the Shared File or Google Doc.

10. Secure classroom upon exiting.

In School Suspension

In order to maintain greater control and provide more guidance for students whose disruptive behaviors force their temporary removal from the regular classroom, in-school suspension may be conducted in the elementary and secondary schools in conformance with the following guidelines:

1. Students will be assigned to in-school suspension by school administrators.
2. The administration will inform staff members of the names of those students assigned to in-school suspension. This may include notifying the student's counselor.
3. The administration will notify the parents/guardians in writing that a student has been assigned to in-school suspension, giving the reasons for such assignment, and a conference may be held prior to the student's re-admittance to regular classes.
4. Each student assigned to the in-school suspension room will report with laptops and assignments.
5. Credit may be given for all assigned class work completed during the period of suspension. This material is to be turned in the first day that student returns to regular class. The student may also make up any test or quiz given during their suspension. Evaluation of the class work and test/quiz shall be done by classroom teachers.
6. Students may not attend or participate in extracurricular activities while under in-school suspension.

The teacher in charge of the in-school suspension room at each school shall:

1. Supervise the students assigned to the room and have the task of accounting for all such students under their charge.

3. Assist students in proper completion of classroom assignments
4. Make referrals to the counselors and home and school visitors regarding students who need special help.
5. Be in daily contact with the administrator delegated by the building principal to be responsible for the coordination of the program.

When no students are assigned to in-school suspension, the teacher will perform duties as assigned by the administrator responsible for in-school suspension.

Use of Personal and District Technology Devices (Policy 237)

In consideration of the recent proliferation and extensive utilization of both personal and district technology devices, the district recognizes the need to establish guidelines for the use of such so as not to disrupt the primary function of the schools.

Personal technology devices (personal technology) shall be defined as any device capable of capturing, storing, and/or transmitting information, including text, audio, picture, and/or video data, not owned by the District. These include, but are not limited to, such devices as:

1. cellular telephones and smartphones
2. handheld, tablet, and laptop computers

3. digital music players, including without limitation iPods and MP3 players
4. still and video cameras
5. Wearable technologies including without limitation smart watches, smart glasses, or earbuds

District technology devices (district technology) shall be defined as any device capable of capturing, storing, and/or transmitting information, including text, audio, picture, and/or video data, that is owned by the district and loaned to students for academic purposes. These include, but are not limited to, such devices as:

1. handheld, tablet, and laptop computers
2. still and video cameras

Network shall be defined as the group of interconnected computer systems, both wired and wireless, owned and used by the District in order to share analog and digital information, both voice and data, and access technology and the Internet.

Off-Campus Activities

In addition to applying to students when they are on campus, this policy shall also apply to student conduct that occurs at other times and places (“off-campus”) when:

4. The conduct involves the theft or vandalism of school property; or
5. The proximity, timing, or motive for the conduct in question or other factors pertaining to the conduct otherwise establish a direct connection to attendance at school, to the school community, or to a school-sponsored activity. This would include, for example, but not be limited to, conduct that would violate this policy or the Code of Student Conduct/Disciplinary Action Schedule if it occurred in school that is committed in furtherance of a plan made or agreed to in school, or acts of vandalism directed at the property of school staff because of their status as school staff.

Guidelines

The district may monitor the use of all personal and district technology during the school day in district buildings; on district property; on district buses and vehicles; during the time students are under the supervision of the district and a school-sponsored activities and, if connected to the network, monitor user conduct and log network utilization which may include deep packet inspection. The district reserves the right, in its sole discretion, to inspect, copy, store, remove, or otherwise alter any data, file, or system resources, encrypted or unencrypted, which may undermine authorized use of the network or the Internet.

In addition, the use of personal and district technology shall not violate local, state, or federal law, or district policies, including but not limited to policies regarding Internet safety and acceptable use or discipline.

If an electronic device utilizes the District's internet connection, the School District's Acceptable Use Policy applies and is incorporated herein by reference.

Devices with Cellular or Satellite Connectivity

Students shall not use cellular or satellite connectivity except when permission is granted by the building administrator for the following reasons:

1. Health, safety, or emergency reasons.
2. An individualized education program (IEP).

Personal technology may be connected to the network, including access to the Internet, under the following conditions:

1. The student shall follow the process defined by the Department of Technology for connecting personal technology to the district network and will not transfer or loan the technology for use by other students.
2. The district retains the right to determine where and when personal technology may access the network.
3. The district and district devices have preferred access to the network and all network devices.
4. As applicable, all personal technology should be running up-to-date virus detection software and operating system critical updates prior to accessing the network. The district at its sole discretion may deny network access to any device that it deems an unacceptable risk to network security.
5. Software residing on personal technology must be personally owned or currently licensed. The student must be able to provide evidence of proper licensing for all software installed on the personal technology when requested.
6. District-owned software or resources may not be installed on personal technology unless designated by the Office of Technology or other written permission from the district.

11. File storage on the network or a district-provided Internet resource is limited to schoolwork only.
12. The district is not responsible for providing or loaning any equipment, cabling, or software needed to connect a personal device to the network or technology resources. The district will provide no technical support for personal technology.
13. The Director of Technology, Superintendent, or designee has the right to deny the connection of personal technology to the network for any reason. Personal technology may be removed from the district network at any time and for any reason on the recommendation of personnel listed above.

Students shall be responsible for following district rules pertaining to electronic images, videos, and photographs, as outlined in this policy.

The district shall not be liable for the loss, damage, or misuse of any personal technology brought to school by a student or the inadvertent loss of data or interference with files for any reason.

The user of personal technology shall, at the discretion of the district, bear the costs of ensuring compliance with this policy.

Responsibility for the maintenance and repair of personal technology rests solely with the student.

Violations of this policy by a student may result in disciplinary action, up to and including expulsion and confiscation and analysis of personal or district technology by school personnel or designee and/or transfer of personal and district technology to law enforcement agencies.

The Office of Technology will promulgate procedures regarding the implementation of this policy. The district and school personnel will support the expectations and responsibilities outlined in this policy and will work cooperatively with the Office of Technology to ensure network and data security.

The Superintendent or designee shall annually notify students, parents/guardians, and employees about the Board's personal technology device policy.

Additional information included in this policy is available on the district's website.

Hazing (Policy 247)

The purpose of this policy is to maintain a safe, positive environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the district and are prohibited at all times.

Hazing occurs when a person intentionally, knowingly, or recklessly, for the purpose of initiating, admitting, or affiliating a student with an organization, or for the purpose of continuing or enhancing membership or status in an organization, causes, coerces or forces a student to do any of the following:

1. Violate federal or state criminal law.

5. Endure brutality of a sexual nature.
6. Endure any other activity that creates a reasonable likelihood of bodily injury to the student.

Aggravated hazing occurs when a person commits an act of hazing that results in serious bodily injury or death to the student and:

1. The person acts with reckless indifference to the health and safety of the student; or
2. The person causes, coerces, or forces the consumption of an alcoholic liquid or drug by the student.

Organizational hazing occurs when an organization intentionally, knowingly, or recklessly promotes or facilitates hazing or aggravated hazing.

Any activity, as described above, shall be deemed a violation of this policy regardless of whether:

1. The consent of the student was sought or obtained, or

2. The conduct was sanctioned or approved by the school or organization.

Student activity or organization means any activity, society, corps, team, club, or service, social or similar group, operating under the sanction of or recognized as an organization by the district, whose members are primarily students or alumni of the organization.

