

# SUMMER Learning

for  
**6-12**

We are excited to be offering more summer programs than in past years. Our menu of learning options for students is described below. All theme-based, preview, and high school recovery courses are offered **FREE** of charge. (There is a fee for original credit courses.)

Visit our Grade 6-12 Summer Learning website for details: [www.wcasd.net/6-12summer](http://www.wcasd.net/6-12summer)

## 1. Theme-Based Summer Learning Programs

These free programs are mostly *in-person* learning experiences created and offered by our teachers. In order to afford flexibility for students and teachers, the schedules vary based upon the teacher proposals. In order to afford flexibility for students, the schedules do vary over the course of 5 weeks.

View [Theme-Based Courses](#) and [Register](#) online.

## 2. Preview Learning Courses

These *online, asynchronous* courses offered in ELA, Math, Science, and World Language will be scheduled in either the morning or the afternoon (M-R). These courses will review the prior year's standards and skills while providing students with an introduction to the next course in the sequence. For example, we will offer a Preview Learning Course for Algebra 1. Students will review skills from pre-Algebra while also being introduced to early concepts of Algebra 1. These courses are intended to solidify skills in preparation for the next course in the sequence. In addition to online instruction, **teachers will be available in-person and/or Zoom tutoring.**

## 3. High School Recovery Credit Courses

These *online, asynchronous* ELA, Math, Science, and Social Studies courses will be offered through Educere for students who failed a core class during the school year. These courses are self-paced but supported through our Summer School Learning Team located at East High School. All assessments may be completed online. As students register for these courses at the end of the school year, we will communicate more detailed information about the supports.

## 4. Original Credit Courses

The district will offer students the opportunity to earn original credit in the following courses. Learning will be a combination of *in-person and online* instruction according to the schedule for each course.

**Original Credit Blended Courses** run from Wednesday, June 23 to Thursday, August 5. Students will meet in-person every Tuesday 8:30-11:30 am

- Geometry
- Introduction to Computer Programming

**Original Credit Courses** run online only from Monday, June 28 to Thursday, July 29

- Health Fitness 9
- Health 10
- Government (CCP)
