# The Problem

- Housing Market has improved developers are trying to meet demands for homes in parts of Chester County WCASD is in the middle of that.
- *New approved housing units* have doubled in the last 18 months We anticipated 1469 over a five year period. It has now increased to nearly 2,798.
- New homes can be built on 90-100 days It takes nearly 3 years to build a school, or classroom addition.
- WCASD has been adding classrooms the past five years We may need to accelerate the process.
- *Tax limits* The school district must work within the taxing limits established under Act 1.