For purposes of this policy, **bodily injury** shall mean impairment of physical condition or substantial pain.

For purposes of this policy, **serious bodily injury** shall mean bodily injury which creates a substantial risk of death or which causes serious, permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ.

The Board prohibits hazing in connection with any student activity or organization regardless of whether the conduct occurs on or off school property or outside of school hours.

No student, parent/guardian, coach, sponsor, volunteer, or district employee shall engage in, condone, or ignore any form of hazing.

The Board encourages students who believe they, or others, have been subjected to hazing to promptly report such incidents to the building principal or designee.

Title IX Sexual Harassment and Other Discrimination

Every report of alleged hazing that can be interpreted at the outset to fall within the provisions of policies addressing potential violations of laws against discrimination and Title IX sexual harassment shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of a hazing investigation, potential issues of discrimination or Title IX sexual harassment are identified, the Compliance Officer and Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged hazing.

Delegation of Responsibility

Students, parents/guardians, coaches, sponsors, volunteers, and district employees shall be alert to incidents of hazing and shall report such conduct to the building principal or designee.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy.

The Superintendent or designee may establish administrative guidelines necessary to implement this policy.

Guidelines

In addition to posting this policy on the district's publicly accessible website, the district shall inform students, parents/guardians, sponsors, volunteers and district employees of the district's policy prohibiting hazing, including district rules, penalties for violations of the policy, and the program established by the district for enforcement of the policy by means of

publication in handbooks and verbal instructions by the coach or sponsor at the start of the season or program.

This policy, along with other applicable district policies, procedures and Codes of Conduct, shall be provided to all school athletic coaches and all sponsors and volunteers affiliated with a student activity or organization, prior to coaching an athletic activity or serving as a responsible adult supervising, advising, assisting or otherwise participating in a student activity or organization together with a notice that they are expected to read and abide by the policies, procedures and Codes of Conduct.

Complaint Procedure

A student who believes that they have been subject to hazing, is encouraged to promptly report the incident to the building principal or designee.

Students are encouraged to use the district's report form (247AG1), available from the building principal, or to put the complaint in writing; however, oral complaints shall be accepted and documented. The person accepting the complaint shall handle the report objectively, neutrally, and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

The Board directs that verbal and written complaints of hazing shall be provided to the building principal or designee, who shall promptly notify the Superintendent or designee of the allegations and determine who shall conduct the investigation. Allegations of hazing shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The Board directs that any complaint of hazing brought pursuant to this policy shall also be reviewed for conduct which may not be proven to be hazing under this policy but merits review and possible action under other Board policies.

Interim Measures/Police

Upon receipt of a complaint of hazing, the building principal or designee, in consultation with the Superintendent or designee, shall determine what, if any interim measures should be put in place to protect students from further hazing, bullying, discrimination or retaliatory conduct related to the alleged incident and report. Such interim measures may include, but not be limited to, the suspension of an adult who is involved, the separation of alleged victims and perpetrators, and the determination of what the complaining student needs or wants through questioning.

Those receiving the initial report and conducting or overseeing the investigation will assess whether the complaint, if proven, would constitute hazing, aggravated hazing or organizational hazing and shall report it to the police consistent with district practice and, as appropriate, consult with legal counsel about whether to report the matter to the police at every stage of the proceeding. The decision to report a matter to the police should not involve an analysis by district personnel of whether safe harbor provisions might apply to the person being reported, but information on the facts can be shared with the police in this regard.

Referral to Law Enforcement and Safe Schools Reporting Requirements –

For purposes of reporting hazing incidents to law enforcement in accordance with Safe

Schools Act reporting, the term **incident** shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco; or conduct that constitutes an offense listed under the Safe Schools Act.

Students –

If the investigation results in a substantiated finding of hazing, the investigator shall recommend appropriate disciplinary action up to and including expulsion, as circumstances warrant, in accordance with the Code of Student Conduct/Disciplinary Action Schedule. The student may also be subject to disciplinary action by the coach or sponsor, up to and including removal from the activity or organization. The fact of whether a student qualified for and received safe harbor under a criminal investigation shall be considered in assigning discipline.

Nonstudent Violators/Organizational Hazing -

Definition

Reasonable suspicion is generally defined as a conclusion arrived at by a reasonable, prudent and conscientious mind, from facts at hand; it is not caused by such improper motives as a dislike for a student or malice, but only from the facts which are known. If they logically, rationally and in the exercise of good common sense, lead to a reasonable, prudent, and discrete person to conclude that a student has illegal material on school property or on their person, this is a reasonable suspicion, but there must be a fair and conscientious consideration of only the facts that are known.

Guidelines

General Search Procedures

Any building administrator, teacher, or other district employee who reasonably suspects that a student has in their possession on the school property or sells or uses on school property any illegal material, shall proceed as follows:

1. The matter or incident should be referred immediately to the building principal with an explanation of what facts led to the conclusions that the student possesses, uses, or sells illegal material.
2. The principal or designee shall then discuss with the student privately the facts as related to the principal and ask the student to consent to a search of their person, personal effects, locker, and/or automobile. Notwithstanding the foregoing, where there is reasonable suspicion that the item to be searched contains materials that pose a threat to the health, safety or welfare of students, such items may be searched without prior notice to the student.
3. Students who do not cooperate with the principal or designee, who has reasonable suspicion to search, shall immediately be subject to disciplinary action.
4. Any search conducted shall be reasonably related in scope to the circumstances which justified the search at its inception.

Except in emergency situations, reasonable steps should be taken to ensure the student is given an opportunity to be present during the search.

Personal Searches

A student's person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a school official has reasonable suspicion to believe that a student is in possession of illegal materials.

Consistent with Policy 226, the Board authorizes district personnel to conduct a personal search at any time for the purpose of determining whether the student is in possession of illegal materials.

If a pat down search of student's person is conducted, it will be conducted privately by a school official of the same sex and with an adult witness of the same sex present.

Where reasonable suspicion exists that a student's personally owned cell phone or other personally owned electronic device or data or activity contained on the phone/device or any application therein contains evidence of a violation of Federal, state or local law, or district policy or administrative guidelines, school officials may seize the student's personally owned cell phone or device but shall not conduct any further search or inspection of the phone/ device or its contents. The police shall be contacted in order to conduct any search or inspection permitted by law that is deemed appropriate under the circumstances. Whenever the search of a student's locker is prompted by the reasonable suspicion that the contents of student's locker create an emergency, the principal or designee may open the locker as soon as is necessary to properly discharge their duty to protect the persons and property within the school building.

Other than as provided as to dog and blanket searches, all requests for the search of a student's locker coming from law enforcement personnel shall be directed to the building principal or designee, who shall open a student's locker on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the intelligent and voluntary consent of the student.

The Board also declares it to be the policy of this district to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex. Such discrimination shall be referred to throughout this policy as Title IX sexual harassment. Inquiries regarding the application of Title IX to the district may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The district is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the district and is prohibited on school property, and at or, in the course of, district-sponsored programs or activities, including on any conveyance providing transportation to or from school or school-sponsored activities.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Administrative Guideline 103AG3, or other Board policies.

