INTRODUCTION

It is the goal of the School Board to attract persons for its Management Team who will perform at a level which would place them in the top twenty percent of the Administrators employed countywide; and to pay its managerial employees (herein “Administrators”) in a manner which reflects their administrator performance.

The Compensation Plan shall provide uniform and impartial treatment within the District.

The Board has set the levels of responsibility for each position; established salary differentiation between each level of responsibility beginning with the Superintendent as the chief executive and established salary ranges for each level of responsibility.

Salaries shall be based on daily performance and the achievement of yearly objectives.

- A. **Meet and Discuss Procedures** -The West Chester Area School District Board of School Directors agree to meet and discuss with a representative group of the Management Team to develop and implement a written compensation plan pursuant to the conditions outlined in Act 93, “Compensation Plan of School Administrators.” It is understood that the written plan provisions may not be changed during the term of the plan except by mutual agreement that is signed by the West Chester Administrators’ Act 93 Representative(s), unless the plan is required to be modified pursuant to law.
- B. **Term of Compensation Plan** - This plan is effective July 1, 2019 and shall continue until June 30, 2023.
- C. **Administrators Covered by the Plan** - This plan covers all members of the West Chester Area School District Management Team except those specifically not covered as a “*School Administrator*” pursuant to Pa. STAT. ANN. Tit. 24 Section 11-1164(a).

SALARY PLAN

- A. A salary range for each administrative position covered by the Plan has been established. The 2019-20 salary range is attached as Appendix A and shall serve as the basis for the Salary Plan administered as outlined in B through G below.
- B. The salary range shall be adjusted in July 2021 for determining salary minimums and maximums for each position during the 2021-22 school year by increasing the minimum and maximum salary by the base Act 1 index for the respective school year.
- C. **Performance Base Salary Increase:** Base Salary Increase shall be effective on July 1st of each year. The annual amount to be awarded for base salary increases shall be determined by multiplying the total base salaries of active Administrators on July 1st by the base Act 1 index for the respective school year. The base salary increase for each Administrator shall be determined by the total points earned as a percentage of total maximum points based on performance in Part 1 of the Administration Evaluation Instrument (See Appendix B). If the Administrator’s base salary exceeds the salary maximum, the amount of the base salary increase exceeding the maximum shall be added to the Administrator’s merit bonus in Section D of this agreement.

- D. Performance Goals Merit Bonus: In each year of this plan, each Administrator shall be eligible to receive a merit pay bonus above and beyond base salary increases outlined in Section C above. The performance goals merit bonus shall not be cumulative and shall be paid independently for each contract year. The amount of money available for merit performance pay bonuses shall be determined by multiplying the base Act 1 index by the base salaries of the active Administrators at July 1st. Performance goals shall be established by the Superintendent or his/her designee. The annual performance goal merit bonus for each Administrator shall be determined by the total points earned as a percentage of total maximum points based on performance in Part 2 of the Administration Evaluation Instrument (See Appendix C).
- E. It is the intent of the Salary Plan for fully competent, experienced Administrator's base salary to be at the target salary of the salary range after four full years of proficient experience in the position utilizing the following benchmarks: Administrator new to the position earns eighty-five percent of target salary; year two, eighty-eight and three-quarter percent of target salary; year three, ninety-two and one-half percent of mid-point; year four, ninety-six and one-quarter percent of target salary; and year five, one hundred percent of target salary. The target salary shall be determined as 93% of the maximum salary for each position as exhibited in Appendix A. The Superintendent shall determine initial placement percentage to target salary in consideration of administrative experience and market conditions.
- A change in an Administrator's percentage to target salary is conditioned upon the Administrator's performance. Failing/unsatisfactory performance in a given year freezes adjustment to target salary for that year and may reduce future year progress to target salary. Performance that is designated as "needs improvement" may also reduce the adjustment as determined by the Superintendent.
- F. A position's target salary may be lowered by the Superintendent if position responsibilities are changed. In this case, the Administrator's salary will remain frozen until such time as their current salary matches the new target salary for the position.
- G. A one-time bonus payment of \$2,500, less legally required withholdings, that will not be included in the Administrator's salary for future increases, will be made to any Administrator achieving a Doctorate Degree after July 1, 2016 with specific stipulations requiring the Doctorate Degree be part of a fully accredited program, and not be through an On-Line Doctoral Program.
