

# **Professional Learning Communities – High School Delayed Openings**

**2018-2019**

The WCASD will continue to dedicate time for teachers to work within our Professional Learning Communities (PLCs) within the school day, providing additional meeting time in the form of student late arrivals. The dates of these two-hour late arrivals are listed on the bottom of the email as well as on the HHS website.

The PLC initiative is designed to team teachers so that they can collaborate on developing classroom assessments and instruction that will improve teaching and learning. Teachers will not only have the time to develop these assessments, but also time to share results and discuss common successes and challenges so that they may continue to improve the classroom experience for our students. We see this as an extremely valuable use of this extra time that will ultimately serve our students well, which is always our primary goal.

On these scheduled dates, students are not required to report to school until 9:30 am, when homeroom will begin. Transportation will only be provided at the REGULAR time for students who can't secure transportation for the 9:30 am arrival. Any student who needs to report at the regular time must report to the Cafeteria. The library and achievement center will be available during this time.