Disciplinary Procedures When Reports Allege Title IX Sexual Harassment

When a report alleges Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints outlined in 103AG3. The district shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

When an emergency removal, as described in 103AG3, is warranted to address an immediate threat to the physical health or safety of an individual, and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion shall be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable.

When an emergency removal is not required, disciplinary sanctions shall be considered in the course of the Title IX grievance process for formal complaints. Following the issuance of the written determination and any applicable appeal, any disciplinary action specified in the written determination or appeal decision shall be implemented in accordance with the normal procedures for suspensions, expulsions, or other disciplinary actions, including specific provisions to address a student with a disability where applicable.

 - ii. Suffer substantial emotional distress.

Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment under Title IX. An **education program or activity** includes the locations, events, or circumstances over which the district exercises substantial control over both the respondent and the context in which the harassment occurs. Title IX applies to all of a district's education programs or activities, whether such programs or activities occur on-campus or off-campus.

complaints of Title IX sexual harassment without relying on sex stereotypes.

All training materials shall be posted on the district's website.

Reports of Title IX Sexual Harassment

Any reports deemed by the Title IX Coordinator to meet the definition of sexual harassment under Title IX shall follow the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Administrative Guideline 103AG3.

Other Reports

Any reports reviewed by the Title IX Coordinator which do not meet the definition of Title IX sexual harassment or discrimination of a protected class will be processed under the relevant Board policy.

Right to Alternative Complaint Procedure

Nothing in this policy shall deny the right of any individual to pursue other avenues of recourse to address concerns relating to prohibited harassment including initiating civil action, filing a complaint with outside agencies, or seeking redress under state or federal law.

Discrimination Complaint Procedures (103AG2)

All reports of discrimination and retaliation brought pursuant to the district's discrimination policy shall also be reviewed for conduct which may not be proven discriminatory under Policy 103 but merits review and possible action under the Code of Student Conduct and other Board

policies.

Complainant shall mean an individual who is alleged to be the victim.

Respondent shall mean an individual who has been reported to be the perpetrator of the alleged conduct.

Discrimination shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, gender identity, ancestry, national origin, marital status, pregnancy, or handicap/disability.

Harassment is a form of discrimination based on the protected classifications listed in this policy consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance when such conduct is:

1. Sufficiently severe, persistent, or pervasive; and
2. A reasonable person in the complainant's position would find that it creates an intimidating, threatening or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities or opportunities offered by a school.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report discrimination or harassment, participate in an investigation or other process addressing discrimination or harassment, or act in opposition to discriminatory practices.

Reasonable Accommodations

Throughout the discrimination complaint procedures, the district shall make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for all parties, and address barriers being experienced by disadvantaged students such as English learners and homeless students, consistent with the requirements of federal and state laws and regulations and Board policy.

Required Reporting Under Other Policies

In addition to implementing the disciplinary complaint procedures, the building principal or Compliance Officer/Title IX Coordinator shall ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of

suspected child abuse.

Timeframes

Reasonably prompt timeframes shall be established for completing each step of the discrimination complaint procedures, including timeframes for filing and resolving appeals. The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action shall be provided to the complainant and the respondent and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party or a witness.
2. Concurrent law enforcement activity.
3. Need for language assistance or accommodation of disabilities.

PROCEDURES FOR COMPLAINTS OF DISCRIMINATION

Step 1 – Reporting

A student or individual who believes they have been subject to discrimination by any student, employee or third party is encouraged to immediately report the incident to the building principal using the Discrimination/Sexual Harassment/ Retaliation Report Form or by making a general report verbally or in writing to the building principal.

Any person with knowledge of discrimination in violation of Board policy or this procedure is encouraged to immediately report the matter to the building principal.

A school employee who suspects or is notified that a student has been subject to discrimination shall immediately report the incident to the building principal. Additionally, employees who have reasonable cause to suspect that a child is the victim of child abuse, shall immediately report the suspected abuse, in accordance with applicable law, regulations and Board policy.

The building principal shall immediately notify the Compliance Officer/Title IX Coordinator of the reported discrimination.

If the building principal is the subject of a complaint, the student, third party or employee shall report the incident directly to the Compliance Officer/Title IX Coordinator.

The complainant or reporting individual shall be encouraged to use the Discrimination/Sexual Harassment/Retaliation Report Form, however, complaints shall be accepted in person, by telephone, by mail or email, or by any other means that results in the appropriate individual receiving the individual's verbal or written report. Verbal reports shall be documented using the Discrimination/Sexual Harassment/ Retaliation Report Form, and these procedures shall be

implemented.

The Compliance Officer/Title IX Coordinator shall review reports and complaints and may gather additional information from the individual submitting the report and other parties identified in the report using the Discrimination/Sexual Harassment/ Retaliation Report Form. The Compliance Officer/Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information, as necessary.

The Compliance Officer/Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in this administrative guideline, or if the reported circumstances meet the definition and parameters of Title IX sexual harassment, or other applicable Board policies.

If the Compliance Officer/Title IX Coordinator determines that the report should be addressed through the discrimination complaint procedures, the Compliance Officer/Title IX Coordinator shall be notified and the complaint procedures in this administrative guideline implemented.

When any party is an identified student with a disability, or thought to be a student with a disability, the Compliance Officer/Title IX Coordinator shall notify the **Director of Special Education** and coordinate to determine whether additional steps must be taken for the party, while the discrimination complaint procedures are implemented.

Step 2 – Initial Communications

The complainant shall be informed about the Board's policy on discrimination, including the right to an investigation of both verbal and written reports of discrimination.

The building principal or designee, in consultation with the Compliance Officer/Title IX Coordinator, where appropriate may implement appropriate measures to protect the complainant and others if necessary, during the course of the investigation.

The building principal or designee may provide to the complainant factual information on the complaint and the investigative process, the impact of choosing to seek confidentiality and the right to file criminal charges. The person accepting the complaint shall handle the report objectively, neutrally, and professionally.

The building principal or designee shall seek to obtain consent from parents/guardians to initiate an investigation where the complainant or alleged victim is under age eighteen (18) and inform parents/guardians of the complainant that the complainant may be accompanied by a parent/guardian during all steps of the complaint procedure. When a parent/guardian requests

confidentiality and will not consent to the alleged victim's participation in an investigation, the building principal or designee shall explain that the school shall take all reasonable steps to investigate and respond to the complaint consistent with that request for confidentiality as long as doing so does not preclude the school from responding effectively to the discrimination and preventing discrimination that affects other students, or where it does not impact other legal obligations of the district.

The building principal or Compliance Officer/Title IX Coordinator shall provide relevant information on resources available in addition to the discrimination complaint procedure, such as making reports to the police, available assistance from domestic violence or rape crisis programs and community health resources, including counseling resources.

Informal Remedies -

At any time after a complaint has been reported, if the Compliance Officer/Title IX Coordinator believes the circumstances are appropriate, the Compliance Officer/Title IX Coordinator may, but is not required to, offer the parties involved in the complaint the opportunity to participate in informal remedies to address the reported conduct. Informal remedies can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, restorative practices, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services, or other measures to support the parties.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal remedies shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation to indicate agreement with the resolution and receive a copy, and forward it to the Compliance Officer/Title IX Coordinator.

The Compliance Officer/Title IX Coordinator shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies and shall document all appropriate actions.

