We at East High School encourage the students to get involved in extra-curricular activities. Being involved allows students to feel connected to their high school, make new friends, and develop networks with other students in areas that they enjoy.

Research shows that students involved with-in their school have higher academic results because they are required to keep their grades up to participate in any extra-curricular activity.

All extra-curricular activities are listed on the students' transcripts. Universities look for the students who have participated in a variety of activities throughout their lives.

**All students trying out for a sport must have a P.I.A.A. Physical completed after June 1st. All physicals expire on May 31st.** ASC urgent Care will do physicals for West Chester East students. We set these up in early June and ASC comes to East for the day. These physicals cost about \$30.00.

The physical packet can be downloaded from the East High webpage under Athletics.

**ALL PIAA Physicals must be entered into FamilyID one week prior to the start of the season.**

The following is a list of seasonal start dates for the **2020-21 school year:**

**FALL** Season — Monday, August 17, 2020

**WINTER** Season — Friday, November 20, 2020

**SPRING** Season — Monday, March 8, 2021
