Independence

Your Independence Blue Cross (IBX) Medical Plan covers annual flu shots at 100% when you are visiting an in network provider. You have several options of where to go to get this year's flu vaccine.

- ✓ Visit your in network Primary Care Provider
- ✓ Visit an in network retail pharmacy (ex. CVS Minute Clinic, Rite Aid RediClinic)*
- ✓ Visit a vaccination clinic (organized by your local health department or the district)

**Please note that not all retail clinics are in network with IBX. In order to receive a flu shot covered at 100%, you must visit an in network provider. To find or confirm an in network provider, visit the IBX portal or call the member phone number listed on the back of your ID card. If you visit a non participating provider, please utilize the Flu Shot Reimbursement Form to obtain reimbursement up to \$50. For a copy of the reimbursement form, visit ibx.com/flu*