*If the informal remedies result in the final resolution of the complaint, the following steps are not applicable.

Step 3 – Investigation

The Compliance Officer/Title IX Coordinator shall assess whether the investigation should be conducted by the building principal, another district employee, the Compliance Officer/Title IX Coordinator, or an attorney and shall promptly assign the investigation to that individual.

The investigator shall assess the anticipated scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation.

The investigator shall conduct an adequate, reliable, and impartial investigation. The

complainant and the respondent may suggest additional witnesses and provide other evidence during the course of the investigation.

The investigation may consist of individual interviews with the complainant, the respondent, and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians, and witnesses shall be informed of the prohibition against retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation shall be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the law enforcement authorities about the allegations in accordance with existing procedures.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to requests for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation, and the reason for such delay shall be documented by the investigator.

Step 4 – Investigative Report

The investigator shall prepare and submit a written report to the Compliance Officer/Title IX Coordinator within thirty (30) school days of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Compliance Officer/Title IX Coordinator to establish a different due date. The parties shall be notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The investigative report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated Board Policy 103 and of any other violations of law or Board policy which may warrant further district action, and a recommended disposition of the complaint. An investigation into discrimination shall consider the record as a whole and the totality of circumstances in determining whether a violation of Board policy has occurred, recognizing that persistent and pervasive conduct, when taken

together, may be a violation even when the separate incidents are not severe.

The complainant and the respondent shall be informed of the outcome of the investigation, including the recommended disposition, within a reasonable time of the submission of the written investigative report, to the extent authorized by the Family Educational Rights and Privacy Act (FERPA) and other applicable laws.

Step 5 – District Action

If the investigation results in a finding that some or all of the allegations of the discrimination complaint are founded and constitute a violation of Board policy, the district shall take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The district shall promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the district education program or activity. District staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. The Compliance Officer/Title IX Coordinator shall follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If an investigation results in a finding that a different policy was violated separately from or in addition to violations of Policy 103 or these procedures, or that there are circumstances warranting further action, such matters shall be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary.

Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and administrative regulations, district procedures, applicable collective bargaining agreements, and state and federal laws and regulations.

Appeal Procedure

If the complainant or the respondent is not satisfied with a finding made pursuant to these procedures or with recommended corrective action, they may submit a written appeal to the Compliance Officer/Title IX Coordinator within fifteen (15) school days of receiving notification of the outcome of the investigation. If the Compliance Officer/Title IX Coordinator investigated the complaint, such appeal shall be made to the Superintendent.

The individual receiving the appeal shall review the investigation and the investigative report and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The person handling the appeal shall prepare a written response to the appeal within twenty (20) school days.

Copies of the response shall be provided to the complainant, the respondent and the investigator who conducted the initial investigation.

Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints (103AG3)

Definitions

Actual knowledge means notice of sexual harassment or allegations of sexual harassment to the district's Title IX Coordinator or any district official who has the authority to institute corrective measures on behalf of the district, or to any employee of an elementary and secondary school, other than the respondent.

Exculpatory evidence means evidence tending to exonerate the accused or helps to establish their innocence.

Inculpatory evidence means evidence tending to incriminate the accused or indicate their guilt.

Formal complaint means a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the district investigate the allegation. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator the complainant or other party during the grievance process. The phrase "**document filed by a complainant**" refers to a document or electronic submission that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report conduct that may constitute Title IX sexual harassment in accordance with Board policy and procedures, participate in an investigation or other process addressing Title IX sexual harassment, or act in opposition to discriminatory practices.

The following actions shall **not** constitute retaliation:

1. An individual exercising free speech under the rights protected by the First Amendment.
2. The assignment of consequences consistent with Board policy and the Code of Student Conduct when an individual knowingly makes a materially false statement in bad faith in an investigation. The fact that the charges of discrimination were unfounded or unsubstantiated shall not be the sole reason to conclude that any party made a materially false statement in bad faith.

Supportive measures mean nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

Supportive measures shall be designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures

designed to protect the safety of all parties or the educational environment, or to deter sexual harassment. Supportive measures may include, but are not limited to:

1. Counseling
2. Extensions of deadlines or other course-related adjustments
3. Modifications of class schedules
4. Campus escort services
5. Mutual restrictions on contact between the parties
6. Increased security
7. Monitoring of certain areas of the campus
8. Assistance from domestic violence or rape crisis programs
9. Assistance from community health resources including counseling resources

Supportive measures may also include, when in accordance with applicable law, regulation or Board policy assessments or evaluations to determine eligibility for special education or related services, or the need to review an Individualized Education Program (IEP) or Section 504 Service Agreement based on a student's behavior.

Title IX sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. A district employee conditioning the provision of an aid, benefit, or district service on an individual's participation in unwelcome sexual conduct, commonly referred to as *quid pro quo sexual harassment*.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to a district education program or activity.
3. Sexual assault, dating violence, domestic violence, or stalking.
 - a. **Dating Violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:
 - i. Length of relationship.
 - ii. Type of relationship.
 - iii. Frequency of interaction between the persons involved in the relationship.
 - b. **Domestic violence** includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
 - c. **Sexual assault** means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
 - d. **Stalking**, under Title IX means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to either:
 - i. Fear for their safety or the safety of others.

- ii. Suffer substantial emotional distress.

Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment subject to Title IX regulations. An **education program or activity** includes the locations, events, or circumstances over which the district exercises substantial control over both the respondent and the context in which the harassment occurs.

TITLE IX SEXUAL HARASSMENT PROCEDURES

General Response – (with or without a formal complaint)

Any person, whether the alleged victim or not, may report Title IX sexual harassment using the Discrimination/Sexual Harassment/ Retaliation Report Form or by making a general report verbally or in writing to the building principal, or by using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Upon receipt of a report, school staff shall immediately notify the building principal.

A report may be made at any time, including during nonbusiness hours. Verbal reports shall be documented by the Title IX Coordinator or employee receiving the report using the Discrimination/Sexual Harassment/ Retaliation Report Form, and these procedures shall be implemented appropriately.

District staff who become aware of harassment affecting a student or staff member shall promptly report it to the building principal.

When the district has actual knowledge of Title IX sexual harassment, the district is required to respond promptly and in a manner that is not deliberately indifferent, meaning not clearly unreasonable in light of the known circumstances.

All sexual harassment reports and complaints received by the building principal shall be promptly directed to the Title IX Coordinator, in accordance with Board policy. The Title IX Coordinator shall use the Discrimination/Sexual Harassment/ Retaliation Report Form to gather additional information from the reporter and/or other parties identified in the report, to determine if the allegations meet the definition and parameters for Title IX sexual harassment.

The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall initially assess whether the reported conduct:

1. Meets the definition of Title IX sexual harassment.
2. Occurred in a district program or activity under the control of the district and against a person in the United States.
3. Involves other Board policies or the Code of Student Conduct.

4. Indicates, based on an individualized safety and risk analysis, that there is an immediate threat to the physical health or safety of an individual.
5. Involves a student identified as a student with a disability under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act.

If the result of this initial assessment determines that none of the allegations fall within the scope of Title IX sexual harassment, but the matter merits review and possible action under the Code of Student Conduct and other Board policies or 103AG2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations.

