March 17, 2020

Dear Henderson Families:

First and foremost we hope that your family is happy, safe and healthy. The situation with the COVID-19 outbreak is changing by the day, but we want to remind you we are here to help. Henderson school counselors are here to support students in several ways including:

- College planning
- Course selection and course planning
- Additional support or questions such as stress management

We will be providing this support virtually through several ways. Students may make appointments with their counselor through Calendly or email. These meetings can be held through Zoom using video feed or just audio. Counselors will provide zoom links via email or Calendly. Students and parents may also continue to email questions/concerns to counselors. Resources and updated communication will be added via Naviance and the counseling website. Counselors may individually reach out to students via email regarding support and activities to complete for their state required individualized career and college portfolio. Please encourage your students to check their school email daily.

We will all continue to work hard in supporting your children and you as we move through this difficult time. Questions regarding instruction, specific assignments, and/or grades should be directed to your student's teachers.

Additionally, we encourage parents to limit their child's exposure to the media and to follow the guidelines set forth by the CDC and limit contact with others as much as possible.

Please contact us with any concerns as go through difficult and fluid situation together. Stay safe!

Sincerely,

HHS Counseling Department

(Please see 2<sup>nd</sup> page for resources links and scheduling information)