If the result of the initial assessment determines that the allegations may constitute Title IX sexual harassment, the Title IX Coordinator shall promptly explain to the complainant the process for filing a formal complaint and inform the complainant of the continued availability of supportive measures with or without the filing of a formal complaint.

The Title IX Coordinator shall contact the parents/guardians and provide them with information regarding the report and Title IX sexual harassment procedures and grievance process for formal complaints.

If the complainant, school staff or others with professional knowledge relating to the complainant's health and well-being indicate that notifying the parents/guardians could cause serious harm to the health or well-being of the complainant or other person(s), the Title IX Coordinator will determine, in consultation with such individuals and upon advice of legal counsel, whether to withhold or delay notification of the report from the complainant's parents/guardians.

The Title IX Coordinator shall also determine what supportive measures may be offered to the respondent.

If either party is an identified student with a disability, or thought to be disabled, the Title IX Coordinator shall contact the Director of Special Education to coordinate the required actions in accordance with Board policy.

Confidentiality regarding the supportive measures offered and the identity of the following individuals shall be maintained, except as may be permitted by law or regulations relating to the conduct of any investigation:

1. Individuals making a report or formal complaint
2. Complainant(s)
3. Respondent(s)
4. Witnesses

The district shall treat complainants and respondents equitably by:

1. Offering supportive measures to the complainant and may offer such measures to the respondent.
2. Following the grievance process for formal complaints before imposing disciplinary sanctions or other actions that are not supportive measures on the respondent.

Disciplinary Procedures When Reports Allege Title IX Sexual Harassment -

When reports allege Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints. The district shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

When an emergency removal, as described below, is warranted to address an immediate threat to the physical health or safety of an individual, and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion shall be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable.

When an emergency removal is not required, disciplinary sanctions will be considered in the course of the Title IX grievance process for formal complaints. Following the issuance of the written determination and any applicable appeal, any disciplinary action specified in the written determination or appeal decision shall be implemented in accordance with the normal procedures for suspensions, expulsions, or other disciplinary actions, including specific provisions to address a student with a disability where applicable.

Supportive Measures -

All supportive measures provided by the district shall remain confidential, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures.

When any party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator shall notify the Director of Special Education and coordinate to determine whether additional steps must be taken as supportive measures for the party while the Title IX procedures are implemented.

Reasonable Accommodations –

Throughout the Title IX sexual harassment procedures, the district shall make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for any party, and address barriers being experienced by disadvantaged students such as English learners and homeless students, consistent with the requirements of federal and state laws and regulations and Board policy.

Emergency Removal –

If the district has determined, based on an individualized safety and risk analysis, that there is an immediate threat to the physical health or safety of any student or other individual due to the allegations of Title IX sexual harassment, the respondent may be removed from the district's education program or activity or moved to an alternative setting, consistent with all rights under federal and state laws and regulations, and Board policy, including but not limited to the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. If the respondent is an identified student with a disability, or thought to be disabled, the Title IX Coordinator shall contact the Director of Special Education

to coordinate the required actions in accordance with Board policy. The respondent shall be provided with notice and provided an opportunity for due process, in accordance with law, regulations and Board policy. When expulsion is necessary because continuation of educational services is not feasible, the Board's written adjudication of expulsion shall address the pending Title IX process and the impact of the outcome of the Title IX process on a student's emergency removal status.

Administrative Leave -

When an employee, based on an individualized safety and risk analysis, poses an immediate threat to the health or safety of any student or other individual, the employee may be removed on an emergency basis.

An accused nonstudent district employee may be placed on administrative leave during the pendency of the grievance process for formal complaints, consistent with all rights under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, and in accordance with state law and regulations, Board policy and an applicable collective bargaining agreement or individual contract.

Required Reporting Under Other Policies -

In addition to implementing the Title IX sexual harassment procedures, the Title IX Coordinator shall ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse.

Timeframes

Reasonably prompt timeframes shall be established for the conclusion of the grievance process for formal complaints, including timeframes for the informal resolution process and timeframes for filing and resolving appeals.

The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action shall be provided to the complainant and the respondent and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party, a party's advisor, or a witness.
2. Concurrent law enforcement activity.
3. Need for language assistance or accommodation of disabilities.

Redirection or Dismissal of Title IX Formal Complaints

Formal complaints may be dismissed, if at any time during the investigation or written determination steps described below:

1. A complainant provides written notification of withdrawal of any allegations or of the formal complaint.
2. The respondent is no longer enrolled or employed by the district in a district program or activity.
3. Specific circumstances prevent the district from gathering evidence sufficient to reach a

determination as to the formal complaint or allegations.

Only alleged conduct that occurred in the district's education program or activity, and against a person in the United States, may qualify as Title IX sexual harassment within the district's jurisdiction. If it is determined during the investigation or written determination steps below that none of the allegations, if true, would meet the definition and parameters of Title IX sexual harassment within the district's jurisdiction, the Title IX Coordinator shall dismiss the formal complaint under Title IX. If the matter merits review and possible action under the Code of Student Conduct and other Board policies or 103AG2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations.

Written notification shall be promptly issued to the parties simultaneously of any allegations found not to qualify or that are dismissed in compliance with Title IX. Written notification shall state whether the allegations will continue to be addressed pursuant to the Code of Student Conduct and other Board policies or 103AG2 addressing Discrimination Complaints.

A dismissal may be appealed via the appeal procedures set forth in this administrative guideline.

Consolidation of Title IX Formal Complaints

The district may consolidate formal complaints against more than one (1) respondent, or by more than one (1) complainant against one or more respondents, or by one (1) individual against another individual, where the allegations of sexual harassment arise out of the same facts or circumstances.

GRIEVANCE PROCESS FOR FORMAL COMPLAINTS

Step 1 – Formal Complaint

The district is required to initiate the grievance process for formal complaints when a complainant or the complainant's parent/guardian files a formal complaint. The Title IX Coordinator is also authorized to initiate this process despite a complainant's wishes when actions limited to supportive measures are not a sufficient response to alleged behavior, or when a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is an employee, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. Only the Title IX Coordinator is authorized to initiate the formal complaint process despite a complainant's wishes, but the Title IX Coordinator may consult with the school solicitor and other district officials in making this decision.

The complainant or the Title IX Coordinator shall use the designated section of the Discrimination/Sexual Harassment/ Retaliation Report Form to file or sign a formal complaint.

The Title IX Coordinator shall assess whether the investigation should be conducted by the building principal, another district employee, the Title IX Coordinator, or an attorney and shall promptly assign the investigation to that individual.

The Title IX Coordinator, investigator, decision-maker, or any individual designated to facilitate the informal resolution process, each must have completed the required training for such roles as designated in Board policy and shall not have a conflict of interest or bias for or against an individual complainant or respondent, or for or against complainants or respondents in general.

The respondent shall be presumed not responsible for the alleged conduct until a written determination regarding responsibility has been made at the conclusion of the grievance process for formal complaints.

Notice Requirements -

Upon receipt of a formal complaint, or when the Title IX Coordinator signs a formal complaint to initiate the grievance process for formal complaints, the Title IX Coordinator shall provide written notice to all known parties, and the parents/guardians of known parties where applicable, providing the following information:

1. Notice of the district's grievance process for formal complaints and any informal resolution process that may be available.
2. Notice of the allegations potentially constituting Title IX sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - a. The identity of the parties involved, if known.
 - b. The conduct allegedly constituting sexual harassment.
 - c. The date and location of the alleged incident(s), if known.
3. A statement that a written determination regarding responsibility shall be made at the conclusion of the grievance process for formal complaints and, until that time, the respondent is presumed not responsible for the alleged conduct.
4. Notice that parties may have an advisor of their choice, who may be, but is not required to be, an attorney. The advisor may inspect and review evidence.
5. Notice that Board policy and the district's Code of Student Conduct prohibits knowingly making false statements or knowingly submitting false information to school officials in connection with reports of misconduct or discrimination complaints.
6. Notice to all known parties of any additional allegations that the district decides to investigate during the course of the investigation.

Step 2 – Informal Resolution Process

The informal resolution process shall not be offered or used to facilitate a resolution for any formal complaint where the allegations state that an employee sexually harassed a student.

At any time after a formal complaint has been filed, but prior to reaching a determination of responsibility, if the Title IX Coordinator believes the circumstances are appropriate, the Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process, which does not involve a full investigation and adjudication of the Title IX sexual

harassment complaint.

The district may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal Title IX sexual harassment complaints. Similarly, a district may not require the parties to participate in an informal resolution process.

Informal resolutions can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, restorative practices, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services, or supportive measures.

When offering an informal resolution process, the Title IX Coordinator shall:

1. Provide the parties a written notice disclosing the following:
 - a. The allegations.
 - b. The requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process for formal complaints.
 - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtain the parties' voluntary, written consent to the informal resolution process. As part of the consent process, all parties shall be informed of the rights being waived by agreeing to the informal resolution process and shall acknowledge such agreement in writing.
3. The informal resolution process shall be conducted within ten (10) school days of the parties' signed agreement for the informal resolution process.

If the matter is resolved to the satisfaction of the parties, the district employee facilitating the informal resolution process shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within twenty (20) school days after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies. The Title IX Coordinator shall document the informal resolution process, responses from all parties, and an explanation of why the district's response was not deliberately indifferent to the reported complaint of sexual harassment.

***If Step 2 Informal Resolution Process results in the final resolution of the complaint, the following steps are not applicable.**

Step 3 – Investigation

The designated investigator, if other than the Title IX Coordinator, shall work with the Title IX Coordinator to assess the scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation. The investigation stage shall be

concluded within thirty (30) school days.

When investigating a formal complaint, the investigator shall:

1. Bear the burden of proof and gather evidence and conduct interviews sufficient to reach a written determination. During the process of gathering evidence, unless the district obtains the voluntary, written consent of the party, or the party's parent/guardian when legally required, the district cannot access, consider, disclose or otherwise use a party's records which are protected by legal privilege, such as those records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with providing treatment to the party.
2. Objectively evaluate all available evidence, including inculpatory and exculpatory evidence.
3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

However, the district may request a nondisclosure agreement be signed by the parties and their advisor(s), if any, stating that they will not disseminate or disclose evidence and documents exchanged in the investigation.

5. Provide the parties with the same opportunities to have others present during any interview or other meeting, including an advisor of the party's choice. The district may establish restrictions, applicable to both parties, regarding the extent to which the advisor may participate.
6. Provide written notice to any party whose participation is invited or expected during the investigation process with the following information, in sufficient time for the party to prepare to participate:
 - a. Date.
 - b. Time.
 - c. Location.
 - d. Participants.
 - e. Purpose of all investigative interviews or other meetings.
7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations, including evidence the district does not intend to rely on to reach a determination regarding responsibility and any inculpatory and exculpatory evidence, whether obtained from a party or other source.

If at any point the investigation expands to include additional allegations that were **not** included in the initial notice provided upon initiation of the grievance process for formal complaints, the investigator shall alert the Title IX Coordinator. The Title IX Coordinator shall provide written notice of the new allegations to the known parties.

Prior to the completion of the investigative report, the investigator shall:

1. Send to each party and the party's advisor, if any, the evidence subject to inspection and review in electronic or hard copy format.
2. Provide the parties **at least** ten (10) school days following receipt of the evidence to submit a written response.
3. Consider the written response prior to drafting the investigative report.

The investigator shall draft an investigative report that fairly summarizes relevant evidence and shall provide the investigative report to all parties and to the designated decision-maker.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly inform law enforcement authorities about the allegations and make any additional required reports, in accordance with law, regulations and Board policy.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to request for a delay in fulfilling the district's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation and the reason for such delay shall be documented by the investigator.

In the course of an investigation, it is possible that conduct other than, or in addition to, Title IX sexual harassment may be identified as part of the same incident or set of circumstances, the fact that there may be Title IX sexual harassment involved does not preclude the district from addressing other identified violations of the Code of Student Conduct or Board policy. If such other conduct is being investigated and addressed together with Title IX sexual harassment as part of the Title IX grievance process for formal complaints, disciplinary action normally should not be imposed until the completion of the Title IX grievance process for formal complaints. A decision whether and when to take such action should be made in consultation with the school solicitor.

Step 4 – Written Determination and District Action

Designation of Decision-Maker -

To avoid any conflict of interest or bias, the decision-maker cannot be the same person as the Title IX Coordinator or the investigator. The responsibility as the decision-maker for complaints of Title IX sexual harassment shall generally be designated to the Assistant Superintendent. If the Assistant Superintendent has a conflict of interest or is a party in the formal complaint process, they shall disclose the conflict and the Title IX Coordinator shall designate another individual to serve as the decision-maker.

Written Determination Submissions -

A written determination of responsibility (written determination) must not be finalized less than ten (10) days after the investigator completes the investigative report and provides it to all parties. Before the decision-maker reaches a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that

a party wants to be asked of any party or witness, shall provide each party with the answers, and shall allow for additional, limited follow-up questions from each party.

Relevant questions for a party or witness must be submitted by each party within three (3) school days following receipt of the investigative report. Follow-up questions must be submitted by each party within three (3) school days of being provided the answers to the initial questions.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as part of the follow-up questions and responses, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The decision-maker shall explain to the party proposing the questions about any decision to exclude a question as not relevant.

Written Determination -

The decision-maker must issue a written determination for the conduct alleged in formal complaints. To reach this determination, the decision-maker shall apply the preponderance of the evidence standard, meaning that the party bearing the burden of proof must present evidence which is more credible and convincing than that presented by the other party or which shows that the fact to be proven is more probable than not. In considering evidence, the decision-maker shall ensure credibility determinations are not based on an individual's status as a complainant, respondent, or witness.

After considering all relevant evidence, the decision-maker shall issue a written determination that includes:

1. Identification of the allegations potentially constituting Title IX sexual harassment.
2. A description of the procedural steps taken from the receipt or signing of the formal complaint through the written determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence.
3. Findings of fact supporting the determination.
4. Conclusions regarding the application of the district's Code of Student Conduct or Board policies to the facts.
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. Determination regarding responsibility.
 - b. Disciplinary sanctions.
 - c. Remedies designed to restore or preserve equal access to the district's education program or activity that will be provided by the district to the complainant. Such remedies may be punitive or disciplinary and need not avoid burdening the respondent.
6. The procedures, deadline and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination becomes final either:

1. On the date that the district provides the parties with the written decision of the result of the appeal, if an appeal is filed;
2. Or, if an appeal is not filed, on the date on which an appeal would no longer be considered timely, in accordance with the timeframe established for appeals in this Attachment.

The Title IX Coordinator shall be responsible to ensure that any remedies are implemented by the appropriate district officials and for following up as needed to assess the effectiveness of such remedies. Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and administrative regulations, district procedures, applicable collective bargaining agreements, and state and federal laws and regulations, including specific requirements and provisions for students with disabilities.

Appeal Process

Districts must offer both parties the right to appeal a determination of responsibility and the right to appeal the district's dismissal of a Title IX formal complaint or any allegation in the Title IX formal complaint. The scope of appeals related to Title IX sexual harassment are limited to the following reasons for appeal as stated in the Title IX regulations:

1. A procedural irregularity that affected the outcome of the matter.
2. New evidence that that could affect the outcome was not reasonably available at the time the decision to dismiss or determination of responsibility was made.
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against the individual complainant or respondent or for or against complainants or respondents generally that affected the outcome of the matter.

Written notice of a party's appeal shall be submitted to the Title IX Coordinator within five (5) school days after the date of the written determination. Notice of appeal shall include a brief statement describing the basis for the appeal.

The Title IX Coordinator shall ensure that the designated appeal authority is not the same person as the decision-maker that reached the determination, the investigator, or the Title IX Coordinator. The designated appeal authority shall be the Superintendent.

For all appeals, the designated appeal authority shall:

1. Provide written notice to the other party when notice of an appeal is filed and implement appeal procedures equally for both parties.
2. Provide both parties a reasonable, equal opportunity to submit a written statement in support of or challenging the stated basis for the appeal. Supporting statements shall describe in detail as applicable the procedural irregularities asserted to have affected the outcome of the determination, the nature of any new evidence asserted to have affected the outcome, and the nature of any bias asserted to have affected the outcome, with an explanation of how the outcome was affected by such factors. If evidence exists supporting the basis for appeal, it shall accompany the supporting statement, or it shall identify where such evidence may be found.

Supporting statements must be submitted to the appeal authority and provided to the other party within five (5) school days of the written notice of appeal.

Statements in opposition to the appeal shall be submitted within five (5) school days of the submission of supporting statements. If a statement in opposition to an appeal refers to any evidence beyond what is described in a supporting statement, it shall accompany the statement in opposition, or it shall identify where such evidence may be found.

The appeal authority may accept and consider evidence in support of or in opposition to an appeal in making any conclusions necessary to deciding the appeal. Alternatively, when the appeal authority determines that factors exist making it necessary for the decision-maker to further develop the evidentiary record relevant to the basis for appeal, the appeal authority may return the matter to the decision-maker for that limited purpose.

3. Determine whether the appeal meets the grounds for permitted reasons for appeal and justifies modifying the written determination.
4. Issue a written decision setting forth the respects, if any, in which the written determination is modified and the rationale for the result within twenty (20) school days.
5. Provide the written decision simultaneously to both parties. A copy of the written decision shall also be provided to the Title IX Coordinator.

Recordkeeping

The district shall maintain the following records for a minimum of seven (7) years after conclusion of procedures and implementation of disciplinary sanctions and/or remedies, or in the case of a complainant or respondent who is a minor, until the expiration of the longest statute of limitations for filing a civil suit applicable to any allegation:

1. Each Title IX sexual harassment investigation, including any written determination and any audio or audiovisual recording or transcript, and disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity.
2. Any appeal and the result.
3. Any informal resolution and the result.
4. All materials used to train the Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process.
5. Records of any district actions, including any supportive measures, taken in response to a report or formal complaint of Title IX sexual harassment. In each instance, the district shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If a district does not provide a complainant with supportive measures, then the district must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

Nondiscrimination – Qualified Students with Disabilities (Policy 103.1)

The Board declares it to be the policy of this district to ensure that all district programs and practices are free from discrimination against all qualified students with disabilities. The Board recognizes its responsibility to provide academic and nonacademic educational programs, nonacademic services, and extracurricular activities equally to students with and without disabilities.

The district shall provide to each qualified student with a disability enrolled in the district, without cost to the student or parent/guardian, a free and appropriate public education (FAPE). This includes provision of education and related aids, services, or accommodations which are needed to afford each qualified student with a disability equal opportunity to participate in and obtain the benefits from educational programs and extracurricular activities without discrimination, to the same extent as each student without a disability, consistent with federal and state laws and regulations.

Students and parents/guardians who believe they have been subjected to discrimination or harassment **based on disability** should promptly report such incidents to designated employees.

Complaints of discrimination or harassment **based on disability** shall be investigated promptly, and corrective or preventative action shall be taken for substantiated allegations.

Confidentiality

Confidentiality shall be maintained for all: witnesses; the allegations; the filing of the complaint; and the investigation. Confidentiality will be consistent with the district's legal and investigative obligations.

Retaliation

The district shall not intimidate, threaten, coerce, discriminate, or retaliate against any individual for the purpose of interfering with any right or privilege secured by this policy.

Definitions

Qualified student with a disability - a student who has a physical or mental disability which substantially limits or prohibits participation in or access to an aspect of the district's educational programs, nonacademic services, or extracurricular activities.

Section 504 Team - a group of individuals who are knowledgeable about the student, the meaning of the evaluation data and the placement options for the student. This could include, as appropriate, documentation or input from classroom teachers, counselors, psychologists, school nurses, outside care providers, and the student's parents/guardians.

Section 504 Service Agreement (Service Agreement) - an individualized plan for a qualified student with a disability which sets forth the specific related aids, services, or accommodations needed by the student, which shall be implemented in school, in transit to and from school,

and in all district programs and procedures, so that the student has equal access to the benefits of the district's educational programs, nonacademic services, and extracurricular activities.

Disability discrimination shall mean to treat individuals differently, or to harass or victimize based on a handicap/disability

Disability harassment is a form of discrimination based on a handicap/disability, consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance and when such conduct is:

1. Sufficiently severe, persistent, or pervasive; and
2. A reasonable person in the complainant's position would find that it creates an intimidating, threatening or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities or opportunities offered by a school.

Delegation of Responsibility

In order to maintain a program of nondiscrimination practices that is in compliance with applicable law and regulations, the Board designates the Director of Human Resources or designee as the district's Section 504 Coordinator.

In addition, each school within the district shall have a Section 504 building administrator.

The district shall publish and disseminate this policy and complaint procedure on or before the first day of each school year by posting it on the district's website, if available, and in the student handbook. The district shall notify parents/guardians of students residing in the district of the district's responsibilities under applicable law and regulations, and that the district does not discriminate against qualified individuals with disabilities.

See Policy 103.1 AG1, Nondiscrimination-Qualified Students with Disabilities Guidelines, for more details.

Nondiscrimination - Qualified Students with Disabilities Guidelines (103.1AG1)

Identification and Evaluation

The district shall annually undertake to locate and identify every district student with a disability thought to be eligible for Section 504 services and protections. The district may combine this search with the district's IDEA child find efforts, in order to not duplicate efforts.

If a parent/guardian or the district has reason to believe that a student should be identified as a qualified student with a disability, should no longer be identified as a qualified student with a disability, or requires a change in or modification of the student's current Service Agreement,

the parent/guardian or the district shall provide the other party with written notice.

The district shall establish standards and procedures for initial evaluations and periodic re-evaluations of students who need or are believed to need related services because of a disability.

The district shall specifically identify the procedures and types of tests used to evaluate a student and provide the parent/guardian the opportunity to give or withhold consent to the proposed evaluation(s) in writing.

The district shall establish procedures for evaluation and placement that assure tests and other evaluation materials:

1. Have been validated for the specific purpose for which they are used and are administered by trained personnel.
2. Are tailored to assess educational need and are not merely those which are designed to provide a single IQ score.
3. Reflect aptitude or achievement or anything else the tests purport to measure and do not reflect the student's impaired sensory, manual, or speaking skills (except where those skills are what is being measured).

Service Agreement

If a student is determined to be a qualified student with a disability, the district shall develop a written Service Agreement for the delivery of all appropriate aids, services, or accommodations necessary to provide the student with FAPE.

The district shall not implement a Service Agreement until the written agreement is executed by a representative of the district and a parent/guardian.

The district shall not modify or terminate a student's current Service Agreement without the parent's/guardian's written consent.

Educational Programs/Nonacademic Services/Extracurricular Activities

The district shall educate a qualified student with a disability with students who are not disabled to the maximum extent appropriate to the needs of the student with a disability. A qualified student with a disability shall be removed from the regular educational environment only when the district determines that educating the student in the regular educational environment with the use of related aids, services, or accommodations cannot be achieved satisfactorily. Placement in a setting other than the regular educational environment shall take into account the proximity of the alternative setting to the student's home.

The district shall not discriminate against any qualified student with a disability in its provision of nonacademic services and extracurricular activities, including but not limited to, counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the district, and referrals to agencies which provide assistance to individuals with disabilities.

Parental Involvement

Parents/Guardians have the right to inspect and review all relevant school records of the student, meet with the appropriate school officials to discuss any and all issues relevant to the evaluation and accommodations of their child, and give or withhold their written consent to the evaluation and/or the provision of services.

PROCEDURAL SAFEGUARDS

The district shall establish and implement a system of procedural safeguards that includes notice of rights to the parent/guardian of a student suspected of being a qualified student with a disability, an opportunity for the parent/guardian to review relevant records, an impartial hearing with an opportunity for participation by the student's parent/guardian, and a review procedure.

A student or parent/guardian filing a claim of discrimination need not exhaust these procedures prior to initiating court action under Section 504.

Parental Request for Assistance

Parents/Guardians may file a written request for assistance with the Pennsylvania Department of Education (PDE) if one (1) or both of the following apply:

1. The district is not providing the related aids, services and accommodations specified in the student's Service Agreement.
2. The district has failed to comply with the procedures and state regulations.

PDE shall investigate and respond to requests for assistance and, unless exceptional circumstances exist, shall, within sixty (60) calendar days of receipt of the request, send to the parents/guardians and district a written response to the request. The response to the parents'/guardians' request shall be in the parents'/guardians' native language or mode of communication.

Informal Conference

At any time, parents/guardians may file a written request with the district for an informal conference with respect to the identification or evaluation of a student, or the student's need for related aids, services, or accommodations. Within ten (10) school days of receipt of the request, the district shall convene an informal conference. At the conference, every effort shall be made to reach an amicable agreement.

Formal Due Process Hearing

If the matters raised by the district or parents/guardians are not resolved at the informal conference, the district or parents/guardians may submit a written request for an impartial due process hearing. The hearing shall be held before an impartial hearing officer and shall be conducted in accordance with state regulations.

Judicial Appeals

The decision of the impartial hearing officer may be appealed to a court of competent jurisdiction.

COMPLAINT PROCEDURE

Complaints regarding discrimination or harassment based on disability shall be handled in accordance with Policy 103 and 103AG2. The complaint form is available at 103AG1.

Notice of Important Rights Concerning the Maintenance, Access to and Amendment and Disclosure of Education Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the district receives a request for access.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. In addition, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Additional information about these rights is found in Board Policy 216 which is set forth below.

Student Records (Policy 216)

The Board recognizes its responsibility for the collection, retention, disclosure, and protection of student records. The Board also recognizes the legal requirement to maintain the confidentiality of student records and prohibits the unauthorized access, reproduction, and/or disclosure of student education records and personally identifiable information from such records.

The Board shall adopt a comprehensive student records plan for the collection, maintenance, and dissemination of student education records, which complies with federal and state laws and regulations, and state guidelines. Copies of the adopted student records plan shall be maintained by the district and revised as required by changes in federal or state law and regulations.

Copies of the student records plan shall be submitted to the Pennsylvania Department of Education upon request.

Guidelines

The district's plan for the collection, retention, disclosure, and protection of student records shall provide for the following:

1. Safeguards to protect the student records when collecting, retaining, and disclosing personally identifiable information.
2. Ensuring that parents and eligible students, including those who are disabled or have a primary language other than English, are effectively notified of their rights and the procedures to implement those rights, annually and upon enrollment.
3. Procedures for the inspection, review, and copying of a student's education records by parents and eligible students.

10. Ensuring appropriate review, retention, disposal, and protection of student records.
11. Transferring education records and appropriate disciplinary records to other school districts.

Missing Child Registration

A missing child notification shall be placed on school records of a student under the age of eighteen (18) reported as missing to school officials by law enforcement agency. Such notations shall be removed when the district is notified by the appropriate law enforcement agency the missing student has been recovered.

In the event the district receives a request for information from the school records of a missing student, the district shall:

Family Educational Records Privacy Act (FERPA) Directory Information (216AG1)

The purpose of the Family Educational Rights and Privacy Act ("FERPA") is to protect the privacy of student records. The law also assures that educational records, which are vital to the appropriate education of a student, are accessible to the school professionals working with

that student. Detailed information on FERPA may be found in the Student Records portion of the district's Discipline & Records Policy distributed to parents via the Back to School portal at the start of each school year.

FERPA requires the District, with certain exceptions, to obtain your written consent prior to the disclosure of personally identifiable information from your student's education records. However, the District may disclose "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include information from your student's education records in certain school publications. Examples include but are not limited to: playbills or programs for an activity or sport; the yearbook; honor roll or other recognition lists; graduation programs; sports activity sheets or programs, showing weight and height of team members; school directories; and images of students involved in school activities in District publications, web sites, and social media.

Directory information can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings, publish yearbooks or publishing directories such as the Who's Who in American High School Students; PTO/HSA directories; athletic leagues and local media representatives for student involved in school activities.

The District has designated the following information as directory information: Student's name, address, telephone listing, electronic mail address, parent telephone number, parent electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status, participation in officially recognized school activities and sports, weight and height of members of athletic teams, degrees, honors, and awards received, the most recent educational agency or institution attended, and student ID number, user ID, or other unique personal identifier used to communicate in electronic systems or displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

If you do not want the District to disclose directory information, you must inform your student's principal in writing. Please be aware, if you indicate that you "**do not**" grant permission for directory information to be released, your student's name and/or image will not appear in the school's yearbook or any published school or classroom directory. Should your student be involved in athletics, theatrical or musical productions, or other school-related activities that receive media coverage, your student's name and picture will not be published.

In the event no written notice is received, the District will assume that you have given permission to release your student's directory information. If during the course of the school year you desire to change your election regarding directory information, you must notify your student's building principal in writing.
